*To the Honorable the Legislative Assembly of Canada in Parliament Assembled:*

The petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth:

That your petitioners are of opinion that great benefits would result to the poor and industrious labourer and mechanic, and in many instances to the bereaved widows and children of such, by having the homesteads of families exempt from sale for any debts; and believing that no reasonable objections can be raised to passing such a law, protecting the homesteads of the poor man from debts contracted after the passing of such a Bill, and believing it has not the tendency to make an honest man dishonest, but that it would tend to protect in many instances the unoffending parties who have toiled hard for years to improve a little spot where in declining years they may enjoy the blessings of this life; but who, from some unforseen circumstance (accommodating a friend or otherwise), have been deprived of all, and left homeless wanderers with hopes and prospects blighted, and the little all they possessed in this world consumed in law expenses.

Your petitioners believing it would tend to promote the prosperity of this country to protect the homestead of families, respectfully and earnestly pray your Honorable House to pass a Bill as in your wisdom may see fit, protecting the homesteads of the poor from sale from any debts contracted after the passing of said Bill.

And your petitioners, as in duty bound, will ever pray.

## 1st *Report of the Commissioners of County Property on the several Works, &c., done in and about the Gaol and Court House.*

To the Council of the United Counties of York and Peel.

The Commissioners of County property respectfully report to the Counties Council on the various matters submitted to their attention since the last meeting of the Council, as follows, viz.

In reference to the additions made to the Court House. The commissioners in pursuance of the provisions of By-law No. 78, advertised for tenders for the execution of the work according to the plans and specifications prepared by Joseph Sheard, Esq., Architect. Several tenders were received, the lowest of which was by Mr. G. Burrows, who proposed to erect and complete the whole for the sum of $1825, but this sum exceeded the amount limited by the By-law, consequently your commissioners had the plans revised, and after mature deliberation entered into contract with Mr. G. Burrows for the sum of $1485; and finding that a safe could be erected in connection with the one required for the Surrogate Court, at about one half the expense it would otherwise cost, and such being much needed for the use of the Council and County Clerk's Office, your commissioners contracted for an additional safe for the sum of $170. It was found necessary also to cause some other extra work to be done, namely, an additional window in the Sheriff's outer office, also an additional window in the office of the Clerk of the County Court, with a view to save the expense of burning gas in those offices, which was absolutely necessary during some of the dark days of winter. Also, the cleansing and whitewashing of the walls and ceilings of the staircases and halls, together with several other smaller jobs.

Your commissioners are happy to report that all the work contracted for, together with the extras, has been done to their satisfaction, as well as to the satisfaction of the Architect, Mr. Joseph Sheard, who was employed to superintend the same.

The extra work done by the contractor amounts to the sum of $109.20, and the per centage of the architect to the sum of $70.56. The bills for several other minor extras are more particularly set forth in the Schedule to this report, and the tenders and other documents are herewith submitted for the inspection of the Council.

The sum restricted by the By-law, $1600, has been paid (except a small amount) by the Treasurer, on certificate of the superintendent of the work. And the commissioners have the pleasure to inform the Council that the alterations and additions fully answer the purposes contemplated.

The commissioners by virtue of the duties imposed upon the Council by the Municipal Act, caused advertisements to be put out for tenders to supply the Gaol with bread. The lowest tenders were accepted as follows:

| | | | | |
|---|---|---|---|---|
| For the quarter ending 1st October last..... | .....12¾ | cts. | the 4 lb. | loaf. |
| " " " 31st December last..... | 8 | " | " | " |
| " " " 1st April, 1860..... | 9 | " | " | " |

The commissioners have also sanctioned several requisitions submitted to them by the Governor of the Gaol, and approved by the Sheriff for the supply of certain numbers of articles for the use of the prisoners. These items involve a considerable outlay, and the requisitions are herewith submitted for the inspection of the Council.

In pursuance of the authority vested in the commissioners by a resolution of the Council, they gave orders upon the Treasurer for the payment of Mr. McGann, the master of the Institution for the education of deaf and dumb mutes, the sum of $101.70, for the board of Bernard Carley, and to Mrs. Hudson the sum of $81.70 for board of Isabel Hambly, two deaf and dumb mutes, the children of indigent parents.

Pursuant to instructions given by the Council, the commissioners employed Mr. J. S. Dennis, a Deputy Provincial Surveyor, to define the limits of the Gaol lands, and put up

suitable monuments. The fences, where necessary, have been erected, which, together with the levelling and filling, have been done by the labour of the prisoners.

In reference, also, to certain repairs required by the Registrar of the County of Peel to be done in and about the office at Brampton, two of the commissioners have inspected the building, and they are of opinion that something should be effected with a view to the safe keeping of the public records; but in consequence of some difficulties raised by the Registrar, nothing has been done.

At the request of the Clerk of the Peace, and Clerk of the County Court, the commissioners directed that their offices should be coloured and the ceilings washed, which have been done.

The commissioners also report that on the 31st October last, a notice was served upon the Clerk by the City Surveyor, to the effect that the City of Toronto claimed under and by virtue of a By-law the sum of $12,547.10 for constructing, filling, &c., that part of the Esplanade crossing the water lot in rear of the Gaol, unless appealed against, within one month from the date of the service. Your commissioners, after considering the matter, and after one of them had attended several meetings of the Lessees of the water lots, requested Mr. Scott to prepare a notice of appeal, which was served upon the Clerk of the City Council.

The commissioners directed the Clerk to procure three copies of the Consolidated Statutes of Canada, and three copies of ditto of Upper Canada, and six copies of the Municipal Corporations' Act in a separate form, for the use of the Counties Council.

In pursuance also of a recommendation of the Finance Committee, and with a view to economy, your commissioners received tenders for the supply of the different kinds of stationery, &c., required by the courts and the several County officers, and they directed the Clerk to obtain a supply, and give it out when required to the said several County offices.

At the request of the County Judge, Clerk of the County Court, and Sheriff on behalf of the Judge of Assize, the commissioners directed coal grates to be procured, and a supply of coals for the use of the said offices.

The commissioners also inform the Council that a Tax Bill has been left with the clerk assessing the Council under a By-law of the City for an annual rate of $22.10 for sewerage in front of Court House.

The commissioners submit herewith the several accounts and particulars of charges for work, labour and materials done and found in and about the Gaol and Court House for the usual necessary repairs and more particularly set forth in the Schedule hereto annexed; they have carefully examined the same, and recommend that the Treasurer be authorised to pay the several amounts to the parties in said Schedule named.

All which is respectfully submitted.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing, to whom was referred the communication of Maclear and Co., James Bain, and Messrs. Thompson and Co., tendering for furnishing blank forms for assessment and Collectors' Rolls and Notices for the present year, beg leave to report as follows:

Your Committee do therefore recommend, that notice be forthwith given to Messrs. *Second Report of the Standing Committee on Printing, in reference to the Minutes, By-laws, &c.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report:

That they have had under their consideration the printing of the Minutes, By-laws, &c., for distribution in the United Counties of York and Peel; and your Committee are of opinion that a similar number to those sent last year, for villages and townships sending only a reeve, will be sufficient.

Your Committee would therefore recommend that the Clerk do in the usual way apply for tenders for printing a sufficient number of Minutes, By-laws, Reports, &c., with colored paper covers, for the United Counties of York and Peel; without the condition of having to accept the lowest tender, unless he considers the party in every way competent to fulfil the contract: and distribute them as follows:

One copy to each Warden in the outer counties; one copy to each qualified Magistrate in the United Counties of York and Peel; and one to each Clerk and Treasurer in the several municipalities; and ten copies to each Councilman, in villages and townships sending a reeve; and twenty copies to each Councilman in townships sending a reeve and deputy reeve to this Council: and also that the Clerk shall estimate the number that will be sufficient for such distribution.

And your Committee would further recommend that the Clerk of this Council would, according to the instructions of the reeve of each municipality in these United Counties, forward, as soon as may be convenient, the said number of copies of Minutes, By-laws, &c., provided for each municipality, as the reeve of each municipality may direct, at the expense of said municipality: and also that the Clerk be authorized to get any other printing done for the use of the Council which may be considered necessary by the Warden. And that the Treasurer be authorized to pay the same, on certificate of the Warden or Clerk. And further, that the Treasurer be, and he is hereby, authorized and required to pay to Messrs. Thompson & Co., the amount agreed upon for furnishing blank assessment and collectors rolls and notices, as set forth in the schedule to the first report of the Standing Committee on Printing; provided said rolls, &c., are equal to the specimen sheets; after the said claim shall have been checked by the Clerk and passed by the County Auditors.

All which is respectfully submitted,

(Signed,) J. P. WHEELER,
*Chairman.*

[ADOPTED.]

*First Report of Committee on County Property and Gaol management on the state of Gaol, Dietary of the Prisoners, &c.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on County property and Gaol management beg leave to present their first report, as follows:

Your committee submit herewith papers and statements on matters connected with the Gaol, viz.:—1st. A communication addressed to the Warden from the Board of Inspectors of Asylums and Prisons, &c.

2nd. A statement from the Governor of the Gaol, shewing the number of prisoners committed to the Gaol during the year 1859, together with a list of the offences with which they were charged.

3rd. An account of Moses Wilson for lumber and cedar posts furnished for fencing the reclaimed ground between the Gaol and the Grand Trunk Railroad.

4th. A further communication from the Governor of the Gaol, with a statement shewing the number of times each prisoner was committed during the year 1859, and requesting the attention of your committee to the leaky state of the roof of the Gaol, and also that the passages in the reception Hall require to be sheeted again with zinc.

Your Committee proceed to notice the above in the order in which they were received.

With respect to the circular from the Board of Inspectors of Asylums, Prisons, &c., your committee would recommend that the commissioners to be appointed by this Council to take charge of the County property, &c., during the recess, shall be a special committee to confer with the Board of Inspectors of Asylums, Prisons, &c., under the provisions of the 22 Vic. cap. 110 of the Consolidated Statutes of Canada.

With reference to the statistical statement from the Governor of the Gaol, and in connection with it, your committee may notice in the first place, that accompanied by several members of the Council, they visited the Gaol, which they found in a very cleanly and proper state. The internal arrangements, notwithstanding all that has been said and recommended by the Judges, Juries, and by the Council of these Counties, remain as heretofore.

In comparing the present statistical statement with that of last year, your committee notice that the total number of prisoners committed during the year 1859 exceeded by 144 the number committed the previous year, and that the *decrease* in the number of intemperates committed, as compared with the year 1858, is 27. The number of County prisoners committed during the past year was 93, shewing a decrease of eight as compared with the year previous. Your committee in view of the number of those re-committed, (statement No. 4 shewing that 280 prisoners have been committed more than once, and many several times,) are induced to believe that the present system of management at the Gaol has the effect of *encouraging* rather than of *discouraging* the committal of small crimes and offences, and that the Gaol instead of being, as it is intended, and as it ought to be, a place to be avoided, is rather an abode that is sought after; and as the passport to the Gaol is crime, the Gaol may be said to hold out inducements to commit crime. To correct this your committee suggest that a less liberal diet (except in the case of any sick prisoner) should be provided. That is to say, that from and after the 10th day of February, inst., the following shall be the scale of dietary for all prisoners committed to the Gaol of the United Counties for any offence whatever, viz.:—For breakfast one pint of thick oatmeal porridge; for dinner one pound of bread made from No. 1 flour; for supper one pint of thick Indian meal porridge. And that neither milk, sugar, molasses, nor any condiment be allowed, but as much water and salt as the prisoners require be given to them. And that a copy of the foregoing table of dietary for the Gaol, signed, "By order of the Council," be hung up in each cell.

Your committee would also remark, that seeing that many who have to pay the taxes to maintain the prisoners are really less comfortably cared for, and frequently worse fed than the prisoners are at present, they are induced to recommend curtailing the comforts of the prisoners to accord with the means of very many industrious honest people who are compelled to provide for them, and who in many cases, in order to pay their taxes, are forced to dispose of their property at a sacrifice, and themselves and families to do without common necessaries.

Your committee, as pertaining to what has been hereinbefore stated, desire to bring under the notice of the Council that two resolutions, having for their object the adoption of some course in reference to the management of the Gaol, to make it as far as practicable self-sustaining, were passed by the Council of the year 1857 at its first meeting, and have, your committee believe, never been acted on. Your committee, therefore, recommend that the subject referred to in said resolutions be taken up by the Council at its present meeting.

With respect to the account of Moses Wilson

for cedar posts and lumber furnished to fence in a portion of the Gaol grounds, your committee recommend that the posts be paid for at the rate of one dollar each, and the lumber at the rate of nine dollars per thousand feet.

Your committee finding that many articles, such as oatmeal, soap, leather, shirting, and others necessary to the Gaol and its inmates, are now purchased by the Governor of the Gaol and paid for on certificate of the Sheriff by the Treasurer of these Counties, respectfully suggest that all things required for the use of the Gaol, and that have to be provided by this Council, be purchased by the commissioners of County property by advertising for tenders for supplying the articles needed in the same manner as is now done at the Asylum, and other large institutions.

With respect to that part of the communication from the Governor of the Gaol relating to the leaky state of part of the roof of the Gaol, and the covering with sheet zinc the passages in the reception hall, your committee recommend that all needful repairs to the Gaol, and other County buildings, should be done under and by order of the commissioners in charge of the County property.

All which is respectfully submitted.

*Second Report of Committee on County Property, Jail Management, Repairs required in Court House, State of the Building, &c.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on County property and Gaol management, beg leave to present their second Report as follows:

That your Committee having taken into consideration the resolution passed by the Council on the expediency of substituting coal for wood as fuel for the Court House, cannot recommend the change at present. It may, however, so soon as any of the furnaces require very extensive repairs be worth the trial.

Your Committee have carefully inspected the Court House, with its several rooms and offices, and from the appearance of the ceilings of some the rooms, they notice that a considerable portion of the roof of the Court House requires to be repaired as soon as the proper season arrives. With regard to the Court rooms and the rooms used in connection therewith, your Committee may remark that they are in a very filthy state, that the walls require whitewashing, and some of them slight repairs,—the Court Rooms particularly need a thorough cleansing.

Your Committee submit, also, that the rooms forming the wings to the Court House, erected during the past year under provisions of By-law, No. 78, are not well finished, the plastering and some of the carpenters' work are not done in a workmanlike manner.

Your Committee recommend that the safe in Mr. McKenzie's office should be enlarged and repaired forthwith, and further state, that it is desirable for the purposes of ventilation, that a small window with an iron shutter, be introduced in one of the walls forming the safe. Your Committee suggest that the lower room in the west wing of the Court House be appropriated to the use and occupation of the Registrar of the Surrogate Court.

With respect to the application of Mr. G. D. James for renting the room lately used by the Recorder, your Committee recommend that the Commissioners on County property treat with Mr. James.

An application from the County Attorney

for increased office room was also laid before your Committee, your Committee recommend that Mr. Dempsey's application be granted.

Two accounts were handed to your Committee, one from J. Ritchie, gas-fitter, for altering, &c., gas fittings in the Sheriff's office: this account is certified to, by the Sheriff, and stated by him to be required in consequence of the recent alterations; the amount of Ritchie's account is $9 17; which your Committee recommend to be paid.

The other account referred to above, is from G. W. Warren for stove and furniture for the Sheriff's office. Your Committee on referring to the statutes, find it is obligatory on the Council to pay the account, and therefore advise the payment of it amounting to $14 25.

Your Committee recommend that the iron gates formerly in use at the east and west ends of the Court House, be either sold, or used to prevent nuisances being committed in the corners in front of the Court House. Your Committee examined the furnaces in the basement of the Court House, but not in so thorough a manner as they could have wished, in consequence of their being in use at the time, they may, however, remark, that the furnace that heats the northerly part of the building, is in good order, not being so much used as the others. The two heating the easterly and westerly portions of the Court House, appear in very bad order, the iron portion of them, being much burned away; the furnace in the west corner needs repair, and some of the pipes that convey the heat are out of order.

Your Committee also recommend that the Warden be instructed to communicate with the Governor in Council, for the purpose of procuring the patent for the site of the jail and jail grounds.

Your committee recommend further that three commissioners of County property be appointed for the year 1860, whose duty it shall be to take charge of the County Buildings and their appendages, to superintend any repairs and improvements they may deem necessary for the preservation of the said buildings and appurtenances, or for their more proper use and convenience, the necessity for which may arise during the recess of this Council, and that they be authorized and empowered to rent or lease any rooms or offices in the Court House, and to fix the amount of rent to be paid by the occupants of the same for one year, or any less term, and shall have full authority to make all contracts required for the advantage of the County, in providing supplies for the use of the Jail and Court House, and perform all other duties properly belonging to, or required to be done, by this Council during the recess: and if it be found necessary to take legal proceedings to secure payment for that portion of the water lot in rear of the Jail, which is now occupied by the Grand Trunk Railway Company; and, also, to recover any sums due by the city for the maintenance of city prisoners, and to report to this Council at every meeting, their proceedings up to the date of said report, and that the Warden, Messrs. Wadsworth and Scott, be such Commissioners.

All of which is respectfully submitted.

*First Report of the Committee on Education on the various matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education have carefully examined the following documents, and beg leave to report as follows:—

Your committee have had under consideration the following Petitions, &c. &c.

1st. A statement of incidental expenses incurred by the Circuit Board of Public Instruction in the County of York for the year ending

the 31st December, 1859, amounting to $110 09½.

2nd. A statement of incidental expenses incurred by the Circuit Board of Public Instruction in the County of Peel for the year ending 31st December, 1859, amounting to $50 41.

3rd. Circular from the Chief Superintendent of Schools in reference to Prison Libraries.

4th. Communication from the Rev. John Laing, tendering his resignation as Local Superintendent of Schools for the Township of Scarborough.

5th. Communication from R. Cathcart in reference to the retiring members of the Board of Grammar School Trustees in Toronto.

6th. Communication from the Chairman of the Board of Trustees of the Grammar School situated at Richmond Hill, accompanying a statement of how they expended the amount received by them last year from the Treasurer of these Counties.

7th. Communication from the Secretary of the Board of Trustees of the Grammar School at Streetsville in reference to the retiring members of that Board.

8th. Statement from Treasurer of Board of Trustees of Grammar School at Streetsville, shewing how the grant they received last year from your Council was expended.

9th. Communication from the Chairman of the Board of Grammar School Trustees at Brampton, in reference to the retiring members of that Board.

10th. A Petition from the Board of Trustees of the Grammar School situated at Streetsville, praying for aid.

11th. A Petition from the Board of Trustees of the Grammar School situated at Newmarket, praying for aid.

12th. A Petition from the Board of Trustees of the Grammar School situated at Brampton, praying for aid.

13th. A petition from the Chairman of the Board of Grammar School Trustees situated at Weston, praying for aid.

14th A Petition from the Trustees of the Grammar School Board situated at Markham Village, praying for aid.

15th. A Petition from the Trustees of Union School Section No. 3 of King and Whitchurch, in reference to neglect of duty on the part of the Local Superintendent of Whitchurch especially towards that section.

16th. A Petition from the Teachers' Association of the County of York, praying for aid.

17th. Communication from the Secretary of the Deaf and Dumb Institution in Toronto, praying for aid.

18th. Communication from the Sub-Treasurer of the Gore of Toronto tendering his resignation.

From the information which your committee have obtained in the perusal of such documents as were placed before them, derived chiefly from statements of the several Boards of Grammar School Trustees in these United Counties, your committee are happy to be in a position to report: "That these institutions are in a more generally efficient condition than they were during the preceding year, and that they are gradually producing those beneficial results which their promoters and all friends of education in our county so ardently desire." Under these circumstances your committee have no hesitation in respectfully recommending to the Council that the sum of $1200 be appropriated to the six Grammar Schools hereafter named, to be equally divided between them, and to be expended in such a manner, under the direction of the Boards of Trustees of each school, as they may deem best calculated to serve and promote the general interest of the schools; that is to say,

| | | | | |
|---|---|---|---|---|
| To the Grammar School at | | | Streetsville | $200 |
| " | " | " | Richmond Hill | 200 |
| " | " | " | Weston | 200 |
| " | " | " | Newmarket | 200 |
| " | " | " | Brampton | 200 |
| " | " | " | Markham | 200 |

In referring to the expenses incurred by the Boards of Public Instruction in these Counties for advertising in the newspapers, your committee consider that the course hitherto pursued in patronizing so many public journals, unnecessarily consumes the funds granted by the Council, and they would therefore suggest that in future all requisite Notices from the Boards should be inserted in the *Journal of Education* only—a journal purposely originated and devoted to the disseminating of all matter pertaining to schools; sustained chiefly out of the public funds, sent gratuitously to every Board of Trustees, and otherwise well circulated thoughout the Province.

In reference to the communication from the Rev. John Laing, your committee would recommend your Council to accept his resignation, and as far as your committee can judge, nearly all the duty properly pertaining to his office was satisfactorily performed by him up to 31st December last; your committee would therefore recommend he should be paid for such services up to that date.

Your committee have prepared a resolution to appoint Grammar School Trustees in place of the retiring members, agreeable to the request of the several Boards which your committee herewith submit.

In reference to the Petition of the Trustees of Union School Section No. 3 in King and Whitchurch, your committee regret that there should be any occasion for such a complaint. Your committee would direct the attention of the Petitioners to the clause in By-law No. 47 of this Council, which clearly sets forth that each Local Superintendent of Schools shall sign a certificate that he has performed the duties required of him by the School Act before he can receive his pay, unless by a special order from your Council.

Your committee have enquired into the working of the Teachers' Association as far as the limited time at their disposal would allow, and do not consider that it is of that public character which would warrant your committee in recommending any appropriation from the public funds at present.

In reference to the communication from the Secretary of the Deaf aad Dumb Institution, your committee would respectfully recommend a further sum of two hundred dollars be placed at the disposal of the commissioners of County property, and to be paid to their order, for the education and maintenance, or education only, as may seem to them expedient, for deaf and dumb mutes residing in these United Counties whose parents are unable to pay such expense.

Your committee have prepared a Bill to appoint Sub-Treasurers of school moneys, in compliance with the present law, which they herewith submit and would recommend that John Lynch, and Geo. P. Dickson, be appointed Auditors to audit the Sub-Treasurers' accounts of school moneys for the past year.

The same principle which the committee of the preceding year urged in their report, as to the educational advantages to be expected to the great mass of the people in these Counties, by maintaining in its integrity the non-sectarian character of our schools, your committee approve and advocate this year.

Your committee would direct the attention of the Council to a fact in connection with Roman Catholic Separate Schools. The obligation imposed by law upon Trustees of such schools, to affirm positively upon oath to a personal knowledge of the correctness of their annual reports to the Local Superintendent: Your committee are of opinion that no requirement in this respect should be demanded beyond what is exacted from other Boards of Trustees; feeling that it is manifestly unfair to make so invidious a distinction.

Your committee would express the belief, that there is a growing desire in the public mind in favour of maintaining one uniform national school system, adapted to the requirements of all classes of the peopie, devoid of any distinctive character as regards their civil or religious positions in society, which must, if judiciously fostered, tend to the most satisfactory results; and your committee would therefore, in conclusion, fain hope that the time is not remote when this desirable object may be fully consummated.

All of which is respectfully submitted.

*First Report of the Standing Committee on Finance and Assessment, on several of the matters referred.*

To the Council of the United Counties of York and Peel.

The Standing Committee on Finance and Assessment, beg leave to report as follows on the matters referred to them :

In reference to the communication from the Warden of the County of Ontario respecting payment of Councillors, your Committee recommend that a petition be presented by your Council to the Legislature, similar to that prepared by the Council of the County of Ontario.

The petition of certain of the inhabitants of the village of Holland Landing, praying that the same may be erected into an incorporated village, is in the opinion of your Committee premature, as no census has yet been taken, but your Committee recommend that the petition of James McClure and others, for taking a census of the said village, be granted, and that your Council pass a By-law for that purpose : your Committee further recommend that all expenses connected therewith be borne by the parties interested.

Your Committee have examined the detailed statement (submitted by the Treasurer), of arrears of taxes up to 31st December, 1859, amounting to $27,953 71. It appears upon analysis of the statement, that of this amount, the sum of $16,000 is so far in arrear, that the lands subject thereto are liable to be sold, but for more than half that sum, the lands are not sufficiently described to render it safe to sell them. As it is, in the opinion of your Committee, expedient that all lands five years in arrears should be sold, and it is necessary to obtain as far as possible a correct description of the lands, your Committee beg leave to report herewith a resolution to effect that object. Your Committee, however, believe that notwithstanding all efforts that may be made to remedy the same, a very large proportion of the said taxes must be entirely lost to the Municipalities from the lands being insufficiently described by the Assessors, and respectfully beg leave to call the attention of the Township and Village Municipalities to the subject, in order as far as possible by more careful assessment, and revision of assessment rolls, to prevent a continuance of the difficulty.

With respect to the communication from the Warden of the United Counties of Huron and Bruce, soliciting the co-operation of your Council, in promoting the passing of a law to abolish all legal authority for collection of debts under one hundred dollars, your Committee cannot recommend that any action be taken by your Council in the matter.

Your Committee cannot suggest any further means for enforcing the provisions of a By law of this Council, entitled, " a By-law for regu- " lating the duties of Hawkers and Pedlers," than are provided by the By-law itself, but would recommend that the By-law be published in accordance with a resolution herewith submitted.

With respcet to the application of the Registrar of the County of York for a judgment book and index for his office, your Committee are of opinion that they do not come within the class of books required to be furnished by your Council.

Your Committee recommend that the sum of one hundred dollars, reported by the Treasurer as having been received from the sureties of Crozier Rutledge, late Sub-Treasurer of School moneys, Caledon, be paid over to the present Sub-Treasurer of Caledon, for distribution in proportion to outstanding claims.

Your Committee respectfully recommend the payment of the following unaudited accounts, presented since the commencement of the session, viz :

| | | |
|---|---|---|
| Jamas Beaty, Printing | | $7 02 |
| George Brown, Printing | $6 11 | |
| Less improperly charged | 2 50 | |
| | | 3 61 |
| James Bain, Stationery | | 12 18 |
| Robert McPhail, Stationery | | 26 75 |
| Michael Ryan, Sundries | | 4 15 |
| Also, of the following Bills of costs— | | |
| Thomas Galt, Esq., suit, *County* v. *City of Toronto* | | 130 53 |
| Clarke Gamble, Esq., do., defence | | 88 50 |
| John McNab, Esq., arbitration with the City of Toronto | | 27 50 |

*Second Report of the Standing Committee on Finance and Assessment, on the Treasurers' Accounts, Auditors' Reports, &c.*

To the Council of the United Counties of York and Peel.

The Standing Committee on Finance and Assessment beg leave further to report:

That your Committee have had under their consideration the following documents, viz:

1. Treasurer's account, current for Quarter ending, 30th June, 1859.
2. Treasurer's account, current for Quarter ending, 30th September, 1859.
3. Treasurer's account, current for Quarter ending, 31st December, 1859.
4. Statement of outstanding assets and liabilities on the 31st December, 1859.
5. Abstract of general affairs.
6. Estimates for 1860.
7. Statement of non-resident taxes received in 1859.
8. Non-resident land account.
9. Abstract of taxes in arrears.
10. Account current of Grammar School Fund, 1859,
11. Statement of amount due from the City of Toronto for maintenance of prisoners in 1859.

The accounts here mentioned have been for the most part audited by the Auditors of last year, and reported by them to be correct.

Your Committee respectfully submit that this is not in accordance with the act respecting municipal institutions, and that the accounts of each year shall be audited by the Auditors appointed the succeeding year, and your Committee, therefore, respectfully recommend, that their accounts be submitted to the Auditors now appointed, and after having been examined by them, that the said accounts be published at length with the minutes, together with the Auditor's abstract and report.

Your Committee further recommend that the Auditors be appointed as early as possible in the January session of each year, and be forthwith notified of their appointment, and proceed at once to examine and report, and prepare the abstract as required by law during the first session of the Council in each year, and that in addition to all the duties prescribed by law, the Auditors do meet on or about the fifteenth day of the months of March, April, July, October and January, to examine and audit all accounts paid or presented up to each of such meetings.

Your Committee further recommend that the clerk be instructed to prepare and have

printed for the use of the Auditors and the Council, a tariff, or list of all fees and other expenses fixed by statute or otherwise payable by your Council, with reference to the authority for each item.

With respect to the amount due by the City of Toronto to your Council for care and maintenance of prisoners, your Committee recommend that no time be lost in taking means to recover the amount due from 1st December, 1858, up to the present time, and that if possible, the same be hereafter ascertained and made payable quarterly.

All of which is respectfully submitted,

*Third Report on Finance and Assessment, Salaries, Allowances to County Officers, &c.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment, having been instructed "to enquire into, and report on, the salaries and duties of the County Officers appointed by the Council, with a view of ascertaining whether it would be practicable or expedient to reduce the salaries paid to such Officers," beg leave to report thereon as follows:

The allowance to the Warden of £40 per annum, was fixed by By-law of the Home District Council, (No. 205), passed in 1849. In addition to this, the Warden has usually been paid the same fees for attendance as other members of the Council, but not for services as a Commissioner of County Property.

The Treasurer was in 1850, allowed by By-law £250 per annum, in lieu of all per centages chargeable on moneys payable for County purposes. In 1851, a By-law was passed raising his salary to £400, with a proviso, that all per centages and fees which he was entitled by law to receive, should be carried to the credit of the County. In 1854, the Standing Committee on Finance and Assessment, recommended an increase of £50, which was adopted; and finally in 1855, the same Committee recommended that his salary should be fixed at £500 per annum, and that all fees, per centages, or other profits derived in virtue of his office, as County Treasurer, should be placed at the time of receipt, to the credit of the County. This report was adopted, and has since been acted upon.

In 1850, the Clerk's salary was fixed by By-law at £125, in 1851, was increased by By-law to £175, in 1854, £50 was added on the report of the Standing Committee on Finance and Assessment, and by the same means it was in 1855 raised to £225, at which it still remains.

The Auditors were each paid £10, under By-law passed in 1850, the next year their salary was raised to £12 10s, by By-law; in 1851, 1852 and 1853, £5 was added by resolution, and in 1854, by report of the Standing Committee on Finance and Assessment. In 1855, it was fixed at £17 10s, on report of the same Committee at which it was continued until the present year, and has been now fixed by By-law at £15 each.

The Commissioners of County Property are paid 10s. per day, and 3d. per mile travelling expenses while attending to public business, by resolution passed in June, 1858.

The keeper of the Court House is paid £100 per annum, by By-law passed in 1859.

Your Committee have thus as far as practicable, shown to your Council the facts connected with the salaries, on which they have been instructed to report, and have to remark the inconsistency in the way in which the salaries are fixed,—some by By-law, some by resolution, and some by reports of Committees; these, extending in many cases, to the same salary. Your Committee recommend that all salaries over which your Council have any control should be fixed by By-law, and that no

change should be made in any salary, except in the same manner. Your Committee have also had under their consideration the annual payment of $400 to William Higgins, High Constable of the United Counties of York and Peel, and have to report that they have not yet been able to find proper authority for the payment, and recommend that the Treasurer be instructed not to pay any further sum on account thereof, until it be made to appear to the Commissioners on County property, that your Council are justly entitled to pay it.

All which is respectfully submitted.

*Report of the Committee on Roads and Bridges on the several matters referred.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Roads and Bridges beg leave to report on the following documents and communications, viz. :

1st. A certified copy of a By-law passed by the Municipal Council of the County of Simcoe, assuming the bridge over the Holland River as a County work.

2nd. Also a notice from the above-named County, that if this Council neglect to pass a similar By-law within six months from service of notice that they will proceed to arbitration, in conformity with the Act passed for that purpose.

3rd. A communication from the Clerk of the Municipal Council of the County of Simcoe requesting this Council to appoint overseers of highways on the County lines between said Counties.

4th. A Petition from William Noble and nineteen others, praying for a grant of money to build a bridge over the river Credit, on the line dividing the Counties of Peel and Wellington.

In reference to the communication from the Municipal Council of the County of Simcoe, stating that they had assumed the bridge over the Holland River as a County work, and desiring that your Council would pass a By-law for the same purpose, your committee cannot recommend the passing of such a Bill by this Council; but would respectfully recommend that the Warden of these United Counties be requested to communicate with the Warden of the County of Simcoe to ascertain the extent of the repairs contemplated by the County of Simcoe on said bridge, and report to this Council, at its next meeting in June, the particulars in reference to said bridge.

In reference to the communication from the Clerk of the Municipal Council of the County of Simcoe, requesting your Council to appoint overseers of highways on county roads; your committee would respectfully refer to a By-law of this Council, passed on the 10th day of February, 1859, whereby authority is given to local Municipalities to appoint officers for the above purpose; and recommend that a copy of said By-law be forwarded by the Clerk of this Council to the Warden and Clerk of the County of Simcoe.

In reference to the Petition of William Noble and nineteen others, praying for aid to erect a bridge across the river Credit, between the Township of Caledon and Erin. From the most reliable information your committee can obtain the Township of Erin would not contribute towards the erection of said bridge, and as your committee are not satisfied whether the provisions in the By-law (so far as relates to bridges) of this Council, passed on the 10th day of February, 1859, entitled "A By-law to provide for the improvement and maintenance of certain county roads and bridges," can be enforced, they would respectfully recommend

this matter to lay over until the June meeting of the Council.

All which is respectfully submitted.

*Report of the Select Committee appointed to prepare an Address to the Widow of the late Joseph Hartman, Esq.*

To the Counties Council of the United Counties of York and Peel in Council assembled, ask leave to report.

Your committee have availed themselves of the opportunity of consulting with most of the members of the Council, and have much pleasure in stating, that but one feeling pervades the whole, and that of deep regret for the loss of the late esteemed Warden, whose memory will be long cherished by his associates: and feeling that every member of the Council of these United Counties sympathises with his bereaved widow for the loss she has sustained, respectfully submit the following address.

All of which is respectfully submitted.

(Signed,) WILLIAM TYRRELL,
*Chairman.*

February 2nd, 1860.

[ADOPTED.]

*To Mrs. Mary Ann Hartman, Widow of the late Joseph Hartman, formerly Warden of the United Counties of York and Peel.*

MADAM,

The Council of the above named Counties upon assembling together for the transaction of public business, were deeply impressed by the absence from amongst them of one for whom they had ever entertained sentiments of the most affectionate regard.

The Council refer to their late Warden, Joseph Hartman, Esq., whose loss as a member of their body is not only seriously felt by them, but apart from which has caused to be engendered in their minds, feelings of the sincerest sorrow.

The Council would beg to express their appreciation of the noble qualities and high Christian principles which were in so remarkable a degree possessed by their late Warden, and which necessarily elevated him in their esteem, and has endeared him in their memory.

The Council, impelled not only by a sense of duty and candour, but actuated by feelings of long tried friendship, desire to assure you that in your late husband they always found a gentleman of unswerving integrity, of warm-hearted impulses, of consistency in his purposes, and zeal for the public good.

In view of these circumstances the Council beg leave to assure you, how truly their sympathies are directed in your behalf, in the heavy bereavement which, by the dispensation of Providence, has been allowed to befal you, and thus to deprive you of a fond and loving husband, and your family of its natural guide and protector.

*Report of Committee appointed to revise and equalize the Assessment Rolls for the year* 1859, *with two Schedules shewing the equalized value of property in these Counties.*

To the Municipal Council of the United Counties of York and Peel.

The committee to whom was referred the Assessment Rolls of 1859 from the several Municipalities of the United Counties for equalization, beg to report as follows, viz. :

1st. That your committee are pleased to state that the majority of the assessment rolls of the several Municipalities were found in much better order than those of the previous year; but there is still in a few instances a great want of proper care in copying, extending and footing the rolls. And in one instance (the roll for the Township of Markham) the Clerk had furnished his roll without footing. And your committee would beg to call the attention of the Clerk of these Counties to a By-law passed in 1859 relating to the order in which the assessment rolls should be received by him; as the business of this Council is retarded in consequence of your committee having to do work which properly belongs to the Clerks of the several Municipalities.

2nd. Your committee find a large reduction in many of the Municipalities in the assessor's value of real estate, particularly the Township of York, which shows a reduction from the previous year of $524,512. Chinguacousy also shews a reduction of $47,464; and the whole Counties shew the value of real estate to be $1,600,788 less than the assessed value the previous year. Your committee are of the opinion that the reduction above stated has arisen from the assessors placing an incorrect value upon the lands in several of the Municipalities of these Counties; and your committee would recommend the Council of each Township to instruct their assessors to adhere strictly to the *Statutes* in the valuation of real estate.

3rd. Your committee do not propose any change in the value placed by the assessors on

non-resident lands; but have confined their efforts wholly to resident lands, as has been practised heretofore by this Council. But instead of making only seven, six, or even as low as 1 classes, which has been the case in past years, and in the opinion of your committee insufficient to produce a just relation between all the valuation of real estate within these Counties, your committee recommend the following classification for the present year, viz.:

| | | | | |
|---|---|---|---|---|
| 1*st class*— | The Township of | York at | $42 | per acre. |
| 2*nd class*— | " | Etobicoke | 40 | " |
| 3*rd class*— | " | Toronto | 39 | " |

4th. Your committee do not propose any alteration in the respective amounts returned in the assessment rolls from Yorkville, Brampton, Streetsville and Newmarket, as in the opinion of your committee they bear a just relation in value to the Townships as equalized.

5th. The accompanying Schedule, No. 1, contains an abstract similar to those of former years, an average value at which both resident and non-residents have been assessed in the several Townships respectively, also the aggregate quantities and value of both descriptions of lands in each Township, together with the total value of taxable income, and of other taxable personal property assessed. And Schedule No. 2, an abstract shewing the aggregate as equalized together with that of the assessors, shewing an increase as equalized of $4,402,421, which may be accounted for by your committee placing a higher rate per acre in the foregoing classification than that shewn by the assessment rolls.

All of which is respectfully submitted.

# PETITIONS TO THE LEGISLATURE.

(AS REPORTED BY SELECT COMMITTEES.)

## No. 1.

### TO PREVENT RAILROAD TRAINS RUNNING ON THE SABBATH.

To the Municipal Council of the United Counties of York and Peel.

The Select Committee appointed to prepare a petition to the Legislature, praying that a Bill may be passed, preventing Railroad Trains or Engines from running on the Sabbath day, having given the subject due consideration, ask leave to submit the following petition.

All of which is respectfully submitted,

WILLIAM TYRRELL,
*Chairman.*

Committee Room,
3rd February, 1860.

---

*To the Honorable the Legislative Assembly of Canada in Parliament Assembled.*

The Petition of the Council of the United Counties of York and Peel in Council assembled,

RESPECTFULLY SHEWETH,

That the present law, 8th Vic. chap. 45, passed to prevent the Profanation of the Lord's day, is not sufficiently comprehensive as regards public Corporations, to bring them within the jurisdiction of the legal authorities.

Your Petitioners feel that the exemption of any parties from the penal provisions of any Act, and especially one to ensure the better observance of the Sabbath day, not only divests it of fairness, but ignores the great principle which it should uphold.

Your Petitioners would, therefore, respectfully represent to your Honorable House, that the running of Railway Trains on the Lord's day, is as much in direct contravention of the 4th Commandment, as any other work on that day, which the existing law is intended to reach and punish.

Your Petitioners respectfully and strongly urge upon the consideration of your Honorable House, the demoralizing tendency of allowing Railway trains running on the Sabbath day. Under such circumstances, your Petitioners feel it their duty as a corporate body, representing large Christian constituencies, to call the attention of your Honorable House to this important subject, and pray your Honorable House will pass a Bill compelling all Corporate bodies, as well as individuals, to comply with the requirements set forth in the 8th Vic. chap. 45, before cited.

And your Petitioners as in duty bound, will ever pray.

(Signed) DAVID REESOR,
*Warden.*

Council Chamber,
3rd February, 1860.

No. 2.

RELATING TO THE PAYMENT OF SPECIAL JURORS AND CROWN WITNESSES.

To the County Council:

Your Committee beg to submit the following Petition to the three branches of the Legislature, to provide for the payment of Special Jurors and Crown Witnesses.

All of which is respectfully submitted.

(Signed) JOSEPH WRIGHT,
*Chairman.*

Committee Room,
1st February, 1860.

[ADOPTED.]

---

*To the Honorable the Legislative Assembly of the Province of Canada.*

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

RESPECTFULLY SHEWETH,

That a very great injustice has been inflicted on a large number of the inhabitants of these Counties, by compelling them to attend the Courts in the City of Toronto, for several days at a time as Special Jurors, without paying them even the expenses incurred by them in coming to Toronto, and returning to their respective homes, as no provisions exist for paying such Jurors, when no case is brought before them.

Your Petitioners would, therefore, respectfully and earnestly pray your Honorable House, to pass a Bill compelling all parties requiring Special Juries, to deposit with the proper officer authorized to receive the same, a sufficient sum to meet all such expenses; and that in all cases where the Jurors so summoned, do attend, whether the case is brought before them or not, they shall be paid a reasonable remuneration for such services.

Your Petitioners would further pray your Honorable House to pass a Bill making better provision for the payment of Crown Witnesses, not only whilst attending at the Higher Courts, but whilst attending before the local authorities. Your Petitioners are of opinion that as the Crown Witnesses in many instances, are the parties who suffer most from the loss of property or otherwise, it is unreasonable to compel them to attend courts for weeks together, to prosecute the guilty parties, without even their expenses being paid, whereas all other parties employe in the prosecution by the Crown are so amply remunerated.

And your Petitioners as in duty bound, will ever pray.

(Signed) DAVID REESOR,
*Warden.*

Council Chamber,
1st, February, 1860.

No. 3.

RELATING TO THE PAYMENT OF MILEAGE, &c., TO COUNCILLORS.

*To the Honorable the Legislative Assembly of the Province of Canada.*

The Petition of the Council of the United Counties of York and Peel,

Humbly Sheweth,

That it has hitherto been usual under the sanction of the law with this and other County Municipalities to pass By-laws for payment of mileage and reasonable daily remuneration of the members of the Council, when engaged in the business of the County;

That your Petitioners have found that in the Act respecting Municipal Institutions no provision is made, or authority given, to pass a By-law to pay the members mileage in going to, and returning from, the Council meetings; also, that the maximum of daily remuneration is fixed at one dollar and a half a day, an amount scarcely sufficient to meet necessary disbursements.

Your Petitioners beg respectfully and earnestly to point to what they conceive to be a great hardship inflicted on members, especially those coming from the distant Townships.

Your Petitioners therefore humbly pray that your Honorable House will take into consideration the hardships herein set forth, and that your Honorable House will make such amendments in the Act respecting Municipal Institutions as in your wisdom and justice may seem meet.

And your Petitioners, as in duty bound, will ever pray.

Council Chamber,
3rd February, 1860.

No. 4.

RELATING TO THE ESPLANADE, CHARGES FOR FILLING, &c. &c.

The Select Committee appointed to prepare a Petition to the Legislature in reference to the charge made by the Corporation of Toronto for filling, on the water lots in rear of the Gaol of these United Counties,

Respectfully Report,

That they have given this important matter the attention that the limited time at their disposal would allow, and have prepared a Petition which they herewith submit.

(Signed,) WILLIAM TYRRELL,
*Chairman.*

Committee Room,
February 9th, 1860.

*To the Honorable the Legislative Assembly of the Province of Canada.*

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That in the construction of the Esplanade, under the provisions of the 16 Vic. cap. 219, and 20 Vic. cap. 80, the contractors, with the consent of the Corporation of the City of Toronto, diverged towards the south from the line defined by the statutes above referred to about two hundred feet, without the knowledge or consent of your petitioners, your petitioners not having been notified of any alteration, nor as provided by statute, of the intended filling up consequent thereupon. Your petitioners having at the time a large amount of available labour, could at comparatively small expense have filled up the space on the Gaol water lot required to be filled.

Whereas the Corporation of the City of Toronto have lately demanded from your petitioners, for filling in said water lot, the large sum of $12,547 10 cts., which sum, if really expended in such filling, has not in any way enhanced the value of your petitioners property; but on the contrary, has rendered said water lot or lots granted to your petitioners by an order of the Executive Council, passed on the 21st June, 1853, of less value, by depriving them of free communication with the Lake, in consequence of the Corporation of Toronto selling to the Grand Trunk Railway Company forty feet in width of said Esplanade, thereby depriving as aforesaid your petitioners of free access by water to the most valuable portion of said water lot.

Your petitioners having been given to understand that the Corporation of the City of Toronto intend endeavouring to obtain legal authority to recover the above mentioned sum of $12,547 10 cts., respectfully and earnestly pray your Honorable House to grant no further powers to the said Corporation to recover the large sum they so unjustly claim.

And your petitioners, as in duty bound, will ever pray.

(Signed,) DAVID REESOR,
*Warden.*

Council Chamber,
Adopted, 9th February, 1860.

# REPORTS OF AUDITORS ON COUNTY ACCOUNTS FOR 1859.

*To the Warden and Council of the United Counties of York and Peel in Council Assembled,—*

We the undersigned Auditors of the United Counties beg leave to report:

That we have carefully examined and audited the accounts and vouchers of the Counties Treasurer for the three quarters of the last year, ending the 31st December, 1859, and find them satisfactory and correct, with the exception of a slight error, pointed out by the Finance Committee in the Jury Account of the Clerk of the Peace, in which an error of six dollars overcharged has been overlooked in auditing the amount by the Magistrates. This error will be corrected by deducting the amount from the next account of the Clerk of the Peace.

The amounts for the first quarter of the year ending 30th March having been previously audited, and approved by your Council, have not come under our examination in detail. They are included, however, in the abstract of receipts and disbursements for the year 1859, which we herewith submit.

By this abstract it will appear that a balance has been overdrawn by the United Counties of eleven thousand and eighteen dollars and twenty-four cents, being less than the balance overdrawn at the commencement of the year by four hundred and twenty dollars and sixteen cents.

We have also audited the amount of arrears of taxes due by non-residents on lands in the United Counties to 31st Dec., 1859; accounts of receipts and disbursements of the Grammar School Fund, and in liquidation of County Debentures, all of which we find correct.

All which is respectfully submitted.

(*Signed*) JOHN LYNCH, } *Auditors.*

# APPENDIX.

# REPORTS OF COMMITTEES, BY-LAWS, &c.

## SECOND MEETING, 1860.

*Report of the Commissioners of County Property, on the several matters referred.*

To the Municipal Council of the United Counties of York and Peel.

The Commissioners of County Property hereby respectfully report on the several matters submitted to their attention since the last meeting of the Council.

Several applications have been made to the Commissioners, on behalf of deaf mutes of indigent parents, to be admitted to the school conducted by Mr. J. B. McGann, and the following have been accepted, viz. :—Bernard Carley, parents living at Weston; Isabella Hambly, parents living in King, (renewed); Thomas Johnson, parents living in York, commencing from 1st January, 1860; John Allen, in the township of Etobicoke, commencing on the 1st April last; and Henry Stephenson, of Markham, same date. The several amounts paid on their account, up to the 30th June, 1860, amount in the whole to $426 73.

In reference to the change of diet for the prisoners confined in the counties' Jail, which the Council sanctioned at its last meeting, the Commissioners considered it expedient to order that no change should take place, until after a conference should be had with the Inspectors of Prisons; except in the article of milk, which has been withheld, and by ordering the bread to be made from flour No. 2, instead of the best wheaten, as heretofore; and, thus far, without producing any injurious effect upon the health of the prisoners.

A room in the east wing of the Court House, lately used as the Recorder's room, has been rented to Mr. G. D. James, at an annual rent of $60, and the new room apportioned for the use of the Recorder.

It having been represented to the Commissioners by the Registrar of the Surrogate Court, that he could not dispense with the use of a second room, the one adjoining the Clerk's office has been granted to him.

Agreeably to the recommendation of the Council at its last meeting, the room occupied by the County Judge has been appropriated for the use of the County Attorney; and the new room in the upper part of the west wing has been fitted up for the use of the County Judge.

It is with much regret that the Commissioners have to state that a lamentable accident occurred at the Court House, on the 20th February last, involving the death of a laboring man, by the name of Michael Coughlin, occasioned by his falling from the roof of the west wing, while removing the snow. And your Commissioners took upon themselves to give an order upon the Treasurer for the sum of seven dollars, towards defraying the expenses of the funeral.

The Commissioners have also directed the Treasurer to pay the amount charged under a by-law of the City Council, for a sewer rate in

front of the Court House and County Registry, they being unable to discover any ground for appeal.

The Commissioners also caused to be advertised, in the usual way, for tenders for the supply of fuel for the Jail and Court House, for the year ending 31st March, 1861: the lowest tender being $3 80 for dry wood, and $3 70 per cord for green, by Mr. D. Peterson, who has entered into bond to fulfil the contract.

Tenders also for bread for the Jail, to be made of flour No. 2, for the quarter ending 30th June next, at 8½ cents the 4lb loaf, by Mr. George Coles.

A communication having been received from the City Engineer, stating that a part of the Jail fence encroached on Parliament street and on Palace street, the Commissioners directed the Governor of the Jail, to remove the same within the proper bounds—to be done by prison labor.

With respect to the cleansing, whitewashing and coloring, recommended to be done in the several court rooms, the Commissioners have not yet caused the same to be attended to; and as they apprehend that other repairs will be required, they thought it best to defer the work till after the sittings of the courts were over, so that the same might be done before the fall assizes.

Several accounts are herewith submitted for the usual and necessary repairs in and about the Jail and Court House, which the Commissioners recommend that the Treasurer be instructed to pay to the several and respective parties named in the schedule hereunto annexed.

All which is respectfully submitted,

(Signed,) DAVID REESOR,
*Chairman.*

*First Report of the Committee on County Property and Jail management.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on County Property and Jail management beg leave to submit the following report:

Your Committee, accompanied by several members of the Council, visited the Jail, the interior of which was found to be in its usual good order; and a large portion of the surrounding grounds, not required for purposes connected with the discipline of the Jail, &c., improved and highly cultivated.

Your Committee, on enquiry, was informed that, at the present time, none of the prisoners were in ill health, which goes to show that discontinuing allowing the prisoners milk, and lowering the quality of the bread furnished to them, has not tended to injure their health.

Your Committee had also their attention directed to the new traps or cess-pools for receiving the sewerage, &c., from the Jail, previously to its passing into the sewer, and believe they will have the effect intended, of preventing the necessity of re-opening the sewer at short intervals as heretofore.

Your Committee in their examination of the Court House and appurtenances, had a better opportunity of inspecting the furnaces than in February last, from the circumstance of their not being in use, and find that two of them, one used for heating the east wing, and one the west wing, need each a new end, and may possibly be so much worn by the action of the fire, as to be unfit for further use as furnaces. Your Committee would therefore recommend that the Commissioners on County Property, be instructed to act in regard to replacing them with new ones, as, on the furnaces being taken out, they may be found to require.

Your Committee also recommend, that the room in the Court House appropriated to the use of the County Judge be carpeted; and that the room adjoining Mr. Keele's office be fitted up with a close case, placed in the recess by the chimney, for the purpose of keeping sundry papers pertaining to the County Court, which at present lie scattered about in another room near by. And they further recommend, that certain old furniture in the room immediately adjoining the room at present containing the County Court papers above referred to, be removed into the basement of the Court House, and that the two rooms thus cleared by the removal of the County Court papers and old furniture, be rented to Mr. Dempsey (who has applied for them) at such annual rent as the Commissioners on County Property may determine.

Respecting the petition of Moses Wilson, praying the Council to re-consider with a view to increase the amount allowed him for cedar posts furnished for Jail grounds' fence, your Committee cannot recommend that the prayer of the petition be complied with.

All which is respectfully submitted,

(Signed,) W. R. WADSWORTH,
Committee Room, *Chairman.*
8th June, 1860.

[ADOPTED.]

*Report of the Standing Committee on Education on the matters referred.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Education have had before them the following documents:

A communication from Mr. George F. Pearce, tendering his resignation as trustee of the Grammar School situate at Richmond Hill.

A communication from Mr. William Lindsay, tendering his resignation as trustee of the Grammar School situate at Brampton.

A communication from Mr. William Watson, in reference to an error in the number of schools returned for the township of York.

Account from James Beatty, for advertising examination of teachers, omitted to be rendered in January last, amounting to $8 40.

Statement of school moneys paid out, and shewing the balance in the hands of sub-treasurers, together with the vouchers.

Auditors' report on the sub-treasurer's accounts.

Communication from the Deputy Superintendent of Education, stating the apportionment of the Legislative school grant for 1860, amounting to $6404 for the county of York, and $2919 for the county of Peel; which, on the whole, shews a slight increase from last years' apportionment.

Your Committee would respectfully recommend that the resignations of Messrs. G. F. Pearce and William Lindsay be accepted; and that David Bridgford, Esq., be appointed in place of G. F. Pearce; and Rev. G. E. Cox, be appointed in place of William Lindsay.

Your Committee have examined the account of James Beatty, and find it correct, and recommend the payment thereof. Your Committee would also recommend that Mr. William Watson be paid the sum of $15, for his attendance on three additional schools, in the township of York, not included in the returns submitted to your Council in January last.

In reference to the balance of school moneys remaining in the treasurer's and sub-treasurers' hands, as shown by the Auditors' reports, your Committee would recommend that, for the future, the school accounts should be made up to the end of the school year; and each sub-treasurer shall report to this Council the balance then in hand (if any) and the cause of such balance; and the names of the teachers (if any) who have not been paid; and that all necessary information relating to this matter should be furnished by the local superintendents to the sub-treasurers, previous to making said reports.

Your Committee are pleased to find that the annual apportionment of the Legislative school grant to these United Counties is still increasing, and respectfully recommend your Council to levy an equal amount, as prescribed by law, for school purposes for the present year.

All which is respectfully submitted,

(Signed,) WM. TYRRELL,
*Chairman.*

Committee Room,
7th June, 1860.

*Report of the Standing Committee on Roads and Bridges on the several matters referred.*

To the Municipal Council of the United Counties of York and Peel.

Your Committee beg leave to report on the following documents:

A communication from the Warden of the county of Ontario, in reference to the erection of a bridge across the Black river; and also, in reference to establishing a county road by by-law of this Council, between Whitchurch and Uxbridge.

A communication from the Warden of the county of Simcoe, in reference to the repairs of a bridge on the Holland river.

A resolution of your Council in reference to an amendment in By-law No. 71.

In reference to the erection of a bridge across the Black river, between these Counties and the county of Ontario: it would afford your Committee much pleasure at all times to comply with the wishes of an adjoining county, but from the best information that your Committee can obtain, these United Counties are

not so much interested in the bridge referred to; consequently your Committee cannot recommend any special apportionment for that object; but should the erection of a bridge at this place be necessary for the benefit of the county of Ontario, your Council will then be obliged to pay the proper proportion of the expense, according to the benefit derived, as prescribed by law.

Your Committee would recommend your Council to confirm the road laid out on the west part of lots Nos. 11 & 12, in the first concession of the township of Uxbridge, as described by By-law No. 30 of the county of Ontario; and have a bill prepared for that purpose, which they herewith submit.

In reference to amending By-law No. 71 of your Council, your Committee bestowed much care and attention on this very important by-law; and from the best information your Committee can obtain, there are some important parts of the by-law not strictly legal, which opinion your Committee concur in, namely: first, the power of your Council to delegate your authority to another corporation; secondly, to compel two corporations jointly to maintain a county road, under the exclusive jurisdiction of your Council; these, together with minor points, have prevented your Committee recommending any alteration in the present by-law, until the power of your Council is clearly ascertained; and would respectfully recommend that the Commissioners of County Property would have a by-law legally prepared by some competent person, to be submitted to your Council at its next meeting.

All which is respectfully submitted,

(Signed,) JAMES P. WELLS,
*Chairman.*

Committee Room,
9th June, 1860.

*First Report of the Standing Committee on Finance and Assessment.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Finance and Assessment beg leave to report on the various matters submitted to them.

Your Committee have considered the petition of Jane Coughlin, widow of Michael Coughlin, who was accidentally killed while clearing the snow from the roof of the Court House; and although feeling assured that she has no claim whatever on the Council, in respect to the accident, so much to be deplored, your Committee recommend that the sum of fifty dollars be given to her to assist her in supporting herself and her children.

Your Committee also recommend that the fees payable by Michael Lenahan, in respect of his pedler's license, be remitted, as petitioned for by him.

The application of Mr. G. C. Tremayne, respecting his maps of York and Peel, would, in the opinion of your Committee, come more properly within the consideration of the several school sections in the Counties.

With respect to the application of Mr. G. L. Allen, for compensation for services, your Committee are of opinion that these services should have been performed by him without any extra charge therefor; but as it appears that the Warden may be compelled to pay him, therefore your Committee recommend its payment, should such be the case.

With respect to the application of the Treasurer for increase of salary, your Committee, in view of the very late act of the Council in that respect, do not feel at liberty to recommend any increase.

Your Committee have carefully considered the petition of James D. Smith praying for relief from a fine imposed upon him for a supposed breach of By-law No. 66, and beg leave to recommend that he be remitted the portion of the fine to which your Council is entitled; and that he be granted the sum of twenty

dollars, to assist in defraying his expenses on account thereof.

Your Committee also recommend the payment of the following accounts, viz.:

| | |
|---|---|
| Thompson & Co., printing | $4 95 |
| George Brown | 9 01 |
| Maclear & Co., binding for Registry office | 25 00 |

Your Committee have also had under consideration the communication of the Treasurer with reference to the non-resident land tax in arrear. The difficulties in the way of a sale of these lands, mentioned in the former report of your Committee, have been but very slightly reduced, and are still so great, that your Committee recommend a further delay in proceeding to a sale, in the hope that some more efficient method of enforcing the collection of these taxes may be devised by the Legislature.

With respect to the claim of Mr. Stayner, for moneys over-paid on account of statute labor, your Committee are of opinion that he has no legal claim on your Council; and that to make him any allowance, would only encourage numerous other similar applications.

Your Committee have again to press upon your Council the necessity of bringing the question of the care and maintenance of the prisoners, for the year 1859, to a determination as soon as possible; and recommend that the Commissioners of County Property be instructed to take immediate proceedings to recover from the City of Toronto a just proportion of the expenses thereof.

Your Committee have also had under consideration the estimates submitted at the last meeting of the Council, and recommend that the following sums be levied for the present year:

| | |
|---|---|
| For the payment of debentures and interest | $896 00 |
| For the payment of school superintendent's salaries | 1,068 00 |
| For the other sums set forth in the said estimate | 2,5930 00 |

All which is respectfully submitted,

(Signed,) A. F. SCOTT,
*Chairman.*

Committee Room,
6th June, 1860.

[ADOPTED.]

*Second Report of the Standing Committee on Finance and Assessment.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment beg leave further to report:

That your Committee have examined the account of John B. DeGeer, for services rendered as constable, in arresting and conveying to the Jail one James Knight, a lunatic, and consider that it is a matter for which the township to which the said lunatic belonged is liable, and that the account should not be paid by this Council.

Your Committee have also examined into the statement of the village Clerk of Yorkville respecting the taxes of the village for the year 1859, and find that they were rated for that year $144,000 too high, owing to an error in the calculation of the actual assessed value of property, as it fully appears that the village authorities were not in any way responsible for the error; your Committee recommend that, as a simple act of justice, the village be remitted the sum of $136, in prompt payment of the balance still due.

With respect to the claim of Michael Ryan, for compensation for services as messenger, your Committee find that those services are expressly mentioned in the by-law passed in 1859, by which his salary is fixed, and do not recommend any increase, as the feeling of the Council appears to be more in favor of a reduction than an increase of salaries.

In reference to the communication from the Secretary of the Toronto Lying-in Hospital, applying for aid to that institution, your Committee have had nothing before them to show that its benefits are extended to the County to a sufficient extent as to warrant an appropriation in its favor.

Your Committee also recommend the payment of the following accounts, viz. :

| | |
|---|---|
| R. McPhail, stationery..... | $15 20 |
| Maclear & Co., statutes and printing. | 49 33 |

All which is respectfully submitted,

(Signed,) A. F. SCOTT,
Committee Room, *Chairman.*
8th June, 1860.

## A BY-LAW

*To establish and confine a certain road on Lots No.* 11 *and* 12, 1*st Concession, in the Township of Uxbridge.*

Whereas a portion of the allowances for road, between the Township of Whitchurch, in the County of York, and the Township of Uxbridge, in the County of Ontario, is unfit for the purpose of a public highway.

And whereas the County Council of the County of Ontario have, by By-Law, passed on the second day of February, one thousand eight hundred and fifty-six, enacted that the road surveyed by John Sheir, Esq., Surveyor, and described as follows; that is to say, commencing where a post has been planted on the western limit of Lot No. 11., in the first Concession of the said Township of Uxbridge, at a distance of three chains fifty-four and a half links from the North West angle of the said Lot, and running thence North thirty degrees fifty minutes East five chains and sixteen links; thence North sixteen degrees West six chains and seventeen links; thence North fifty-one degrees six minutes West nine chains twenty-five links and a half, to the Eastern limit of the allowance for road between the Township of Uxbridge and Whitchurch, (the said road to be one chain wide, and the above described line to be the eastern limit thereof) should be and the same was thereby declared to be a public highway: and whereas it was, by the same By-Law enacted that it should have no force or effect until the County Council of the United Counties of York and Peel should pass a By-Law declaring their concurrence therein; and whereas it is expedient and necessary that the said road should be opened as a public highway; therefore the Corporation of the United Counties of York and Peel, by the Council thereof enacts as follows:

1. That the said By-Law of the County Council of the County of Ontario be, and the same is hereby concurred in by the Council of the United Counties of York and Peel, and that the road above described be and the same is hereby declared to be a public highway.

FRIDAY, September 7th, 1860. (*First day.*)

The Council met pursuant to special adjournment.

The Warden in the chair.

PRESENT—Dr. Barnhart, Messieurs Button, Bridgford, Crawford, Chambers, Ego, Graham, Hanna, Henry, Howland, James, Ironside, McLeod, Maclem, Musson, Parker, Perdu, Rowell, Starrat, Sutherland, Swinerton, Tyrrell, Wadsworth, Wheeler, Walker, Wells, Webb, Wright, —28.

The petition of George McIlroy and others, praying that a Pedler's license be granted to Andrew Arthurs, free of charge. By Mr. Hanna.

David Bridgford, Esq., took his seat as Deputy Reeve for the township of Vaughan in the place of A. Jeffery, Esq.

The Special Committee appointed at the last meeting of the Council to prepare an address to His Royal Highness the Prince of Wales on his arrival in the city of Toronto, reported an address, which was read the first time; and on the question for reading a second time to-morrow,

Mr. Wright, seconded by Mr. Wadsworth, moves, That it be not read a second time to-morrow, but that it be read a second time forthwith. Carried.

The address was then read a second and third time and unanimously concurred in, and ordered to be engrossed on vellum, signed, sealed and presented to His Royal Highness the Prince of Wales.

The address is as follows:—

*To His Royal Highness* ALBERT EDWARD, PRINCE OF WALES, *Duke of Cornwall, &c., &c.*

MAY IT PLEASE YOUR ROYAL HIGHNESS,—

We, the Council of the United Counties of York and Peel, on behalf of the Municipalities we represent, respectfully approach your Royal Highness to offer the hearty welcome of Canadian Yeomanry to the son of our beloved Queen, and the heir apparent to the British throne.

Through your Royal Highness we desire to express to our gracious Queen our feelings of attachment to the British Constitution, and our loyalty to the British Crown; and our hope that her reign, so happy and prosperous, may be long continued.

We trust that this visit may prove an agreeable one to your Royal Highness; that the opportunities of personal observation on the part of yourself and the distinguished noblemen who accompany you, may prove beneficial to this and the mother country; and that in after years, amidst other scenes, your Royal Highness may at times revert with satisfaction to your recollection of Canada and the Canadians.

The Commissioners of County Property brought in a report on the several matters referred to them since the last meeting of the Council, which was read; and is as follows:—

*To the Counties Council:—*

The Commissioners of County Property respectfully report as follows:

In pursuance of the recommendation contained in a report of the Standing Committee on County Property, &c., that certain cleansing, whitewashing and painting should be done in the Court House, the Commissioners proceeded to advertize in the usual manner for estimates of the expense of such cleaning, &c., in the Council Chamber and Committee rooms, the several Court rooms and Jury rooms, halls, corridors, and stair-cases; and having decided that the whole of such work should be done, they accepted the tender of Mr. Samuel Rogers, amounting to $360. All the said work has been done to the satisfaction of the Commissioners, and they recommend that the Treasurer be authorized to pay the said amount by order of the Warden.

The Commissioners also report that they caused the hot air furnaces in the basement to be examined by a practical man; that one of them has been taken down, and it was found that none of the materials are in a state to be replaced. The re-building of the two furnaces in the east and west wings will involve a considerable expense, say about $600. Under these circumstances they have not decided what is best to be done; whether or not to cause the hot air furnaces to be replaced by new ones, or, as far as relates to the two small Court rooms and the offices on the ground floor, to substitute coal or wood stoves or grates. They expect shortly to be in possession of evidence as to the relative expense of the two modes of heating said parts of the Court House. The Commissioners at present do not recommend any change with regard to the heating of the Council Chamber and Court of Assize: the furnaces which are used for those parts of the Court House not requiring much repair.

The supply of Bread for the Jail for the quarter ending 31st December, has been taken at nine cents the 4 lb loaf, made of flour No. 2. The Commissioners have not heard of any complaint by reason of the change in the quality of the flour.

Two rooms in the upper part of the Court House have been rented to Mr. R. Dempsey, as attorney's offices, at the rate of $100 per annum.

An order has been issued on the Treasurer for the payment of $140 up to 30th September, for the payment of the board, &c., of the four beneficiaries of the counties now in the Institution for the Deaf, Dumb and Blind, in the city of Toronto.

The Commissioners having found on enquiry that all the public buildings in the city were about to be illuminated and decorated on the occasion of the visit of His Royal Highness the Prince of Wales to the city, they deemed it expedient, as a mark of respect to His Royal Highness, to enter into contract for illuminating the front of the Court House, the expense for which will amount to about $300.

The Commissioners suggest that the Treasurer be authorized to pay on their authority, or a a majority of them, any sum of money which it may be found necessary in carrying out the recommendations of the Council as far as regards the Jail and Court House. Also, that the Treasurer be authorized to pay any smaller sums (not exceeding together the sum of fifty dollars) which it may be necessary to pay before the meeting of the Council.

The several amounts recommended to be paid are as follows, viz.:

| | |
|---|---|
| To Samuel Rogers | $360 00 |
| To City Toronto Sewer Rate | 22 78 |
| To J. Laidlaw | 4 00 |
| To J. Beatty | 1 50 |
| To Proprietor of *Colonist* | 8 51 |
| Total | $396 79 |

All of which is respectfully submitted,

(Signed,) DAVID REESOR,

Warden's Office, September 7th, 1860. *Chairman.*

On motion of Mr. Wadsworth, seconded by Mr. Musson, the Council went into Committee of the whole thereon. Mr. Musson in the chair.

The Committee rose, reported the report as adopted, with a resolution. The resolution was read as follows :

*Resolved*,—That the Treasurer be and he is hereby authorized to pay the sum of $376 79, as recommended in the report of the Commissioners of County Property adopted this day. Also, that the Treasurer be authorized to pay to the order of the said Commissioners, or a majority of them, such sums of money as may be required for carrying out the recommendations contained in reports adopted by the Council; and such other small sums for contingent expenses required to be paid from time to time, at the direction of said Commissioners. Carried.

Mr. Swinerton, seconded by Mr. Hanna, moves, That when this Council adjourns this day it do stand adjourned until 9 A.M. to-morrow. Carried.

Adjourned.

[ADOPTED.]

*Report of Commissioners of County Property on the matters submitted to them since last Meeting.*

To the Council of the United Counties of York and Peel:

The Commissioners of County Property respectfully report as follows:

That since the last meeting of the Council, the commissioners took into consideration the matter connected with the warming of the two smaller Courts, and the several County Offices, on the ground floor. After making diligent enquiry, they decided to substitute for hot air generated by furnaces in the basement, challenge heaters in the court rooms, and coal grates in the offices, believing that the rooms might be heated with coal at a much cheaper rate than with wood. The outlay will be seen by the several accounts herewith submitted.

The Warden having received a By-law passed by the County Council of Simcoe, in reference to a bridge over the Holland River at Bradford, and finding that the law requires an arbitrator to be chosen on behalf of these Counties, the commissioners appointed Mr. W. Tyrrell, of Weston, to act with the arbitrator (Mr. Ferguson) on the part of the County of Simcoe.

The commissioners have directed the County Treasurer to pay to the Treasurer of the Institution for the care of the Deaf and Dumb the sum of $115, for the quarter ending 31st Dec. last, being the amount charged for board, &c., of the three beneficiaries nominated by the Council.

The commissioners remind the Council that there is not a sufficient amount in the hands of the Treasurer to pay for the current quarter, and would suggest to the Council the necessity of making a further grant.

A communication has been received from the County Clerk of Wellington, requesting that $200 be granted towards paying the expenses of erecting a bridge over the River Credit, between Erin and Caledon. The commissioners, believing it to be altogether a local matter, directed the Clerk to send a copy of the resolution to the Reeve of Caledon.

Tenders for bread for the quarters ending 31st Dec., 1860, and 31st March, 1861, respectively, were received. The tender accepted for the former quarter was at the rate of 8½ cents, and for the latter at the rate of 8¼ cents the 4lb. loaf, made of flour No. 2.

Tenders also for the supply of coal were received and accepted, at the rate of $6 per ton for Brier Hill, and $6½ for Scrampton Egg, or hard coal. Coke has been obtained at 10 cents per bushel from the Gas Company.

The commissioners found, on further enquiry, that the payment of an account charged by the City for sewerage rate at the Jail, amounting to $56 82, could not be enforced; the commissioners, therefore, ordered the Treasurer not to pay the same.

The several accounts for the necessary work and repairs required to be done in and about the Court House and Jail, are herewith submitted; and the commissioners, having examined the same, recommend the Council to order their payment, viz:

## COURT HOUSE.

*Second Report of the Committee on Printing—The Minutes, Reports, By-Laws, &c.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report:

That they have had under their consideration the printing of the Minutes, By-laws, &c., for distribution in the United Counties of York and Peel; and your committee are of opinion that double the number of those sent last year to the different Municipalities will be required.

Your committee would therefore recommend that the Clerk do, in the usual way, apply for tenders for printing a sufficient number of copies of the Minutes, By-laws, Reports, &c., with colored paper covers, for the United Counties of York and Peel, without the condition of having to accept lowest tenders, unless he considers the party in every way competent to fulfil the contract, taking for a sample, as to size and manner the work is to be executed, a copy of the Minutes of last year's, and distribute them as follows:

One copy to each Warden in the outer Counties; one copy to each qualified Magistrate in the United Counties of York and Peel; one copy to each Clerk and Treasurer in the several Municipalities; and twenty copies to each Councilman in Villages and Townships sending a Reeve, and forty copies to each Councilman in Townships sending a Reeve and Deputy Reeve to this Council;—and also, that the Clerk shall estimate the number that will be sufficient for such distribution.

And your committee would further recommend that the Clerk of the Council would, according to the instruction of the Reeve of each Municipality in these United Counties, forward, as soon as may be convenient, the said number of copies of Minutes, By-laws, &c., provided for each Municipality, as the Reeve of each Municipality may direct, at the expense of said Municipality. And also, that the Clerk be authorized to get any other printing done for the use of the Council which may be considered necessary by the Warden. And also, that the Treasurer be authorized to pay the same on certificate of the Warden or Clerk. And further, that the Treasurer be, and he is hereby authorized and required to pay to Maclear & Co., the amount agreed upon for furnishing blank Assessment and Collectors' Rolls and Notices, as set forth in the Schedule to the First Report of the Standing Committee on Printing, provided that said Rolls, &c., are equal to the specimen sheets, after the said claim has been checked by the Clerk, and passed by the County Auditors.

All of which is respectfully submitted.

*Report of the Committee on Roads and Bridges on the various matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges respectfully report as follows:

Your committee have had under consideration the following documents, viz:

A communication from the Clerk of the County of Ontario, enclosing a By-law passed by the Council of that county, appropriating the sum of one hundred and fifty pounds to aid in erecting a bridge across the east branch of the Black River, between the Township of Scott and the Township of Georgina, provided the Council of these United Counties will appropriate an equal sum.

A legal opinion from Messrs. Patterson & Harrison, on By-law No. 71 of your Council; and also as to the power given to County Councils to maintain county roads and bridges by the present Municipal Law.

A communication from the Clerk of the County of Wellington, enclosing a copy of a resolution passed by the Council of that county, granting the sum of two hundred dollars to aid in erecting a bridge over the River Credit, between the Townships of Erin and Caledon, provided a similar sum should be granted by the County Council of Peel.

Your committee cannot recommend your Council to appropriate the sum of one hundred and fifty pounds to aid in the erection of a bridge over the Black River, as sought by the By-law of the County of Ontario, as it appears, from the best information your committee can obtain, it would be much more advantageous to the interest of that County than to any portion of the County of York; but would respectfully suggest to your Council the necessity of having the present Municipal Law so amended as to have all lines now designated as County Lines maintained jointly by the local Municipalities.

Your committee have directed much careful attention to the consideration of the legal opinion from Messrs. Patterson & Harrison, in connection with By-law 71 of your Council; and as your committee entirely concur with that opinion, and believing your Council have no authority to authorize Township Municipalities to enforce the performance of statute labor on dividing lines between Townships, and fearing that By-law 71 of your Council might lead to misapprehension, if not serious difficulties, your committee have prepared a By-law to repeal By-law No. 71, and to provide for the improvement and maintenance of county roads.

All of which is respectfully submitted.

*First Report of the Standing Committee on County Property and Jail Management, on Repairs necessary to be done to the Furnaces, &c.*

To the Counties' Council:

Your Committee beg leave to report:

That they have examined the different apartments in the Court House, and find some repairs necessary, particularly in the heating apparatus. Your committee found but one of the hot air furnaces in a good state of repair, a new heater having been put in sometime in the past year, under the direction of the Commissioners of County property.

The principal furnace—the one for heating the Council Chamber and Court of Assize,—is almost useless, the smoke escaping through the cracks in the sides, and thus finding its way into the apartments heated by this furnace.

Your committee would recommend that a new furnace be substituted for the old one now in use, believing this mode of heating large apartments preferable, in many respects, to that of stoves or challenge heaters, in diffusing heat more generally, and also being more economical and causing much less labor in the supply of fuel.

Some other repairs are necessary, and a new arrangement will require to be made in heating the County Court, and Division Court rooms, which your committee think should be left in the hands of the Commissioners of County property.

Your committee have had under consideration, the communication from the Registrar, County of Peel, asking for repairs in the registry office under his charge, and pointing out the unsafe condition of that building and its unfit state for the purpose intended.

From all the information your committee can obtain, they believe these representations are correct. The Registrar asks for an inspection of the premises by competent persons with a view to their repair. In the fall of 1859, one of the Commissioners of County property visited Brampton, for the purpose of inspecting the registry there. The Commissioner, in company with the Reeve of Brampton, proceeded to examine the place, and were received in such an uncourteous manner by the Registrar, that it was with some little difficulty and after some delay, they were admitted to the premises, and threw some obstacles in the way of repairs, proposed to be made by the Commissioners at that time.

Your committe recommend that the commissioners on County property be instructed again to inspect the registry at Brampton, and that they be empowered to cause such repairs, during the ensuing summer, to be made as are necessary for the safe keeping of the titles and papers committed to the care of the Registrar.

Your committee, however, are of opinion, that your Council should at some future time, take into consideration the propriety of erecting a new registry office in the County of Peel. The present building was never fitted for the purpose intended; and the title for the land on which the building stands is not one in fee simple, but contains a condition, that the same be held by these Counties only so long as the building thereon is used as a registry office.

All of which is respectfully submitted.

*Second Report of Standing Committee on County Property, appointing County Commissioners, State of Jail, &c.*

To the Counties' Council:

The Standing Committee on County Property recommend the appointment of three commissioners of County property for the year 1861, whose duty it shall be to take charge of the County buildings and their appendages, to superintend any repairs and improvements they may deem necessary for the preservation of the said buildings, or for their more proper use and convenience, the necessity for which may arise during the recess of this Council; and that they be authorized and empowered to rent or lease any rooms or offices in the Court House, and to fix the amount of rent to be paid by the occupants of the same, for one year or any less term, and shall have full authority to make contracts necessary on behalf of the Counties in providing supplies for the use of the Jail and Court House, and perform all the duties properly belonging to or required to be done by this Council during the recess; and that the Warden, with Messrs. A. F. Scott and R. Smith be such commissioners.

[Messrs. Tyrrell and Swinerton substituted for Messrs. Scott and Smith, by resolution.]

Your committee further recommend that the said commissioners, in addition to the duties above named, be appointed a select committee to meet the Inspectors of Prisons, under the provisions of the Act 20 Vic., cap. 28.

In reference to the resolution passed by your Council, instructing your committee to enquire into how the representatives of these United Counties acted and voted on the Bill for the separation from the City of Toronto, for judicial purposes, your committee, after some considerable difficulty, obtained a copy of the Journals of the last session of the Legislature (through the kindness of the Deputy Clerk of the Peace,) and find that on the 15th day of May, 1860, Mr. Wright, the member for East York, moved the House into committee on the Bill for such separation, when Mr. Brown, seconded by Mr. Robinson, moved "the six months' hoist." Against the last motion were recorded the votes of Messrs. Aikins, Howland, Wilson and Wright; thus the members representing these United Counties voting for separation, while the City members voted for continuing the connection, and subjecting the Counties to the continual annoyance and great expense of sending Jurors to Toronto, and paying them for trying cases belonging to the city of Toronto.

Your committee have been informed by one of the members representing these United Counties, that an opinion was entertained by the City members that, in the event of separation taking place, your Council intended to remove the County buildings out of the City, thus dividing the business in such a way as to cause two sets of officers. Your committee are not aware that the Council ever entertained such a proposition, and would strongly recommend continuing the buildings where they are under any circumstances.

Your committee, as usual, have visited the Jail, and find nothing very particular to report. The Prison they found in its usual clean and orderly condition, containing at present about 130 inmates. There was one matter which drew the attention of your committee, and that was the absence, or nearly so, of any employment of the male prisoners—no labor apparently to be done, except cutting the wood required for the use of the Jail. On enquiry into this matter, Mr. Allen informed the committee that he was unable any longer to dispose of the stone broken by the prisoners, consequently had to discontinue that part of prison labor. This, of

course, does not affect this Corporation in any respect, in a pecuniary point of view, as the Counties have never received one cent from the proceeds of prisoners thus employed; but the moral effect upon the prisoners themselves will be very obvious. Persons committed to our County Jail, and kept in idleness, the effect will be, instead of being to them a place of punishment, will be looked upon by some as a place of refuge, and be inclined to seek an asylum therein. However, your committee can suggest no remedy at present for the difficulty, owing to the uncertain occupancy of the County Jail by City prisoners; but so soon as the City provides their own Jail accommodation, something will require to be done in reference to the employment of County prisoners.

Appended to this report is a table of Jail statistics for the year 1860, which your committee recommend to be printed herewith.

Your committee would notice an inventory, submitted by the Clerk, of the furniture of the Court House, the value of which is estimated at $6000; the same appears to be properly attended to under the care of the house keeper, and the different County officers.

All of which is respectfully submitted.

*Third Report of Standing Committee on County Property and Jail Management.*

To the Counties' Council:

The Standing Committee on County Property respectfully report on the following documents:

1. The petition of Priscilla Lee, of the Village of Yorkville, for remuneration from this Council for the board and lodging of Thomas Johnston, for the term of nine weeks, while attending the Deaf and Dumb Institution in Toronto.

2. The application of James Dean, of the Village of Streetsville, for pecuniary aid to enable him to place his grandson, a deaf mute, at the same school.

In reference to these two matters, your committee considers such applications should be accompanied by a certificate from the Reeve of the Municipality, or a Magistrate or Magistrates, or such other respectable parties as would warrant the Council to take action therein; and in the absence of such reliable information, your committee recommend that no grant be made in these cases, unless accompanied by some such certificate.

3. The application of William Collins, of the Township of North Gwillimbury, asking for assistance to place his blind daughter at the Deaf, Dumb and Blind School in Toronto.

Your committee have taken the opinion of the Reeves of North Gwillimbury and Georgina, who are acquainted with the case, and recommend that some assistance be granted under the circumstances.

4. Your committee have had under their consideration a communication from Dr. Morris, Superintendent of the Deaf, Dumb and Blind School, relative to the support in that institution of one Edwin Pingle, of the Township of Markham.

In this case, as in the two former, your committee have been unable to obtain what they consider sufficient information to warrant them to report in favor of the case, and therefore cannot recommend the Council to take any action in the matter at present.

5. Your committee next took into consideration the petition of the Directresses of the Magdalene Asylum situate at Yorkville, and consider that institution one deserving the attention of your Council and the sympathy of a benevolent public. This place of refuge has been in existence about seven years, and hitherto has been supported chiefly by private contributions. It appears from the last Report that the number received into the Asylum since its commencement is three hundred and thirty-six, of which number from a fourth to a third have been rescued and restored to society. Your committee, therefore, recommend that the sum of $100 be granted to the Magdalene Asylum at Yorkville.

6. Your committee have considered the communication from Messrs. Wilson, Patterson, Beaty & Co., relative to some injury alleged to be sustained to the property of G. Hawke, Esq., of the City of Toronto, from the close proximity of said property to some of the privies connected with the Court House of these United Counties.

Your committee have no means of ascertaining whether any just cause of complaint exists or not, but recommend that the Commissioners on County Property be instructed to enquire into the matter at their earliest convenience, and if any real difficulty exists on the part of these United Counties, to cause the same to be removed.

All of which is respectfully submitted.

A statement from the Chairman of the Board of Grammar School Trustees of Weston, shewing for what purposes the grant of the Council last year had been applied.

A statement of incidental expenses incurred by the Circuit Board of Public Instruction of the County of York, ending the 31st day of December, 1860, amounting to the sum of $21 17, exclusive of allowance and mileage.

A statement of incidental expenses of the Circuit Board of Public Instruction of the County of Peel, ending the 31st day of December, 1860, amounting to $82 30.

A communication from John A. Donaldson, Esq., tendering his resignation as Trustee of the Grammar School at Weston.

The financial reports of the respective Boards of Grammar School Trustees, shewing the manner in which they had appropriated the funds granted last year, with the view of rendering their schools more efficient, and enlarging their sphere of usefulness, have met with the approbation of your committee; and in order to encourage their endeavors in the promotion of their praiseworthy objects, your committee have no hesitation in proposing a continuance of the aid hitherto furnished.

Your committee have been enabled to consult a large number of documents in reference to Grammar Schools in these United Counties, and feel satisfied that they work well, and are peculiarly adapted to the requirements of the rising generation, being the preparatory means by which our Universities are to be reached, and the blessings of a full and complete education are to be attained. Your committee beg leave to recommend to the Council that the sum of $1,200 be appropriated to the six Grammar Schools hereinafter named, to be equally divided between them, and to be expended in such a manner, under the direction of the Boards of Trustees of each School, as they may deem best calculated to serve and promote the general interest of the schools,—that is to say:

| | | | | |
|---|---|---|---|---|
| To the Grammar School at | | | Streetsville | $200 |
| " | " | " | Richmondhill | 200 |
| " | " | " | Weston | 200 |
| " | " | " | Newmarket | 200 |
| " | " | " | Brampton | 200 |
| " | " | " | Markham | 200 |

With regard to the applications on behalf of Dr. Langstaff and Mathew Teefy, Esq., praying that they might be appointed members of the Board of Trustees of the Richmondhill County Grammar School, your committee feel it due to the respective petitioners, who have highly recommended those gentlemen to the Council as equally fit and proper persons to discharge the duties pertaining to the office of Trustee, to advise their appointment.

On reference to the statute 16 Vic., cap. 186, and 20th section of the Grammar School Act, 22 Vic., cap. 63, authority is given to County Councils to appoint from six to eight members, to constitute a Board of Trustees, under which statutes your committee have thought proper to increase the number of such officers in the school referred to in this report, in view of promoting harmonious action, and tending, in the opinion of your committee, to the advancement of the general interests of the schools.

Your committee are happy to be able to comply with the suggestions from the several Boards of Grammar School Trustees, in recommending the appointment of Trustees to the several schools under the patronage of your Council, and have prepared a resolution accordingly, in reference to the Senior Grammar School situated in the City of Toronto; your committee consider the present Grammar School Law should be so amended that the Trustees of that School should be appointed by the Council of the City of Toronto.

Your committee have great pleasure in recommending Mr. Wm. Hope to be re-appointed to the Local Superintendency of Education for the Township of Toronto—an office which he seems to have filled for the last three years to the entire satisfaction of the people, as shown from the testimonials furnished to your committee for their information.

Under the Act respecting the attendance of members of Boards of Grammar School Trustees at meetings of the Counties' Boards of Public Instruction, your committee would respectfully recommend that a wise discretion should be exercised on the part of such Boards, to select but one from amongst their number to represent them at such County Boards, thereby not only saving unnecessary expenses to the County, but fully meeting the objects contemplated by the Act referred to. The committee would also advise that the Clerk be instructed to notify the Chairmen of the respective Boards to the above suggestion, which they have deemed it proper to make.

The communication of the Secretary to the Board of Public Instruction for the County of Peel, assigning certain reasons why the suggestions of the education committee's report of last year were not complied with, in regard to the expensive mode adopted in advertising in a number of public newspapers, thereby, as considered in some instances, unnecessarily consuming the public funds designed more legitimately for the sustentation of the schools. Your committee can see no good reason why they should depart from their former suggestion.

Your committee communicated with the Deputy Superintendent of Education on the subject of inserting school advertisements in the *Journal of Education*, by the various Boards of Trustees and of Public Instruction in these United Counties, and received a reply that, upon application being made, the Department invariably waited for half-yearly payments from public bodies who desired the insertion of advertisements in the columns of that journal.

The statements of the incidental expense laid before your committee, referring to the disbursements of the Circuit Boards of Public Instruction in these United Counties, having been carefully examined by your committee, were found to be correct, the payment of which your committee recommend to be made by your Council.

With a view to prevent an unfavorable contrast being made between the respective Boards of Public Instruction for these Counties, in regard to the apparent small outlay by that of York in comparison with that stated in the report (No. 17) of Peel, it is only necessary to observe, that the York Board had previously received from the County Treasurer a sum, at least, commensurate with the amount to which the Peel Board is now entitled to receive.

In the committee's report of last year a belief was expressed, "that there was a growing desire in the public mind in favor of maintaining one uniform national school system, adapted to the requirements of all classes of the people, devoid of any distinctive character, as regards their civil or religious positions in society, which must, if judiciously fostered, tend to the most satisfactory results."

Your committee have every reason to conclude, that the same sentiments are still entertained and pervade the public mind, and that the beneficial results flowing from them are prominently exhibited in the satisfactory progress of education in our country.

All of which is respectfully submitted.

*First Report of Finance Committee in reference to Taxes on Non-resident Lands, &c.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment report as follows:

Your committee have taken into consideration the statement furnished by the Treasurer respecting the non-resident land taxes in these Counties, by which it appears that these taxes are now in arrears to the amount of $30,790, being an increase of $2,836 30 over last year. Your committee are of opinion that any longer delay in enforcing the payment of these taxes will increase the difficulty of their collection, and will not be of any benefit to either the proprietors of the land or the Municipalities to which the taxes belong.

Your committee, therefore, recommend that the Treasurer be instructed to issue annually in the month of June, or as soon thereafter as possible, a warrant under his hand and seal, directed to the Sheriff of the United Counties, commanding him to levy upon the lands on which a portion of the taxes has been due for five years, for the arrears of taxes due thereon, with his costs.

Your committee also recommend that the Treasurer be instructed to publish a general notice for one month in the *Weekly Globe*, *Weekly Leader*, *Markham Economist*, *Brampton Times*, Richmondhill *Herald*, and Newmarket *Era*, and weekly for the same time in the *Daily Leader* and *Globe*, calling the attention of the holders on non-resident lands to the surcharge of ten per cent.—added annually on the first of May, and notifying them that all such lands will be sold as soon as any portion of the taxes thereon shall have been due for five years.

All of which is respectfully submitted.

*Second Report of the Committee on Finance.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment respectfully report as follows:

The claim against the City of Toronto for the care and maintenance of city prisoners from 1st January, 1857, to 1st December, 1858, has, pursuant to instructions from your Council, been referred to the County Solicitor for his opinion; and as this will probably not be given during the present session of the Council, and as some members of the City Council (including the Mayor) have suggested the appointment of a committee by each Council to deal with the matter, your committee recommend that a special committee of three members be appointed by your Council to confer with a like committee to be appointed by the City Council, with power to effect any arrangement they may deem advisable, either by compromise or submission to arbitration; and, in case no arrangement can be effected, or no committee be appointed by the City Council, then, with full power to act upon the opinion of the County Solicitor, and take such legal steps as he may advise, and if the Solicitor shall so advise to take the opinion of some eminent Equity Lawyer, and to act thereon, and to take all such other steps as they may deem advisable to secure a speedy and satisfactory settlement of the claim; and that such committee consist of the Warden and Messrs. Scott and Tyrrell.

[Amended by appointing Messrs. Smith and Musson instead of Messrs. Scott and Tyrrell.]

Your committee also recommend that the same committee be authorized to communicate with Messrs. Patterson & Harrison, from time to time, in reference to the claim against the City for care and maintenance of City prisoners since 1st December, 1858, and to take any such steps as they may deem advisable to hasten a settlement of such claim.

The opinion of the Solicitor has also been asked as to the legality of the payment of £100 annually to William Higgins, High Constable; and in case the Solicitor shall be of opinion that your Council are not obliged to pay such salary, your committee recommend that the commissioners of County property be authorized to take such steps as may be necessary to prevent the further continuance of such payment.

With respect to the account of Maclear & Co., of $10, for books, &c., for Registry Office, your committee recommend the payment of $2 for lettering and paging books, and are of opinion that the item of $8, for blank book, should not be charged to this Council, as the book furnished is for the entry of the fees and emoluments of the Registrar, and not within the class of books furnished by the Treasurer.

Your committee have taken into consideration the several applications for aid to Agricultural Societies, and believing it to be highly important to the interests of the counties to keep these societies in efficient working order, recommend the payment of the following sums, viz.:

| | |
|---|---|
| To the East Riding of York and Electoral Division Agricultural Society... | $130 00 |
| To the West " " " " " ... | 130 00 |
| To the North " " " " " ... | 130 00 |
| To the County of Peel Agricultural Society..... | 210 00 |
| In all..... | $600 00 |

Your committee have also considered the application of Kivas Tully, Esq., for remuneration for services as Engineer, in relation to the Scarboro' and Markham plank road, and although it does not clearly appear by whom this claim should be paid, yet your committee can see no reason why any expense connected with such a purely local matter should be borne by the County at large, and therefore cannot recommend payment of the claim.

All which is respectfully submitted.

*Report of Committee appointed to revise and equalize the Assessment Rolls for the year* 1860, *with two Schedules, shewing the equalized value of property in these Counties.*

To the Municipal Council of the United Counties of York and Peel.

The Committee to whom was referred the Assessment Rolls for the several Municipalities in the United Counties for equalization, beg to report as follows:

That they have had the said rolls under their consideration, and have prepared an abstract (No. 1, similar to that of former years,) showing the average value at which both resident and non-resident lands have been assessed in the several Townships respectively, also the aggregate quantities and value of both descriptions of land in each Township, with the total value of taxable income and other taxable personal property as assessed, together with a comparisom of the number of acres assessed in each Township for the years 1859 and 1860, likewise with the number of acres in each Township as given by Government return and the assessment of 1860.

In making the equalization, your committee do not propose any change from the value placed by the Assessors on non-resident lands, but have confined their efforts wholly to lands assessed as resident lands, and, in so doing, have made the following difference in the classification of the several Townships, viz.:

| | | | | |
|---|---|---|---|---|
| 1*st class*— | The Township of York | | $36 | per acre. |
| 2*nd* " | " | Etobicoke and Toronto | 33 | " |
| 3*rd* " | " | Gore of Toronto, Markham and Vaughan | 30 | " |
| 4*th* " | " | Chinguacousy and Scarborough | 29 | " |
| 5*th* " | " | King and Whitchurch | 18 | " |
| 6*th* " | " | East Gwillimbury | 15 | " |
| 7*th* " | " | Albion | 14 | " |
| 8*th* " | " | Caledon and North Gwillimbury | 11 | " |
| 9*th* " | " | Georgina | 8 | " |

Your committee found the rolls in much better order than in previous years, with a few exceptions—for instance, the taxable income was omitted from the total, as shown by the roll from the Township of Markham, and that of King, showing errors in footing up of the pages; the roll from Vaughan contained no return of non-resident lands, and in the roll from Brampton the several columns were not added up, the total only being given at the end of the roll; in the roll from Streetsville, the totals of the several columns were given in one column on each page, instead of being added up separately.

Your committee found the majority of the assessment rolls lower than those of the previous year—the total assessment of these Counties shewing a reduction of $963,578.

Your committee, in consideration of the high valuation made in the several villages as compared with the adjoining Townships, deemed it to be their duty to adopt a different course to that of former years. In the Township of York, in many cases, lands are valued at $40 per acre, when adjoining lands in the Village of Yorkville are assessed at $200 per acre. In making the equalization, your committee have reduced the aggregate of the Incorporated Villages from the assessed value, so as to bear a just relation to that of the Townships; and, in doing so, your committee believe they are acting in strict accordance with the true intent and meaning of the assessment law.

The accompanying Schedule, No. 2, an abstract showing the aggregate as equalized, together with that of the assessors, showing an increase as equalized of $351,508, which may be accounted for by your committee placing a higher rate per acre in the foregoing classification, than that shown by the assessment rolls.

In reference to the instruction given by this Council respecting the Government return of the number of acres in the Township of East Gwillimbury, your committee find, by referring to 14 and 15 Vic., chap. 5, that an addition has been made to the original survey, but they have no means of ascertaining the number of acres thereby annexed. Therefore your committee would respectfully recommend, that the Clerk of this Council be instructed to communicate with the Crown Lands Department, for the purpose of ascertaining the correct number of acres that Township contains.

In reference to the Village of Holland Landing, inasmuch as there are not at present any assessment rolls or papers, by which your committee are enabled to determine the portion of assessed value in the Township of East Gwillimbury now included in the incorporated village of Holland Landing, therefore recommend that the County Clerk be instructed to notify the Clerk of the said Township to transmit to this Council, at its meeting in June, a statement of the assessed value of that part of such Township, now embraced within the limits of the aforesaid Village.

All of which is respectfully submitted.

*Second Report of Committee appointed to Revise and Equalize the Assessment Rolls, in reference to gross irregularities practised by some of the Assessors.*

The said committee beg leave to report:

That your committee have been informed that in some Municipalities, two or more members of the same family are assessed for the same property as joint owners or tenants, when, in fact, such is not the case, and your committee are further informed that the object in view is to avoid the performance of statute labour, to increase the number of names on the assessment roll for the purpose of voting, and, what is still more to be regretted, to obtain a larger share of the Clergy Reserve money than would otherwise be obtained.

Your committee have examined the rolls, for the purpose of ascertaining, whether there is any grounds for such a serious charge, and regret to have to state, that in many instances there is reason to believe that such is the case.

Your committee do not feel called upon to do anything farther than to lay the matter before the Council, confidently relying upon the wisdom, prudence and scrupulous regard for each others rights which have ever characterized its proceedings.

All which is respectfully submitted.

*Second Report of Committee on Education, on a communication from Chairman and Secretary of Newmarket Grammar School.*

To the Municipal Council of the United Counties of York and Peel.

The Committee on Education beg leave to report as follows:

That they have had under their consideration a communication from the Chairman and Secretary of the Board of Grammar School Trustees of Newmarket, in which language occurs improperly reflecting upon a member of this Council, as having, by implication, exerted undue influence to prevent the re-appointment of a certain gentleman to the Board of Trustees of the School referred to. Your committee beg leave to report that the accusation thus made had not the slightest foundation in fact, and that, in order to sustain the dignity of the Council, and the character of one of its members, they would recommend the communication alluded to, be not filed by the Clerk amongst the public documents of the Council, said communication being, in the opinion of your committee, in direct contravention of the 46th rule of the Council.

Your committee have also had under their consideration the petition of B. Joy, and 47 others, praying for the appointment of Dr. John Bently and Alfred Boultbee Esq., to the office of Trustees of the Grammar School in Newmarket. Your committee only feel it necessary to refer to the fact, of the action your Council has already taken in regard to the recommendations contained in the said petitions, and desire to express their concurrence in the same.

All of which is respectfully submitted

# PETITIONS TO THE LEGISLATURE.

## (AS REPORTED BY A SELECT COMMITTEE.)

*Report of the Select Committee appointed to draft Petitions to the Legislature on various matters requiring attention, with seven Petitions.*

The select committee appointed to prepare petitions to the Legislature, respectfully report as follows:

Your committee have paid as much attention as the limited time at their disposal would allow, to the several important amendments proposed by your Council, and which, in the opinion of your committee, if carried out, would add materially to the harmonious working of the Municipal Law.

Your committee have prepared the following petitions, which they herewith submit:

1. A petition to prevent the running of Railway Trains on the Sabbath day.

2. A petition to provide for the education of the deaf and dumb, and blind.

3. A petition in reference to the water lots owned by these United Counties.

4. A petition praying that the different Municipalities may have the power given them to elect the Reeve and Deputy Reeve by direct vote of the people.

5. A petition to place the roads and bridges dividing Townships under the direct control of the Local Municipalities.

6. A petition to prevent any person, in the same year, representing, as Councillor, two distinct Municipalities.

7. A petition to allow Municipal Corporations to invest moneys, in real estate, derived from the Clergy Reserve Funds, for educational purposes, and to legalize any already so invested.

All of which is respectfully submitted.

## TO PREVENT THE RUNNING OF RAILWAY TRAINS ON THE SABBATH.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth,

That the present law, 8th Vic., chap. 45, passed to prevent the Profanation of the Lord's day, is not sufficiently comprehensive as regards public corporations, to bring them within the jurisdiction of the legal authorities.

Your Petitioners feel that the exemption of any parties from the penal provisions of any Act, and especially one to ensure the better observance of the Sabbath day, not only divests it of fairness, but ignores the great principle which it should uphold.

Your Petitioners would, therefore, respectfully represent to your Honorable House, that the running of Railway Trains on the Lord's day, is as much in direct contravention of the Fourth Commandment, as any other work on that day, which the existing law is intended to reach and punish.

Your Petitioners respectfully and strongly urge upon the consideration of your Honorable House, the demoralizing tendency of allowing Railway Trains to run on the Sabbath day.

Under such circumstances, your Petitioners feel it their duty, as a corporate body, representing large Christian constituencies, to call the attention of your Honorable House to this important subject, and pray that you will pass a Bill compelling all Corporate bodies, as well as individuals, to comply with the requirements set forth in the 8th Vic., chap. 45, before cited.

And your Petitioners, as in duty bound, will ever pray.

## TO PROVIDE FOR THE DEAF, AND DUMB, AND BLIND.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That there are in this Province a large number of persons who are deaf and dumb, and many who are blind, most of whom have been so afflicted from their birth. That much attention has of late been given to the education of this class of persons, and it has been conclusively shown that, under proper tuition, they are capable of attaining a high degree of advancement in useful knowledge.

That while the general education has received the greatest attention, the education of deaf mutes and blind persons has, in this Province, been very much neglected.

That an institution for the education of these persons has been established in Toronto by private subscription; that it has succeeded fully as well as its limited means would allow; that your Petitioners, anxious that its benefits should be extended, have granted $400 per annum for its support during the two past years, and that from a careful observance of its progress, your Petitioners can confidently recommend this institution to the attention of your Honorable House.

That in order to extend the benefits of such an education to all who may need it, some general and concerted action is necessary; and, in the opinion of your Petitioners, this can best be effected by Legislative interference.

Your Petitioners, therefore, humbly pray your Honorable House to make some suitable general provision for the education of the deaf and dumb, and blind, in Canada, either by establishing general institutions in different parts of the Province, or in such other manner as to your Honorable House shall seem meet.

And your Petitioners, as in duty bound, will ever pray.

## IN REFERENCE TO THE WATER LOTS AND ESPLANADE.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petitioners of the Municipal Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That in the construction of the Esplanade, under the provisions of the 16 Vic., chap. 219, and 20 Vic., chap. 80, the contractors, with the consent of the Corporation of the City of Toronto, diverged towards the south, from the line defined by the statutes above referred to, about two hundred feet, without the knowledge or consent of your Petitioners. Your Petitioners, not having been notified of any alteration, nor, as provided by statute, of the intended filling up consequent thereupon. Your Petitioners having at the time a large amount of available labour, could at comparatively small expense have filled up the space on the water lot required to be filled.

Whereas the Corporation of the City of Toronto have demanded from your Petitioners, for filling in said water lot, the large sum of $12,547 10, which sum, if really expended in such filling, has not in any way enhanced the value of your Petitioners' property; but, on the contrary, has rendered said water lot or lots granted to your Petitioners, by an order of the Executive Council passed on the 21st June 1853, of less value, by depriving them of free communication with the Lake, in consequence of the Corporation of Toronto selling to the Grand Trunk Railway Company forty feet in width of said Esplanade, thereby depriving, as aforesaid, your Petitioners of free access by water to the most valuable portion of said water lot.

Your Petitioners pray your Honorable House to allow no further legal sanction to be given to the Corporation of the City of Toronto to enable that Corporation to recover this large sum which they so unjustly claim.

And your Petitioners, as in duty bound, will ever pray.

## FOR REEVES AND DEPUTY REEVES TO BE ELECTED BY THE PEOPLE.

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That by the present Municipal Law the Reeves and Deputy Reeves of the Townships and Villages are chosen from amongst themselves by the five Councillors elected annually.

That, in the opinion of your Petitioners, the selection by such a small electoral body of one or two of themselves is open to many objections, and is not always conducive to the best interest of the Municipalities, and sometimes leads to the election of persons to fill that office who do not really represent the whole Municipality.

Your Petitioners, therefore, humbly pray your Honorable House to pass an Act so to mend the Municipal Law that the Reeves and Deputy Reeves of Townships and Villages may be elected in the same manner as the Mayor of Cities and Towns.

And your Petitioners, as in duty bound, will ever pray.

## TO PLACE ROADS AND BRIDGES BETWEEN TOWNSHIPS UNDER THE CONTROL OF THE LOCAL MUNICIPALITIES.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That by the present Municipal Law, the roads dividing Townships are placed under the exclusive jurisdiction of the County Councils, which has been found to be most inconvenient.

That your Petitioners find it would be much more convenient, and better calculated to improve and maintain these roads, to have them placed under the joint jurisdiction of the Townships adjoining, as they would have them under their immediate control.

That although power is given to County Councils to direct that these roads be maintained and repaired by the Townships interested, there are many difficulties in the way of carrying out this object.

Your Petitioners, therefore, humbly pray your Honorable House to pass an Act, to place roads between Townships under the entire control of the Local Municipalities.

And your Petitioners, as in duty bound, will ever pray.

## TO PREVENT ANY PERSON, IN THE SAME YEAR, REPRESENTING TWO MUNICIPALITIES.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That your Petitioners desire that your Honorable House will be pleased to make such an amendment in the Act respecting Municipal Institutions of Upper Canada as will prevent any person from representing, as Councillor, in the same year, two separate Municipalities.

And as in duty bound, your Petitioners will ever pray.

## TO ALLOW CORPORATIONS TO INVEST MONEYS IN REAL ESTATE, FOR EDUCATIONAL PURPOSES.

*To the Honorable the Legislative Assembly of Canada, in Parliament aassembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That on account of the difficulty of procuring suitable Debentures, several Municipal Corporations have invested the moneys received by them, from the sale of the Clergy Reserve Lands, in first class real estate securities, for educational purposes.

That your Petitioners find it would be much to the advantage of Municipal Corporations to have the power to invest said moneys in real estate securities.

Your Petitioners, therefore, pray that your Honorable House will see fit to pass an Act, to enable the Municipal Corporations of the respective Townships to invest, for educational purposes, moneys received from the sale of Clergy Reserve Lands in first-class real estate securities; and also to legalize such investments as have already been made for such purposes.

And your Petitioners, as in duty bound, will ever pray.

## REPORT OF THE SELECT COMMITTEE

*Appointed to draft a Petition to the Legislature for the Separation of the Counties from the City, for Judicial Purposes, with Documents and Petition appended.*

To the Council of the United Counties of York and Peel:

The Select Committee appointed to prepare Petitions to the Legislature beg leave to report as follows:

In a matter of such importance as the separation of the United Counties of York and Peel from the City of Toronto, for judicial purposes, in which a deep interest is felt by every rate-payer, and for the past four years prayed for by the Municipal Council of these United Counties, your Committee felt that a strong necessity for such separation should be fully established.

Your committee have availed themselves of the various sources of information at all likely to afford any aid.

Appended to this report are the returns from the Treasurer, the Sheriff and the Jailor, shewing by these official records the large amount required for the administration of justice among us, and shewing clearly the source from which the funds are derived to pay such expenses.

The Court of Oyer and Terminer, and general Jail delivery, which is alike open to the City and Counties, held three sittings, as shown by the Sheriff's Return, (Appendix B.) during the past year.

The Jailor's Return (Appendix C.) shews the large number committed from the City of Toronto, as well as the number committed from these United Counties, and also the cost of the maintenance of City and County prisoners separately.

Your committee are aware of the great trouble, as well as time, expended in endeavoring to obtain a reasonable arrangement with the City of Toronto, and that to the present time no arrangement has been obtained to enable these United Counties to avail themselves of the large amount of money due by the City of Toronto, for the maintenance of their prisoners confined in the Jail of these Counties for the past four years, which, with the actual loss sustained by these Counties, is, in the opinion of your committee, a strong reason for demanding an immediate separation.

The actual loss sustained by these United Counties for the past four years, resulting from their connection with the City of Toronto, cannot be less than $7,329 per annum, as shown by Appendix A., which sum had to be supplied by a direct tax upon the rate-payers of these Counties, for the benefit of the City of Toronto; this, together with the serious loss of time and delay to suitors, witnesses and jurors attending Court, as shown by Appendix B., for three times each year, the greater portion of which time is devoted exclusively to city business, for which no charge is made, and not included in the amount above stated.

Your committee are confident that the Legislature will no longer allow such injustice to continue, but, when the matter is fairly brought before them, will at once pass an Act that will place these Counties on a just and equitable basis.

On reference to the Journal of the House of Assembly, it will be seen that the members for the City of Toronto, whether influenced by private or political motives, invariably have opposed any Act for separation, and the members from these Counties have supported it.

Your committee trust the members representing these Counties, will again renew their efforts, and have every confidence that, during the ensuing session of the Legislature, an Act will be passed to separate these Counties from the City of Toronto for judicial purposes.

All of which is respectfully submitted.

TORONTO GAOL, 4th February, 1861.

WM. TYRRELL, ESQ.,

SIR,—In reply to your communication of the 2nd inst., desiring a statement of the expense of the daily maintenance of prisoners in the gaol of the United Counties of York and Peel, for the year 1860, distinguishing city from county prisoners, I beg leave to state that the rations of the prisoners for the past year has cost for each prisoner 4½d. (four pence half-penny) per diem.—This of course you will see has reference merely to their food.

| County Prisoners " " 4,221 " at 4½d each | 79 | 2 | 10½ |
| Difference of maintenance—City and County | £841 | 15 | 3 |

Trusting the foregoing statement may prove satisfactory.

I remain,
Your obedient servant,
GEORGE L. ALLEN,

# PETITION FOR THE SEPARATION OF THE COUNTIES OF YORK AND PEEL FROM THE CITY OF TORONTO.

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That under the Act 22 Vic., cap. 54, and sec. 404, of the Consolidated Statutes, the Gaol and Court House, belonging to the United Counties of York and Peel, are allowed to be used jointly by the City of Toronto during the pleasure of that Corporation.

That your petitioners would represent that the said buildings were erected at the expense of these United Counties, and that the entire cost of providing for and sustaining the same, falls upon these Counties.

That in consequence of the privilege given under the Act before cited to the City of Toronto, your petitioners deem it unjust that these Counties should longer be burdened with the large expense necessarily entailed upon them.

That the annual charge upon these Counties of seven thousand three hundred and twenty-nine dollars, in excess of what would be chargeable upon them if they were separated from said City for judicial purposes, is felt by your petitioners to be a great hardship and injustice inflicted upon them.

In pressing upon your Honorable House the necessity of separating these United Counties from the City of Toronto, for judicial purposes, your petitioners have no objection that the Sheriff of the City of Toronto should be empowered to exercise official Jurisdiction over these United Counties.

Your petitioners, therefore, humbly pray your Honorable House to pass an Act separating the United Counties of York and Peel from the said City of Toronto, for judicial purposes.

And your petitioners, as in duty bound, will ever pray.

All of which is respectfully submitted.

## REPORTS OF COMMITTEES, BY-LAWS, &c.

### SECOND MEETING, 1861.

*Report of Commissioners of County Property.*

To the Council of the United Counties of York and Peel:

The Commissioners of County Property respectfully report on the several matters connected with the interests of the Counties, which have been submitted to them, since the last meeting of the Council.

They found the nuisance, complained of by Mr. Hawke, was of such a nature as to require immediate attention, and, with Mr. Hawke's kind permission, were enabled to remedy the evil complained of, by erecting a wall in Mr. Hawke's cellar, at a distance from the former wall, and by puddling between the two walls, the detailed account of which has been submitted.

The Commissioners have also found it necessary to have the yard and premises thoroughly cleansed.

The Commissioners have also given an order upon the Treasurer for the sum of $210, for the payment of two quarters' board and instruction of the three deaf mutes, now in the Institution at the expense of the Counties; one of them, Bernard Carley, has been removed, and Edward Pingle allowed to remain in his place. Edward Stephenson was also removed on the 27th February last, and James Deans, of Streetsville, admitted in his place.

A communication has been received from the Reeve of North Gwillimbury, and others, recommending the admission of a daughter of Wm. Collins (a deaf mute) into the Institution at the expense of the Counties. But it not having been stated that the parents of the child are in indigent circumstances, the Commissioners have not given an order for the child's admission.

The furnace in the basement, used for warming the Court of Assize, has been temporarily repaired, and will require (together with the one used for heating the Council Chamber) considerable alteration before either of them can be used again.

The Commissioners advertised in the usual way for tenders for the supply of fuel wood, for the Gaol and Court House, for the year ending 31st March, 1862, when that of Messrs. Beard and Sons was accepted, at $4.25 per

cord. Also, a tender for the supply of bread for the Gaol, for the quarter ending 30th June, was accepted at eight cents the four pound loaf.

In accordance with the instructions of the Council, the Commissioners, accompanied by the Warden, inspected the Registry Office at Brampton, which they found totally unfit to secure the important documents it contains, and they consider it necessary that something should be done immediately, either to repair the present building or erect a new one. From the frail and very imperfect state of the present building, the Commissioners, after careful deliberation, have concluded that it would be much better to have a suitable building erected on the same site, provided the title of the property was made satisfactory to the Counties' Solicitor. Should the Council concur in the opinion of the Commissioners, it would be advisable that plans and specifications should be prepared by a competent Architect, and the contract let as soon as possible, that the building may be finished before the fall. The Commissioners are of opinion, that a new building might be erected sufficiently commodious and secure, for about twelve hundred dollars, together with the materials in the present building.

The several accounts in detail, for work done in and about the Gaol and Court House, are herewith submitted and set forth in the schedule. The same having been examined, recommend that they be paid by the Treasurer.

All of which is respectfully submitted.

*Report on Printing.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report:

That they have had under their consideration the necessity of getting a certain number of copies printed of the bill passed at the last session of Parliament, providing for the separation of the City of Toronto from these United Counties for judicial purposes.

Your Committee would, therefore, recommend that the Clerk do, as soon as possible, get 1,000 copies of said bill printed, and distribute them by giving 25 copies to each member of this Council.

All of which is respectfully submitted.

[ADOPTED.]

*Second Report on Printing.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing, beg leave to report:

That they have had their attention called to the necessity of restricting the printing of so great a number of copies of the Minutes of this Council, as were printed, of its last session.

Your Committee would, therefore, recommend that the Clerk do, in the usual way, obtain one half the number of copies of Minutes, By-Laws, Reports, &c., of the present session of this Council, as were printed of its first session, and distribute them according to the instructions laid down in the Second Report of the Standing Committee on Printing, at the last session of this Council.

All of which is respectfully submitted.

(Signed,) ROBERT MARSH,
*Chairman,*

Committee Room,
June 8th, 1861.

[ADOPTED.]

*First Report on Finance, &c.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment, report as follows:

Your Committee have examined the estimates submitted by the Treasurer, and recommend that the several sums mentioned therein be levied by the present year, viz.:

| | |
|---|---|
| For the payment of Debentures and interest | $ 848 |
| For salaries of School Superintendents | 1,068 |
| For general purposes | 22,537 |
| | $24,453 |

All of which is respectfully submitted.

*Chairman.*

Committee Room,

[ADOPTED.]

*Second Report of the Committee on Finance, &c.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment further report as follows:

Your committee recommend that the petition of William Chamberlain be granted, and that the fees paid by him for an auctioneer's license be refunded, as it fully appears that he was prevented, by ill health, from making use of the license; and that his circumstances are such that the loss of the money is a serious injury to him.

With respect to the renewed application of Kivas Tully, Esq., for payment of his fees as Engineer, for examining and reporting upon the condition of the Markham Plank Road, your committee again express the opinion that these expenses should not be borne by your Council.

Your committee do not recommend any action in reference to the petition of Jane Cochrane for aid, as she has already received the sum of $50 from your Council.

Your committee recommend that the Treasurer be authorized to give, from time to time, such notes as may be necessary to comply with the requirements of the Bank of Upper Canada, on condition that no other interest or discount be charged than ordinary interest on the overdrawn account.

As to the account of Maclear & Co., for books furnished to the Registrar of the County of Peel, your committee are of opinion that the books are not among those which your Council are required by law to furnish.

With respect to the petition of Hon. David Reesor and others, praying for aid to complete the Lock-up House at Markham, your committee are of opinion that it is not advisable to make any special grant for that purpose; but that if any aid be given by your Council to such buildings, it should be upon some general plan for the benefit of the whole United Counties.

All which is respectfully submitted.

*Report on County Property and Gaol Management &c.*

To the Counties' Council:

The Standing Committee on County Property report as follows:

That your committee, according to custom, have visited the Gaol, and have found it in its usual clean and tidy condition, and have little of a special nature to report concerning it. The prison at present contains about 110 inmates, and a marked improvement is observable since the last visit of your committee, in the shape of prison labour. Nothing apparently was doing at that time amongst the male prisoners, but now they are fully employed in breaking stones and cultivating the piece of ground attached to the Gaol, which latter appears to be very well attended to; indeed, Mr. Allen deserves credit for the attention paid to this part of his duties.

A portion of the stone cornice on one of the wings of the Gaol has given way, causing the water to run down the walls, and finding its way into some of the cells. Your committee re-

commend that some competent person be employed by the Commissioners of County Property to repair the place immediately.

Your committee recommend three new furnaces, of the best design that can be obtained, to be erected in the basement of the Court House, by the commissioners, sometime during the present summer.

In reference to the petition of George Evans and others, asking for the admission of John Loughead into the Deaf and Dumb Institute in this city, your committee have enquired into the case, and consider it one that deserves the attention of your Council, and would recommend his admission into the Institution at the expense of these Counties.

All of which is respectfully submitted.

*Chairman.*

## *Report of Committee on Education, &c.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education respectfully report as follows:

They have received a statement of the expenses of the Circuit Board of Public Instruction, of the County of Peel, for the half year ending the 1st inst., amounting to $18 95 cts., which they find correct, and recommend the payment thereof; also, the small account in connection with the Circuit Board of Public Instruction for the County of York, for printing amounting to $9 33 cts., which account they also find correct, and recommend the payment.

Your committee have given due consideration to the communications from the Rev. Mr. Ramsey, and also from the Rev. T. Baker, and recommend that the resignation of the Rev. T. Baker, as Trustee of the Grammar School at Newmarket, be accepted.

All of which is respectfully submitted.

*Chairman.*

## *Report of the Standing Committee on Roads and Bridges.*

To the Council of the United Counties of York and Peel:

Your committee have had under consideration the petition of Richard Thomas and Thos. Fenney, and others, praying not to confirm a certain By-Law of the Township of Etobicoke; but, as the Council have taken action already on the matter, it is unnecessary for your committee to say more than that they hope the course pursued by the Council will effect the relief sought for by the petitioners, and at the same time give general satisfaction.

In reference to the petitions of John Maine and five others, and also that of Wm. Duggan, J.P., and twenty-three others, praying your Council to take some steps to compel the Township of Chinguacousy to assist in repairing the base line between the Township of Toronto and Chinguacousy, your committee are happy to say, that there appears to be a disposition on the part of the Reeves of Toronto and Chinguacousy to have the matter settled amicably, without any interference of your Council, and they have agreed to submit the matter to the Commissioners of County Property, and pledge themselves respectively to use their interest with their respective Councils, to carry out any arrangement the commissioners may come to.

All which is respectfully submitted.

[ADOPTED.]

*Report of Committee appointed to treat with the City of Toronto in reference to the Debt due to the Counties.*

To the Counties' Council:

The Committee appointed by the Council at its last Session to treat with the city in regard to the claim for keeping city prisoners for the years 1857 and 1858, report as follows:

That shortly after the adjournment of last Session, the Warden had several interviews with the Mayor, and at those meetings promises were made that some action would be taken with a view to the adjustment of the claim.—The Warden, relying on those promises, did not call your committee together until the 15th April, when he, in company with Mr. Smith, one of the committee, waited on the Mayor, and was informed by that gentleman that the Finance Committee of the City Council would meet that day, and advised the Warden and Mr. Smith to appear and state the case, which they did, and received a promise that immediate attention would be paid to the matter, and an answer given in a short time, at least not longer than two weeks; but, strange to say, no answer has yet been received. On the 17th of May, your committee all met, and again waited on the Mayor, as the head of the city corporation, and were again told, very politely, that the matter should receive immediate attention, and an answer given previous to the present Session of your Council, but no answer has been received, nor any notice apparently taken of the matter.

Your Council will bear in mind, that during all those meetings the justice of your claim was never disputed; there was some objection taken to the amount of the sum asked for, but that your Council had a claim, and a just one, was never questioned, but fully admitted, and your committee were fully prepared to entertain any reasonable proposition offered by the city authorities. It may appear somewhat strange that gentlemen occupying the honorable position of Mayor of the City of Toronto, Chairman of the Finance Committee, should pay so little respect to their word. It may be said they had not full control over the question—true, but it was in their power to give an answer of some kind.

Your committee would recommend no further negociations in the matter, but suggest that your Council should petition the Legislature, for an act to enable them to collect what is justly due them from the city. The sum is too large a one to be lightly looked over.

All of which is respectfully submitted.

*Report of Special Committee to make Provision for the Indigent, &c.*

To the Municipal Council of the United Counties of York and Peel:

The committee appointed to consider the propriety of making some additional provision for the comfort and sustenance of indigent persons in these United Counties, beg leave to report:

That upon such enquiries as your committee were able to institute, as well as from personal knowledge, they regret to find that pauperism in these United Counties is largely on the increase.

That the present method of providing for indigent persons out of the funds granted by Township Municipalities is not only expensive but unsatisfactory, and by no means adequate or adapted to afford the requisite amount of aid.

That your committee are of opinion that the establishment of a House of Industry, would prove ultimately the best scheme for appropriately supplying the wants of poor and helpless persons in these Counties, but for cogent reasons, they cannot, at the present time, recommend its adoption.

That in view of the fact of the erection of such an institution (now in progress in the City of Toronto) arrangements might possibly be effected with the corporate authorities, on behalf of the respective municipalities in these Counties, for a reasonable sum, to give admission to such poor persons as should be sent from them. Your committee, in the meantime, would urge upon the Council the necessity of procuring a change in the Municipal Act, giving similar authority to incorporated villages as that enjoyed by township corporations, for granting aid to the indigent and needy.

Further, your committee would also suggest that Legislative sanction be obtained, empowering Township and Village Councils to apprentice, for a term of years, pauper children residing within their respective localities, to some useful trade or occupation, as to the said Councils might be deemed most expedient and proper.

All of which is respectfully submitted.

## THE PETITION AS REPORTED.

*Petition to the Governor General, on the subject of the Overflowing of the Waters of Lake Simcoe.*

To His Excellency the Right Honorable Sir Edmund Walker Head, Baronet, K.C.B., Governor General of British North America, &c., &c.:

The Memorial of the Council of the Corporation of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth,

That several of the Townships in the northern part of the County of York, are bounded and intersected by Lake Simcoe and its tributary streams.

That owing to obstructions in or near the Severn River, the waters of the Lake have, during the present year, risen to, and now remain, at a height of several feet above the highest previous known level.

That in consequence thereof, a great quantity of land in those Townships has been, and still is, overflowed, and several miles of road completely submerged—much damage already done to both public and private property—and that unless the obstructions be removed, the roads will be rendered useless, and the lands remain unfit for cultivation, thereby inflicting a lasting injury on that section of the country.

Your Memorialists respectfully pray that your Excellency will be pleased to take such means for the removal of those obstructions as may be deemed most advisable.

And your Petitioners, as in duty bound, will ever pray.

*Petition to the Legislature in respect to the debt due by the City of Toronto, as reported by the Committee, &c.*

To the Honorable the Legislative Assembly, in Parliament assembled:

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth,

That on the 12th day of February, 1846, the authorities of the City of Toronto, entered into an agreement with the United Counties of York, Ontario and Peel, for the use of the Counties' Gaol by city prisoners, agreeing to pay therefor the sum of six hundred pounds per annum. This contract closed on the 1st February, 1850.

By the 92nd section of the Municipal Act of 1849, it is enacted, that any County's Gaol or Court House, situated within the limits of a city, shall continue to be the City Gaol and Court House, until the Council of such city shall otherwise direct. The same act also provides that if the sum to be paid by such city, for the use of the Gaol cannot be agreed upon, the same shall be determined by arbitration.

On the 7th June, 1850, an arrangement was entered into by the authorities of the United Counties, and the City of Toronto, whereby the City might occupy the Gaol by paying therefor the sum of seven hundred and fifty pounds per annum; this contract continued to the 1st of January, 1855, when a new arrangement was entered into, by which the City agreed to pay nine hundred and fifty pounds per annum; this last contract terminated on the 1st of January, 1857. During the two subsequent years, viz: 1857 and 1858, your petitioners were unable to effect what they considered a fair settlement with the city authorities, and the matter was finally submitted to arbitration, and an award obtained in favor of the Counties, so far as the use of the Gaol and Court House was concerned; but a sum of fifteen thousand four hundred and twenty-one dollars, which the Counties claimed for the keep of city prisoners, for these two years, the arbitrators considered the law did not empower them to act upon. A subsequent decision of the Court of Common Pleas confirmed that opinion, although the *justice* of the claim *was fully admitted*. And the Legislature appeared fully to recognize the principle, from the fact, that by the Municipal Act of 1858 full provision is made for the recovery of such claims in future.

Your Petitioners, therefore, humbly pray that your Honorable Body will pass an act to enable your Petitioners to collect, by a Court of Law, or Equity, or Arbitration, whatever sum is just and right under the circumstances.

And your Petitioners, as in duty bound, will ever pray.

(Signed,) J. P. WHELER,
*Warden.*

Adopted 6th June, 1861.

## REPORTS OF COMMITTEES, &c.

### SPECIAL MEETING, 1861.

*Report of Commissioners of County Property, on matters referred, &c.*

To the Council of the United Counties of York and Peel:

The Commissioners of County Property respectfully report on the several matters taken up by them since the last meeting of the Council.

1. The overflowing of the waters of Lake Simcoe and Couchiching.

Pursuant to a resolution adopted by the Council at its last meeting, the Commissioners appointed a competent Engineer, (Ed. Miles, Esq., of Weston), to enquire into and report on the causes of the overflowing of the waters of the said Lakes.

The said Engineer examined into the causes, and submitted his report with a diagram, (a copy of which is herewith submitted), and the Warden, pursuant to instructions, communicated with the Wardens of the Counties of Ontario and Simcoe on the subject, and forwarded the petition adopted by the Council, together with the report and diagram, to his Excellency the Governor General, the receipt of which has been acknowledged.

2. The erection of a Registry Office at Brampton.

In accordance with the provisions of a By-Law, passed by the Council to authorize the erection of a Registry Office, at Brampton, the Commissioners proceeded to employ an architect, (K. Tully, Esq.,) to prepare plans and specifications, which being approved of and adopted by the Commissioners, they authorized him to advertise for tenders; several were received (herewith submitted), when that of Mr. Ed. Galley was accepted, to complete the work by the first day of October last, for the price or sum of $1,549, exclusive of certain iron work, upon giving the usual security for the completion of said work. The building has been completed and accepted, and on certificate of the architect, that the same was finished to his satisfaction, the Commissioners gave orders upon the Treasurer at different times, for the payment of the amount of the contract, $1,549; thirty dollars for extras; sixty-five dollars for architect's commission, and twenty-six dollars for matting to be used in the new Registry, making together the sum of $1,670.

The Commissioners made arrangements with Mr. A. B. Scott, to take the site of the new Registry Office in exchange for the old site and

the building, he paying in addition the sum of one hundred dollars to the Counties, and granting the privilege of using the old building until the new one should be ready for occupation. A good and valid title for the site has been received from Mr. A. B Scott and recorded. A box stove has been sent for the use of the Registrar, &c.

3. Warming the Court House, New Furnaces, &c.

Pursuant to a recommendation contained in the report of the Standing Committee on County Property, adopted by the Council, the Commissioners proceeded to make diligent enquiry as to the best mode to be adopted for the economical warming of the Council Chamber, the several Courts, &c., in the Court House, and also the best kind of furnaces and heating apparatus to be introduced. Not being able to meet with any kind of furnaces, adapted for the purpose, in the City, one of the Commissioners proceeded to the City of Buffalo, and examined several public buildings heated by Barrow's Patent Hot Air Furnance, and upon his report to the other Commissioners, they came to the conclusion to procure three of the said furnaces, and with that view employed the agent residing in the City of Buffalo, Mr. J. C. Hill, to furnish them from the manufacturer at New York, and entered into contract with him for the purchase of three, for the sum of $500, including freight, duty, &c., the said agent agreeing to superintend the erection of one of them. The Commissioners also consulted an architect as to the distribution and mode of conducting the hot air, and ventilating, &c.

The three furnaces have been erected in the basement, together with the necessary conductors both for hot air and cold; and the Commissioners have good reason to hope that they will answer the end intended.

The several bills of expenses, for erecting and furnishing the necessary apparatus, are herewith submitted, and set forth in the schedule.

Miscellaneous matters:

The Commissioners made arrangements for the admission of two deaf mutes, named Longhead and Collins, into the Institution, as directed by the Council. They also gave orders upon the Treasurer for the payment of $140 for the board, &c., of three children, for the quarter ending 30th September; and the sum of $185 for the board of four children for the quarter ending 31st December, 1861. The names of the children now in the institution, and supported by the Counties, are, John Allen, Ed. Pingle, Jas. Deans, Jno. Longhead, and Letitia Collins.

Tenders for the supply of bread for the prisoners in the Counties' Jail, have been accepted for the quarters ending respectively, 30th Sept. and 31st December, at 8 cents, the 4 lb. loaf, made of flour No. 2.

Three of the challenge heaters used in the Court Rooms, ordered to be disposed of.

The Commissioners have given orders upon the Treasurer, for the payment of the following sums, for contracts, &c., viz:—To J. C. Hill, for three hot air furnaces, $500; to Edward Miles, Engineer, employed to proceed to Lake Simcoe, $60; to Beard and Sons, for wood, $36 13; to Patterson & Harrison, bill of costs, County and City, consulting fees, &c., $256 50; to E. B. Escoby, for lime, $1 32; to J. Clement, carpenter's work, $7 80; to J. Boxall, work in Court House, $7 55; to S. Brega, for abstract of title and registering deed, $5 42; to J. Beaty, for advertising, $1 34; for expenses of bill of exchange, $7 50.

The Commissioners have the satisfaction to report that the full amount due to the Counties, for the maintenance of prisoners, &c., from 1st December, 1858, has been awarded. The award is herewith submitted.

All which is respectfully submitted.

*Report on Lands about to be Sold for Taxes.*

To the Counties' Council:

The Select Committee, appointed to investigate the list of lands now about to be sold for arrears of taxes, beg leave to report as follows:

That on a careful examination, we find some of the lots not sufficiently described to allow the Sheriff to make deeds, and some few advertised on which the taxes have been previously paid.

Your Committee would, therefore, respectfully recommend your Council to instruct the Sheriff of these Counties not to offer at present any lands for sale, except such as are sufficiently described to enable him to make a legal title, and to adjourn the sale of the residue of the lands for a limited time, to enable the several Local Municipalities, to obtain a more correct description of the lands not sold.

Your Committee would also recommend, that each Local Municipality would employ a competent person to obtain the proper description of all lands on which arrears of taxes are now due, and that a correct list would be forwarded to the Treasurer of these United Counties.

All which is respectfully submitted.

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That the original monuments on the base line of the Township of Albion, dividing Albion from the Gore of Toronto, in the County of Peel, are in a great measure removed or destroyed.

Your Petitioners, therefore, respectfully pray that your Excellency will be pleased to cause stone monuments to be placed at the corners of the several roads, where they intersect the said base line, under the direction and order of the Commissioner of Crown Lands, as provided by chap. 93 of the Consolidated Statutes of Upper Canada.

Your Petitioners further pray, that your Excellency will appoint Thomas C. Prosser, Esq., Provincial Land Surveyor, to effect the said work.

# Report of the Select Committee

APPOINTED

TO DRAFT A PETITION TO THE LEGISLATURE

FOR THE

## Separation of the Counties from the City, for Judicial Purposes,

WITH DOCUMENTS AND PETITION APPENDED.

ALSO,

PETITIONS ON SEVERAL OTHER MATTERS.

# REPORT OF THE SELECT COMMITTEE

*Appointed to draft a Petition to the Legislature for the Separation of the Counties from the City, for Judicial Purposes, with Documents and Petition appended.*

---

To the Council of the United Counties of York and Peel:

The Select Committee appointed to prepare Petitions to the Legislature beg leave to report as follows:

In a matter of such importance as the separation of the United Counties of York and Peel from the City of Toronto, for judicial purposes, in which a deep interest is felt by every rate-payer, and for the past four years prayed for by the Municipal Council of these United Counties, your Committee felt that a strong necessity for such separation should be fully established.

Your committee have availed themselves of the various sources of information at all likely to afford any aid.

Appended to this report are the returns from the Treasurer, the Sheriff and the Jailor, shewing by these official records the large amount required for the administration of justice among us, and shewing clearly the source from which the funds are derived to pay such expenses.

The Court of Oyer and Terminer, and general Jail delivery, which is alike open to the City and Counties, held three sittings, as shown by the Sheriff's Return, (Appendix B.) during the past year.

The Jailor's Return (Appendix C.) shews the large number committed from the City of Toronto, as well as the number committed from these United Counties, and also the cost of the maintenance of City and County prisoners separately.

Your committee are aware of the great trouble, as well as time, expended in endeavoring to obtain a reasonable arrangement with the City of Toronto, and that to the present time no arrangement has been obtained to enable these United Counties to avail themselves of the large amount of money due by the City of Toronto, for the maintenance of their prisoners confined in the Jail of these Counties for the past four years, which, with the actual loss sustained by these Counties, is, in the opinion of your committee, a strong reason for demanding an immediate separation.

The actual loss sustained by these United Counties for the past four years, resulting from their connection with the City of Toronto, cannot be less than $7,329 per annum, as shown by Appendix A., which sum had to be supplied by a direct tax upon the rate-payers of these Counties, for the benefit of the City of Toronto; this, together with the serious loss of time and delay to suitors, witnesses and jurors attending Court, as shown by Appendix B., for three times each year, the greater portion of which time is devoted exclusively to city business, for which no charge is made, and not included in the amount above stated.

Your committee are confident that the Legislature will no longer allow such injustice to continue, but, when the matter is fairly brought before them, will at once pass an Act that will place these Counties on a just and equitable basis.

On reference to the Journal of the House of Assembly, it will be seen that the members for the City of Toronto, whether influenced by private or political motives, invariably have opposed any Act for separation, and the members from these Counties have supported it.

Your committee trust the members representing these Counties, will again renew their efforts, and have every confidence that, during the ensuing session of the Legislature, an Act will be passed to separate these Counties from the City of Toronto for judicial purposes.

All of which is respectfully submitted.

# PETITION FOR THE

# Separation of the Counties of York and Peel from the City of Toronto.

---

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That under the Act 22 Vic., cap. 54, and sec. 404, of the Consolidated Statutes, the Gaol and Court House, belonging to the United Counties of York and Peel, are allowed to be used jointly by the City of Toronto during the pleasure of that Corporation.

That your petitioners would represent that the said buildings were erected at the expense of these United Counties, and that the entire cost of providing for and sustaining the same, falls upon these Counties.

That in consequence of the privilege given under the Act before cited to the City of Toronto, your petitioners deem it unjust that these Counties should longer be burdened with the large expense necessarily entailed upon them.

That the annual charge upon these Counties of seven thousand three hundred and twenty-nine dollars, in excess of what would be chargeable upon them if they were separated from said City for judicial purposes, is felt by your petitioners to be a great hardship and injustice inflicted upon them.

In pressing upon your Honorable House the necessity of separating these United Counties from the City of Toronto for judicial purposes, your petitioners have no objection that the Sheriff of the City of Toronto should be empowered to exercise official Jurisdiction over these United Counties.

Your petitioners, therefore, humbly pray your Honorable House to pass an Act separating the United Counties of York and Peel from the said City of Toronto, for judicial purposes.

And your petitioners, as in duty bound, will ever pray.

# PETITIONS TO THE THREE BRANCHES OF THE LEGISLATURE.

## No. 1

## TO PREVENT THE RUNNING OF RAILWAY TRAINS ON THE SABBATH.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth,

That the present law, 8th Vic., chap. 45, passed to prevent the Profanation of the Lord's day, is not sufficiently comprehensive as regards public corporations, to bring them within the jurisdiction of the legal authorities.

Your Petitioners feel that the exemption of any parties from the penal provisions of any Act, and especially one to ensure the better observance of the Sabbath day, not only divests it of fairness, but ignores the great principle which it should uphold.

Your Petitioners would, therefore, respectfully represent to your Honorable House, that the running of Railway Trains on the Lord's day, is as much in direct contravention of the Fourth Commandment, as any other work on that day, which the existing law is intended to reach and punish.

Your Petitioners respectfully and strongly urge upon the consideration of your Honorable House, the demoralizing tendency of allowing Railway Trains to run on the Sabbath day.

Under such circumstances, your Petitioners feel it their duty, as a corporate body, representing large Christian constituencies, to call the attention of your Honorable House to this important subject, and pray that you will pass a Bill compelling all Corporate bodies, as well as individuals, to comply with the requirements set forth in the 8th Vic., chap. 45, before cited.

And your Petitioners, as in duty bound, will ever pray.

## TO PROVIDE FOR THE DEAF, AND DUMB, AND BLIND.

---

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That there are in this Province a large number of persons who are deaf and dumb, and many who are blind, most of whom have been so afflicted from their birth. That much attention has of late been given to the education of this class of persons, and it has been conclusively shown that, under proper tuition, they are capable of attaining a high degree of advancement in useful knowledge.

That while the general education has received the greatest attention, the education of deaf mutes and blind persons has, in this Province, been very much neglected.

That an institution for the education of these persons has been established in Toronto by private subscription; that it has succeeded fully as well as its limited means would allow; that your Petitioners, anxious that its benefits should be extended, have granted $400 per annum for its support during the two past years, and that from a careful observance of its progress, your Petitioners can confidently recommend this institution to the attention of your Honorable House.

That in order to extend the benefits of such an education to all who may need it, some general and concerted action is necessary; and, in the opinion of your Petitioners, this can best be effected by Legislative interference.

Your Petitioners, therefore, humbly pray your Honorable House to make some suitable general provision for the education of the deaf and dumb, and blind, in Canada, either by establishing general institutions in different parts of the Province, or in such other manner as to your Honorable House shall seem meet.

And your Petitioners, as in duty bound, will ever pray.

## IN REFERENCE TO THE WATER LOTS AND ESPLANADE.

---

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petitioners of the Municipal Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That in the construction of the Esplanade, under the provisions of the 16 Vic., chap. 219, and 20 Vic., chap. 80, the contractors, with the consent of the Corporation of the City of Toronto, diverged towards the south, from the line defined by the statutes above referred to, about two hundred feet, without the knowledge or consent of your Petitioners. Your Petitioners, not having been notified of any alteration, nor, as provided by statute, of the intended filling up consequent thereupon. Your Petitioners having at the time a large amount of available labour, could at comparatively small expense have filled up the space on the water lot required to be filled.

Whereas the Corporation of the City of Toronto have demanded from your Petitioners, for filling in said water lot, the large sum of $12,547 10, which sum, if really expended in such filling, has not in any way enhanced the value of your Petitioners' property ; but, on the contrary, has rendered said water lot or lots granted to your Petitioners, by an order of the Executive Council passed on the 21st June 1853, of less value, by depriving them of free communication with the Lake, in consequence of the Corporation of Toronto selling to the Grand Trunk Railway Company forty feet in width of said Esplanade, thereby depriving, as aforesaid, your Petitioners of free access by water to the most valuable portion of said water lot.

Your Petitioners pray your Honorable House to allow no further legal sanction to be given to the Corporation of the City of Toronto to enable that Corporation to recover this large sum which they so unjustly claim.

And your Petitioners, as in duty bound, will ever pray.

## FOR REEVES AND DEPUTY REEVES TO BE ELECTED BY THE PEOPLE.

---

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

Respectfully Sheweth,

That by the present Municipal Law the Reeves and Deputy Reeves of the Townships and Villages are chosen from amongst themselves by the five Councillors elected annually.

That, in the opinion of your Petitioners, the selection by such a small electoral body of one or two of themselves is open to many objections, and is not always conducive to the best interest of the Municipalities, and sometimes leads to the election of persons to fill that office who do not really represent the whole Municipality.

Your Petitioners, therefore, humbly pray your Honorable House to pass an Act so to mend the Municipal Law that the Reeves and Deputy Reeves of Townships and Villages may be elected in the same manner as the Mayor of Cities and Towns.

And your Petitioners, as in duty bound, will ever pray.

## TO PLACE ROADS AND BRIDGES BETWEEN TOWNSHIPS UNDER THE CONTROL OF THE LOCAL MUNICIPALITIES.

---

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel,

RESPECTFULLY SHEWETH,

That by the present Municipal Law, the roads dividing Townships are placed under the exclusive jurisdiction of the County Councils, which has been found to be most inconvenient.

That your Petitioners find it would be much more convenient, and better calculated to improve and maintain these roads, to have them placed under the joint jurisdiction of the Townships adjoining, as they would have them under their immediate control.

That although power is given to County Councils to direct that these roads be maintained and repaired by the Townships interested, there are many difficulties in the way of carrying out this object.

Your Petitioners, therefore, humbly pray your Honorable House to pass an Act, to place roads between Townships under the entire control of the Local Municipalities.

And your Petitioners, as in duty bound, will ever pray.

*To the Honorable the Legislative Assembly of Canada, in Parliament assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That your Petitioners desire that your Honorable House will be pleased to make such an amendment in the Act respecting Municipal Institutions of Upper Canada as will prevent any person from representing, as Councillor, in the same year, two separate Municipalities.

And as in duty bound, your Petitioners will ever pray.

## TO ALLOW CORPORATIONS TO INVEST MONEYS IN REAL ESTATE, FOR EDUCATIONAL PURPOSES.

---

*To the Honorable the Legislative Assembly of Canada, in Parliament aassembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That on account of the difficulty of procuring suitable Debentures, several Municipal Corporations have invested the moneys received by them, from the sale of the Clergy Reserve Lands, in first class real estate securities, for educational purposes.

That your Petitioners find it would be much to the advantage of Municipal Corporations to have the power to invest said moneys in real estate securities.

Your Petitioners, therefore, pray that your Honorable House will see fit to pass an Act, to enable the Municipal Corporations of the respective Townships to invest, for educational purposes, moneys received from the sale of Clergy Reserve Lands in first-class real estate securities; and also to legalize such investments as have already been made for such purposes.

And your Petitioners, as in duty bound, will ever pray.

*First Report of Committee on Printing.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee of Printing, to whom was submitted the Tenders, W. C. Chewett & Co., and Henry Rowsell, for Assessment and Collectors' Rolls and Notices for the present year, beg leave to report, as follows:

That having examined the specimen sheets sent us by the above named parties, find that the specimen sent by Mr. Rowsell is not properly ruled, thereby rendering the same unfit for use, while that furnished by Chewett & Co. is ruled in the usual way, and in price no higher than heretofore.

Your Committee therefore recommend tha notice be forthwith given to W. C. Chewett & Co. to prepare and furnish a sufficient number of sheets for Blank Assessments and Collectors' Rolls, and also notices of the different municipalities, according to the schedule hereunto annexed.

Your Committee would recommend that the word "assessor" be printed on the notices.

All of which is respectfully submitted.

*Second Report of the Committee on Printing—The Minutes, Reports, By-laws, Financial Statements, &c., &c.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report:

That they have had under their consideration the printing of the Minutes, By-laws, &c., for distribution in the United Counties; and your committee are of opinion that the number of those sent last year to the different Municipalities will be required.

Your committee would therefore recommend that the Clerk do, in the usual way, apply for tenders for printing a sufficient nunber of copies of the Minutes, Reports, By laws, &c., for these United Counties, without the condition of having to accept the lowest tender unless he considers the party in every way competent to fulfil the contract, taking for a sample last year's Minutes, and restricting the party taking the contract to time, as complaints were made that the Minutes of last year were not forthcoming until a late period.

The distribution of the Minutes to be as follows:—one copy to each Warden in the outer Counties; one copy to each qualified Magistrate in these United Counties: one copy to each Clerk and Treasurer in the several Municipalities; and twenty copies to each Councilman in Townships and Villages sending a Reeve; and forty copies to each Councilman in Townships sending a Reeve and Deputy Reeve to this Council; and also, that the Clerk shall estimate the number that will be sufficient for such distribution.

And your committee would further recommend that the Clerk of this Council would, according to the instruction of the Reeves of each Municipality in these United Counties, forward, as soon as may be convenient, the said number of copies of Minutes, By-laws, &c., as the Reeve of each Municipality may direct, at the expense of said Municipality, and also, that the Clerk be authorised to get any other printing done for the use of the Council which may be considered necessary by the Warden, and also, that the Treasurer be authorised to pay the same on certificate of the Warden or the Clerk. And further, that the Treasurer be, and is hereby authorised and required to pay to Messrs. Chewett & Co., the amount agreed upon for furnishing blank Assessment and and Collectors' Rolls and Notices, as set forth in the Schedule to the First Report of the Standing Committee on Printing, provided that said Rolls, &c., are equal to the specimen sheets accepted by the committee, after said claim has been checked by the Clerk.

Your committee would also suggest that the Clerk be instructed to purchase a copying letter-book and press for the use of this Council, as great inconvenience has been felt for the want of the same.

All which is respectfully submitted.

*First Report of the Standing Committee on County Property and Jail Management.*

To the Counties Council:

The Standing Committee on County Property and Jail Management, beg leave to report:

That they have examined the different apartments in the Court House and found the same in a good state of repair, with the exception of the roof of the Court House, over the Assize Court Room, which they would recommend the Commissioners on County Property to have repaired as soon as the weather will permit; also, that the old furnace for heating the Grand Jury and other rooms, has been useless all this winter. And they would recommend that the Commissioners procure a new furnace or have the old one repaired; and that they would lease the room known as "the Warden's Room," and all other vacant rooms not required for County purposes.

Your Committee would recommend the appointment of three Commissioners of County Property for the year 1862, whose duty it shall be to superintend any repairs or alterations necessary to the Jail or Court House during the recess of this Council, and that the Warden, with Messrs. Perdu and Tyrrell be such Commissioners.

Your Committee visited the Jail and found it, as usual, in a clean and orderly condition. The number of prisoners in the Jail, according to the Jail Statistics, which is hereunto appended, and which your Committee would recommend to have published in the Minutes of the Council, is 148; only five of whom are from the United Counties. Your Committee would further recommend that the Jail supplies which can be contracted for, be advertised and let by Tender.

Your Committee congratulate the Council on the fact, that the number of committals to the Jail for the year 1861, has been 241 less than in the year 1860. The number of committals from the County for the past year is 54 less than in the year 1860.

All of which is respectfully submitted.

GEORGE L. ALLEN,
*Governor Gaol.*

Toronto Gaol, 31st January, 1862.

*Second Report of Standing Committee on County Property in reference to sale of certain Lands by the Sheriff, for arrears of Taxes.*

To the Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail Management, respectfully report as follows:

That in accordance with a resolution passed in your Council, authorizing this committee to apply to the Sheriff of these United Counties for a correct list of all the lots or parts of lots by him sold or advertised for sale, for arrears of taxes in these United Counties.

Your committee found, on applying to the Sheriff, from whom they received all the information and assistance in his power, that it would be impossible to obtain a correct list of such lots during the present sitting of your Council, as the Sheriff's Clerk is at present copying, which will occupy him from one to two weeks, from the sale book, for the use of the Treasurer's Office, a correct list of all lots or parts of lots by him sold or yet remaining to be sold, or upon which the proprietors have paid the amount of taxes charged against such lots, since the advertizing of said sale, and that as soon as may be, after the Treasurer receiving said list from the Sheriff, he shall proceed forthwith to make out a correct list for each Municipality of the lots or parts of lots sold for taxes, with the amount paid upon each and every lot; also, a list of lots advertised for sale, but yet remaining unsold, belonging to that Municipality; and that each Municipality, upon the receipt of such list from the Treasurer, shall take the proper course to correct any error that may have been made in the number or description of any lots or parts of lots in that Municipality, sold, or advertised for sale by the Sheriff, for arrears of taxes. Your committee would recommend each Municipality in which any village may have been laid out into village lots, and for which there is a registered Plan, and which have been advertised or sold by the Sheriff for arrears of taxes, and which may not be described sufficiently definite for the Sheriff to give a sufficient title for the same, such Municipality shall employ some competent person to examine the registered Plan of such village, and if possible, ascertain the correct boundary of each and every lot thus sold or advertised for sale.

Your committee had their attention directed by the Sheriff, to several villages in the different Municipalities where the village lots had no number to designate them by, except as part of the original Township Lot, whereas if they had been entered upon the Assessment Roll, as numbered on the registered Plan of the village, which, by Statute 22 Vic. Cap. 77, Sec. 91, Consclidated Statutes of Upper Canada, the original proprietor or proprietors are compelled to have registered; then there would be no difficulty in ascertaining the exact location of the lot or lots sold or advertised for sale.

Your committee would recommend to the several Municipalities to instruct their Assessors to number upon the Assessment Roll, the village lots as they are numbered upon the registered Plan of the village.

Your committee would recommend that the Sheriff be instructed to discontinue the advertising and sale of the non-resident lands in these United Counties for arrears of taxes, until further instructions from your Council.

Your committee would recommend that a reasonable remuneration be granted to the Treasurer, for the extra service performed by him in furnishing the different Municipalities with a list of the non-resident lands sold or advertised for sale for arrears of Taxes.

All of which is respectfully submitted.

(Signed,) B. BULL,
*Chairman.*

*First Report of the Committee on Education, on the various matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education have had under consideration the following communications and petitions, and having carefully examined the same respectively, report as follows:

Petition of Chairman of Grammar School Trustees at Weston praying for aid.

Petition of the Chairman of the Board of Grammar School Trustees at Streetsville, praying for aid.

Petition from the Secretary of the Board of Grammar School Trustees at Markham Village, praying for aid.

Petition from the Chairman and Secretary Treasurer of the Grammar School situated at Newmarket, praying for aid.

Petition from the Chairman and Secretary of the Grammar School at Richmond Hill, praying for aid.

Petition of the Chairman of the Board of Grammar School Trustees at Brampton, praying for aid.

Petition of James Pringle, requesting not to be re-appointed as Trustee of the Grammar School at Brampton.

Petition of Joseph Hackett and fifty others, praying that the Rev. D. Ross be appointed Local Superintendent of Schools for the Township of Vaughan.

Petition of Joseph Muir and thirty-one others, praying for the appointment of Mr. Wm. Hope to the office of Local Superintendent of Schools for the Township of Toronto.

Communication from the Secretary and Treasurer of the Board of Grammar School Trustees, at Streetsville, shewing how the County Grant of last year was expended.

Communication from the Rev. D. Ross, tendering his services as Local Superintendent of Schools for the Township of Vaughan.

Communication from the Reeve of the Township of Toronto, requesting the appointment of James McGuire as Local Superintendent of Schools for said Township, in place of Mr. Wm. Hope.

Communication from Dr. Beverly R. Morris, Superintendent of the Educational Institution for the Deaf, Dumb and Blind.

Communication from the Local Superintendent of Schools for North Gwillimbury, tendering his resignation.

Communication from the Chairman and Secretary-Treasurer of the Circuit Board of Public Instruction for the County of Peel, together with the detailed account of the expenditure of the said Board, ending 31st December, 1861.

Communication from the Chairman of the Circuit Board of Public Instruction for the County of York, accompanied with the detailed account of the expenditure of said Board, for the year ending 31st Dec., 1861.

After a careful examination of all the documents received by your committee, from the several Boards of Grammar School Trustees, and from the most reliable information your committee can obtain, they have no hesitation in stating that the Grammar Schools are peculiarly adapted to the requirements of the rising generation, and with this view of continuing their usefulness and enabling the several Boards of Trustees to render the Schools under their charge efficient.

Your committee therefore recommend the Council to appropriate the sum of $1200 to be equally divided between them, and to be expended under the direction of the Board of Trustees of each School as they may deem best calculated to promote the interest of the School, viz:

| | |
|---|---|
| To the Grammar School at Streetsville, the sum of..... | $200 |
| Richmond Hill..... | 200 |
| Weston..... | 200 |
| Newmarket..... | 200 |
| Bramptom..... | 200 |
| Markham..... | 200 |

In reference to the petition of Joseph Hackett, M. D., and 50 others, praying for the appointment of the Rev. Donald Ross to the office of Local Superintendent of Schools, for the Township of Vaughan, from the most reliable information your committee have been able to obtain, they can find a reasonable cause of complaint against the present Local Superintendent, Mr. D. McCallum, but on the contrary he is represented as highly "efficient," your committe, therefore, cannot recommend the prayer of the petition.

In reference to the communication from the Local Superintendent of North Gwillimbury, your committee recommend that his resignation be accepted, and that the Rev. David Vannorman be appointed as his successor.

The detailed account of the expenses of the Circuit Boards of Public Instruction for the United Counties, having been carefully examined and found correct, your committee recommend their payment. The expenses of the Circuit Board of the County of York amount to $36.04, not including the sums paid to members attending the meetings of said Board, and the whole expenses of the Circuit Board of the County of Peel amounts to $92.20 for the year ending 31st of December, 1861.

In reference to the communication from Dr. B. Morris, Superintendent of the Deaf, Dumb and Blind Institution, your Committee are gratified to learn that in general the progress and advancement of the pupils are of a highly satisfactory character, and would recommend, in order to render that Institution more effective that, whenever it becomes apparent to the Superintendent that any pupil cannot be benefitted by any longer continuance in the Institution they ought to be at once removed.

A deputation from your committee visited the school and were pleased at the order and regularity maintained, and regret that the premises are not at all suitable for such an Institution.

Your committee recommend that the sum of $600 be placed at the disposal of the Commissioners of County Property, to be applied, as formally, towards the education and maintenance of the Deaf, Dumb and Blind indigent pupils placed in that Institution by these Counties; and your committee would further recommend a petition be forwarded to the Legislature, praying that permanent aid be afforded that school.

Your committee cannot conclude their report without expressing the belief that the same desire animates the public mind, as in former years, of "maintaining one uniform national school system," adapted to the requirements of all classes of the people, and devoid of any distinctive character, as regards their civil or religious positions in society; they feel satisfied that the most beneficial results would be obtained by the general adoption of that system. Your committee are further of the opinion that the moral, civil and political welfare of the people demand that system. Experience as well as reason teaches that our rights and liberties are best secured by a general and systematic diffusion of sound and useful knowledge, which can only be secured on a non-sectarian basis.

All which is respectfully submitted.

WILLIAM TYRRELL,
*Chairman.*

COMMITTEE ROOM,

*Report of the Standing Committee on Roads and Bridges.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges, having had the following matter under their consideration, beg leave to report:

A communication from the Commissioners of Crown Lands, appointing T. C. Prosser, P. L. S., to make a survey of the base line of the Township of Albion, between Albion and the Gore of Toronto, and to place stone monuments along the boundaries of the same. Also, a communication from T. C. Prosser, wishing to know when he shall commence the work.

Also, a petition from Martin Bogart, and one hundred and sixty others, praying for a grant to repair the North Line of King.

Also, a petition from Rowland Burr, praying your Council to petition the Legislature for a grant of land for the construction of the Georgian Bay Canal. Also, an instruction from your Council to take into consideration the propriety of adopting that portion of Road leading from the Holland Landing to the village of Amsterdam.

Also, an instruction from your Council to alter and amend By-law No. 19 of this Council.

Also, a By-law of the Municipal Council of the Township of Etobicoke, for the sale of an original Road allowance, between lots thirty-one and thirty-two, in the second concession of said Township.

With reference to the communication from J. C. Prosser, P. L. S., wishing to know when he shall commence the survey of the Base Line between Albion and the Gore of Toronto, your committee would recommend that Mr. Prosser be instructed to commence the work as soon as he shall have made the necessary agreement with the Council of Albion, as to the amount he shall receive for the performance of the work.

With regard to the petition of Martin Bogart and others, your committee cannot recommend your Council to grant the prayer of said petition, as in the opinion of your committee, the matter is entirely of a Local nature; therefore, your committee would suggest that it be left to the Local Municipalities.

Regarding the petition of Rowland Burr, Esq., your committee have prepared a petition in accordance with the prayer of said petition, which they herewith submit.

In reference to instructions received from your Council, in regard to the adoption of that part of Road leading from the Holland Landing to the village of Amsterdam, as a County Road, your committee cannot recommend your Council to adopt said road, as they have not had sufficient information before them, to shew satisfactorily that the Road is of such a nature as would warrant them in so doing.

In reference to the instruction of the Council to alter and amend By-law No. 19, your committee are of opinion that the By-law No. 19 of this Council is null and void, and that your committee have prepared a new Bill "to prevent immoderate riding and driving of Horses, &c., on the Highways, in the United Counties of York and Peel, and to regulate travelling thereon," pursuant to the provisions, 22 Vic., C. 55, and Chap. 56, Consolidated Statutes.

On the By-law of the Corporation of Etobicoke, for the sale of a certain Road allowance, your committee have prepared a Bill to confirm the same, which they herewith submit.

All of which is respectfully submitted.

*Second Report of the Standing Committee on Roads and Bridges.—W. Duggan's Petition.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges beg leave to report:

That they have had under their consideration the petition of Wm. Duggan and 31 others, praying this Council to take measures to compel the Municipality of Chinguacousy to assist in repairing the Base Line between the Townships of Toronto and Chinguacousy, leading into, and through the Village of Churchville.

In reference to the aforesaid petition, your committee are of opinion that your Council have no power to compel the Township of Chinguacousy to repair and maintain said road, as the original road has never been condemned as impracticable, nor yet has said road (by Churchville) been adopted as a County road.

All of which is respectfully submitted.

Your committee have had under consideration the following documents:

The Treasurer's Account current for the four Quarters of the past year, ending the 31st of March, 30th of June, 30th of September and 31st December.

Abstract of outstanding cash, Liabilities and Assets, on the 31st December, 1861, shewing a balance of Assets amounting to $15,889 79.

Abstract of the general affairs of the United Counties of York and Peel, on the 31st of December, 1861.

Estimates for expenditure for 1862, amounting to $35,593, and also accounts of the resources, amounting to $35,571.

Account of the Grammar School Funds passing through the Treasurer's hands during the year 1861, amounting to $3,377, together with the vouchers.

Account of the amount received for the payment of the remaining Debentures due by your Council, together with the vouchers for the payment of Debentures, No. 65 and No. 72, with the Interest due on said Debentures, and shewing a balance in the Treasurer's hands on said account, amounting to $65,407.

Account of non-resident land tax received and paid over to the several Township Treasurers during the year 1861, together with the vouchers.

Statement shewing the amount at the credit of each Municipality of non-resident taxes, and now payable on the 31st of December, 1861.

Communication from the Warden of the United Counties of Huron and Bruce, and also from the Warden of the County of Simcoe, soliciting the co-operation of your Council, by petitioning the Legislature to allow the sale of unpatented lands for arrears of taxes.

Petition from the managers of the Magdalen Asylum or Female House of Refuge, setting forth the advantages of that Institution and praying for aid.

Communication from John McNab, Esq., in reference to a small claim against the late William A. Campbell, Esq., and a bill of costs in said suit.

Communication from E. W. Thompson, Esq, President of the Board of Agriculture for Upper Canada, suggesting the propriety of voting a sum of money to aid the funds of the Association.

In reference to the communications from the Wardens of the Counties of Huron and Bruce, and the County of Simcoe, your committee are of opinion that some parliamentary aid should at once be obtained, to enable taxes to be collected on non-resident lands, as well as resident, and your committee have prepared a petition accordingly.

From the very satisfactory communications from the Managers of the Magdalene Asylum or Female House of Refuge, and believing that Institution is calculated to afford much relief to many destitute and forlorn females, and be a blessing to the community at large, your committee have no hesitation in recommending your Council to appropriate one hundred and fifty dollars to aid that benevolent Institution.

The communication from John McNab, Esq., clearly sets forth that it would not be expedient to incur further cost in attempting to recover the small amount due by the late Mr. Wm. Campbell, to your Council. Your committee would therefore recommend the treasurer to abandon further proceedings and pay Mr. McNab's costs, amounting to sixteen dollars.

Your committee called on the Treasurer to ascertain the amount of Insurance on each of the County Buildiugs, and received from him a Schedule, which they attach to this Report; shewing the amount insured on each, and the Offices in which Insurance is effected. Your committee recommend that the Treasurer be directed to divide equally between the Western and Provincial, the amount at present insured in the Provincial, as soon as the present policy expires; that is, to insure the Jail in the Western for five thousand dollars, and five thousand dollars in the Provincial, and to insure in the Western the Court House for four thousand dollars, and four thousand dollars in the Provincial.

Your Committee, in accordance with the instruction of your Council, applied to the Treasurer to ascertain the amount of interest received on deposits, and received the following reply: "Interest has hitherto been allowed at the rate of three per cent. on the deposits, and the Treasurer contemplates getting the Bank to discontinue charging the commission for keeping the account current as well as to raise the rate of interest to four per cent, provided that the balance should always be in our favor."

Your committee having had under consideration the 24th Vic. Chap. 38, intituled an Act to amend the assessment Act of Upper Canada, have carefully examined the same, and have arrived at the conclusion, that the provisions of said Act infringe upon the rights, and are injurious to the interests of every Municipality in Western Canada, and in an especial manner to new and out-lying Municipalities, whose improvements are based upon non-resident and other taxes, and make the action of all corporate bodies doubtful and uncertain; and the effect upon such corporate bodies appears to your committee to be unjust and impolitic, and no greater injury can be inflicted upon a governing body than the altering of long established laws, whose bearings have not been complained of, and under which corporate bodies have hitherto successfully worked.

Your committee see no reason why the Assessment Act of Upper Canada should have been so altered, unless it be to screen large holders of landed property in the neighborhood of Cities and incorporated Towns and Villages, at the expense of the smaller owners of Village and Town Lots, and, as far as your committee know, without a signed petition to the Legislature on the subject.

Your committee view with apprehension such sudden and uncalled for changes.

*Section 1st* Alters the mode of assessing in the neighborhood of Cities, incorporated Towns and Villages, with apparently only one object in view—screening the owner of large tracts of land at the expense of the owners of small property.

*Section 2nd*. Assessors are required to ascertain whether property is open for sale, if so, it is to be assessed at one value; if not for sale, at another, and the proprietor is to be the sole judge.

*Section 3rd* Gives to non-residents privileges greater than to the resident, upon whom devolves almost the entire duty of reclaiming the wild lands and making improvements, and upon whom it is unjust and impolitic to impose burdens greater than he can reasonably bear.

*Section 4th* Gives a latitude in appealing from the decision of Municipal Councils that must undoubtedly prove injurious to all corporate bodies.

Your committee believe that the Act, when fairly understood and acted upon, will evoke a remonstrance from every Municipality in Western Canada, and, viewing the same as objectionable, recommend a petition to the Legislature to amend or repeal the same.

Your committee would also recommend that circulars be addressed to every Municipality in the Western Province, with so much of the report as refers to the same, and ask the co-operation of every such body in having the same obnoxious and unjust Act amended or repealed.

In reference to the Bill submitted by your Council to fix the Treasurer's Salary, your committee have examined all the Resolutions

and By-laws referring to this matter since his first appointment, and after due deliberation and carefully comparing the action taken by former committees, have come to the conclusion to recommend that his Salary should be fixed at $2,000 per annum,* in lieu of all fees and per centages, and all other profits and emoluments coming to him by virtue of his office, and have prepared a Bill accordingly which they herewith submit.

Your committee believing that great good has already resulted to the Agriculturists in Western Canada, from the establishment of Agricultural Associations therein, and as a means of aiding in the extension of the prize list of the Provincial Association for the show to be held in the City of Toronto in the autumn, recommend that the sum of $1,000 be appropriated for that purpose.

Your committee cannot conclude their report, without expressing to your Council their entire satisfaction with the correct and orderly manner the Treasurers accounts are kept. It is exceedingly gratifying to your committee to find the Financial affairs of these Counties in so healthy and prosperous a condition; from the present appearance of the estimates and resources for the current year, your committee are of opinion that it will not be necessary to levy more than one-third of the whole rate this year, that was collected during the past year for general purposes.

All of which is respectfully submitted.

*Report of Committee appointed to revise and equalize the Assessment Rolls for the year* 1861 *with two Schedules shewing the equalized value of property in these Counties.*

To the Municipal Council of the United Counties of York and Peel :

The committee to whom was referred the Assessment Rolls for the several Municipalities in these United Counties, for equalization, beg to report as follows :

That they have had the said Rolls under their consideration, and have prepared an abstract No. 1, similar to that of former years, shewing the average value at which both resident and non resident lands have been assessed in the several Townships respectively, also the aggregate quantities and value of both descriptions of land in each Township, with the total value of taxable income and other taxable personal property as assessed, together with a comparison of the number of acres assessed in each Township for the years 1860 and 1861, likewise with the number of acres in each, as given by Government return, and the assessment of 1861.

In making the equalization, your committee do not propose any change from the value placed by the Assessors, on non-resident lands, but have confined their efforts wholly to lands assessed, as resident lands, and in so doing, have made the following classification of the several Townships, viz :

| | | | |
|---|---|---|---|
| 1st class— | Township of York | $36 | per acre. |
| 2nd " | " Etobicoke and Toronto | 33 | " |
| 3rd " | " Markham, Vaughan and Gore of Toronto | 30 | " |
| 4th " | " Scarboro' | 29 | " |
| 5th " | " Chinguacousy | 28 | " |
| 6th " | " Whitchurch and King | 18 | " |
| 7th " | " Albion and East Gwillimbury | 15 | " |
| 8th " | " Caledon | 12 | " |
| 9th " | " North Gwillimbury | 11 | " |
| 10th " | " Georgina | 8 | " |

In making up the aggregate upon the above valuation, your committee found a slight variation from the aggregate as shewn by the Assessment Rolls to the amount of $310,463, which may be accounted for by your committee placing a higher rate per acre than that shewn by the Assessors.

Your committee have equalized the assessment of the respective Villages within these Counties, so as to bear a just relation to that of the Townships.

Your committee found the Assessment Rolls in good order, with few exceptions, for instance, the Roll from York Township was not added up, the Vaughan Roll shews non-resident personal property and the omission of Railway real property from the resident Roll, and also from the total aggregrate. The Roll from the Village of Holland Landing appears to be assessed on the actual value only, not shewing any on the rentals, your committee would, as on former occasions, strongly recommend that the Clerk of this Council be instructed not to receive any Roll that appears to be in any way incorrect.

Your committee feel bound to remark that some of the most wealthy Townships comprising these Counties, such as, York, Vaughan, Scarboro', King, &c., &c., return no taxable income, which your committee cannot account for, except on the supposition that a very irregular course of assessing is practised in relation to the same.

The accompanying Schedule No. 2, contains a statement of the aggregate of the several Municipalities, as shewn by the Assessment Rolls, and also a statement of the aggregate as equalized according to the foregoing scale of classification.

All of which is respectfully submitted.

*Report of the Special Committee appointed to wait on the several Members of the Legislature, representing the United Counties, respecting a certain debt due by the City of Toronto.*

The Special Committee, to whom was deputed the duty of waiting upon the several members of Parliament for these United Counties, and on the Mayor of the city of Toronto, beg leave to report:

Your committee had an interview with the Honorable Jno. H. Cameron, M. P. P., for the County of Peel, and after explaining to him the desire of this Council, to have a settlement with the Corporation of the City of Toronto, of the claims due by the said Corporation to this Council, for the maintenance of the city prisoners, for the year 1857 and part of 1858, were pleased to find that the Honorable gentleman expressed himself favourable to the justice of the claim, and would assist in the passage of a bill through the Legislature, for an equitable adjustment of the same.

Your deputation were fortunate in meeting with Matthew Crooks Cameron, Esq., M. P. P. for North Ontario, and he also expressed himself favourable to the justice of the claim, and promised to advocate a measure, having for its object a fair settlement ot the same.

Your committee also waited upon Adam Wilson, Esq., M. P. P. for North York, and after protracted discussion upon the matters referred to, he admitted that the City of Toronto was indebted to these United Counties for the maintenance of the city prisoners, for the year 1857 and part of 1858, and said he would advise the city Council to pay to these Counties the sum of $5,000, and in case the Corporation of the city of Toronto declined doing so, then he would advocate the passage of a Bill through the House, to enforce our claims; but in the event of the Counties Council refusing to accede to this proposal, he would oppose any further legislation on the subject.

Your committee next waited upon W. P. Howland, Esq., M. P. P. for West York, and obtained his promise to assist in passing through the House a Bill for an equitable settlement of our claims.

Your committee also waited upon Amos Wright, Esq., M. P. P. for East York, and were assured by him of his hearty support of any measure, having for its object the obtaining of justice from the Corporation of the City of Toronto.

Of the justice of our claims against the Corporation of the City of Toronto, for the maintenance of the city prisoners, for the time already mentioned, there appears to be no difference of opiuion, and your committee trusts the Corporation of the City of Toronto will not throw any obstacle in the way of an early settlement.

Your committee also waited upon J. G. Bowes, Esq., Mayor of the City of Toronto, in reference to the sale of the County Goal to the Corporation of the city of Toronto, and he advised that a proposition in writing should be submitted by the County Council on the subject, which he would lay before the Corporation of the city of Toronto. He would advocate the proposal.

All of which is respectfully submitted.

THOMAS PYNE,

COMMITTEE ROOM,
February 7, 1862.

(ADOPTED.)

*Report of the Select Committee to whom was referred all Papers and Documents respecting the Village of Aurora.*

The Select Committee to whom was referred all Papers and Documents in reference to the incorporation of the Village of Aurora, beg leave to report:

Your committee having had under their consideration the various documents in reference to the incorporation of said Village, and having also heard parties interested in the said Village—find,

1st. That on the 26th November last, a petition signed by William Moseley, J. P. and 108 others, was presented to the Council of these United Counties, praying the Council to pass a By-law to incorporate said Village of Aurora.

2nd. The Council acceeded to the prayer of the petitioners, and in accordance with the provisions of 22 Vic., Cap. 54, Section 10, passed By-law No. 98, appointing Commissioners for taking the census of the Village of Aurora in this County—naming as such Commissioners, Rufus D. Peck and Charles Doane.

3rd. On the 26th December, 1861, said Commissioners made return of Census Roll under oath, shewing the proposed limits of said Village of Aurora to contain 879 souls, more than sufficient to entitle petitioners to have said Village incorporated.

4th. On the 29th January last, a petition was again presented by William Moseley and William Smith, asking the Council to carry out the views of the first petitioners, and on 30th January last, a petition signed by Chas. Doane and others, asking this Council to incorporate said Village under certain restrictions.

It appears to your Committee that all parties desire incorporation, but with different views as to the mode of restrictions of the actions of the Council of proposed incorporated Village. In the opinion of your committee, the powers of taxation by Council are sufficiently restricted by statute.

Your committee find further that the provisions of 22 Vic., Cap. 54, Section 10. have not been complied with. The words of the Statute being this (after census properly taken,) on petition to the Council or Councils of the County or Counties in which the Village and neighborhood are situate, shall, by By-law, erect the Village and neighborhood into an incorporated Village.

Your committee therefore do not recommend such By-law to be passed until the law is complied with.

All which is respectfully submitted.

To the Queen's most excellent Majesty,—

May it please your Majesty :

We, the Council of the United Counties of York and Peel, beg leave to convey to your Majesty the assurance of our undying loyalty, attachment and devotion to your person and crown.

And believing that in seasons of trial, when our beloved Sovereign is afflicted by a visitation of such an unforeseen and heart-rending character, that it is the duty of all those who revere her rule, to lay before her the assurance of their sympathy, condolence and love. We humbly trust that this assurance will be acceptable to your Majesty, both as a woman and a Queen.

Penetrated by these sentiments, we venture to lay at the foot of your Throne, this record of our sincere sorrow at the recent irreparable loss you have sustained, in being, by death, deprived of the society, support and counsel of that most admirable Prince, your Royal Consort.

And in laying before your Majesty our concurrence in, and sympathy with both your own and the nation's grief, we believe we convey to your Majesty the feelings of every inhabitant of these United Counties.

And we desire to record our sincere hope that the Almighty, who, in his inscrutable wisdom has seen fit to visit your Majesty with this trial, will, in his unerring wisdom, so fortify your mind as to enable you to bear this bereavement with that fortitude and resignation to the Divine will, which have hitherto so eminently distinguished your reign and endeared your rule to our hearts.

We beg leave, in conclusion, to subscribe ourselves, your Majesty's most loyal, devoted and loving subjects.

# PETITIONS TO THE LEGISLATURE.

## DEBTS OF MUNICIPALITIES.

The commitee appointed to prepare Petitions to the Legislature in reference to the Debts of Municipalities, report the following Petition :

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliamen assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That your Petitioners view with alarm the efforts that are being made to introduce into the Legislature at its next session, a measure having for its object, the imposition upon the Province of the debts of certain Municipalities who have involved themselves deeply in financial difficulties, and your Petitioners beleving that such a measure, if passed, would be fraught with great injustice to those Municipalities who have practiced economy, and met their engagements, and would in effect be offering a premium to repudiation and extravagance, and be most injurious to the credit of the Province.

Your Petitioners therefore earnestly pray that no such measure may become law.

And your Petitioners, as in duty bound, will ever pray.

*Chairman.*

Committee Room,

## AID TO THE GRAND TRUNK RAILWAY.

To the Counties Council:

The Select Committee appointed to report petitions to the Legislature, in reference to the debts of certain Municipalities, and aids to Grand Trunk Railway, report the following Petition:

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

Respectfully Sheweth,

That your Petitioners have reason to believe that a measure, having for its object the extension of further aid to the Grand Trunk Railway Company, is about to be introduced to your Honorable House, and while your Petitioners are ready to admit that it has been productive of much benefit to the Province, they are, at the same time, deeply convinced that reckless extravagance has been connected with its construction and management; and they are further convinced and firmly believe that the Province has afforded all the aid that it should be called upon to give, or that with reason or safety to the public credit can be afforded.

Wherefore your Petitioners earnestly pray that no further aid, direct or indirect, be afforded to the Grand Trunk Railway Company at the expense of the Province.

And your Petitioners, as in duty bound, will ever pray.

## PETITION TO THE LEGISLATURE RESPECTING UNPATENTED LANDS REPORTED BY THE FINANCE COMMITTEE.

*To the Honorable the Legislative Assembly of Canada, in Provincial Parliament assembled.*

The Petition of the Council of the Corporation of the United Counties of York and Peel, in Council assembled,

HUMBLY SHEWETH,

That doubts have arisen as to the authority of Municipal Councils to assess and impose taxes on unoccupied lands, which have been sold, but for which patents have not issued.

Your Petitioners, therefore, humbly pray that your Honorable body would pass an Act legalizing the assessment and imposition of taxes on lands, the holders whereof have not received patents from the Crown, and make valid and effectual all sales of lands that have hitherto taken place for non-payment of taxes; and grant full powers to Municipal Councils to assess and impose taxes on lands, the right to which has been acquired by the payment of one or more instalments.

Wherefore, your Petitioners humbly pray your Honorable House to take the premises into your serious consideration, and grant such relief as to your Honorable House may seem just.

And your Petitioners, as in duty bound, will ever pray.

## PETITION TO THE LEGISLATURE RESPECTING THE DEAF, DUMB AND BLIND, REPORTED BY THE EDUCATION COMMITTEE.

*To the Honorable the Legislative Assembly of Canada, in Parliament Assembled.*

The Petition of the Municipal Council of the United Counties of York and Peel,

HUMBLY SHEWETH,

That there are a large number of persons in this Province who are Deaf, Dumb and Blind.

That public attention has been given of late years to the Education of this class of persons, and it has been proved satisfactorily that by a proper system they may attain a high degree of advancement in useful knowledge.

And while the general Education of the Province has progressed in a remarkable manner, it is quite true that Educational effort, as far as regards this class of afflicted persons, has been greatly neglected.

Your Petitioners present that several humane persons have from private sources established in Toronto an institution for the Education of Deaf, Dumb and Blind persons, that it has succeeded as well as the limited means at their disposal admitted, and your Petitioners being desirous of aiding that benevolent Institution have contributed for the last two years a limited grant.

Your Petitioners regret to perceive from the Report of the Superintendent, that the building at present used is so inadequate as to be unable to afford the necessary accommodation to more than 23 persons, while there are applications from various parts of the Province on behalf of eighty-eight persons in addition to those at present under instruction.

Your Petitioners therefore humbly pray that your Honorable House will pass an Act making suitable provision for the Education and maintenance of the Deaf, Dumb and Blind in these Provinces, in such manner as your Honorable House may seem best adapted to carry out the required object.

And your Petitioners, as in duty bound, will ever pray.

## ROADS DIVIDING TOWNSHIPS.

*Second Report of the Select Committee appointed to draft Petitions to the Legislature, on matters relative to amendments in the Municipal Laws of Upper Canada, with Petition.*

The Select Committee appointed to prepare Petitions to the Legislature, beg leave to submit the following report:

Your committee have had under their consideration the matters submitted to them by your Council. Your committee are of opinion, that roads, dividing Townships and Counties, should be placed in the hands of the Local Municipalities, as the law, as it now stands, leaves it wholly in the hands of the Counties' Council, to maintain and keep in repair said roads, which causes great inconvenience as well as much dissatisfaction.

Your committee have prepared a Petition, praying the Legislature to amend the Municipal Act, so as to place all roads dividing Townships and Counties, under the direct control of the Local Municipalities, which they herewith submit.

All of which is respectfully submitted.

(Signed) W. W. WALKER,
*Chairman.*

Committee Room,

## PETITION TO PLACE ROADS AND BRIDGES BETWEEN TOWNSHIPS AND COUNTIES, UNDER THE CONTROL OF THE LOCAL MUNICIPALITIES.

*To the Honorable the Legislative Assembly of Canada.*

To place roads and bridges between Townships and Counties, under the control of the Local Municipalities.

The Petition of the Council of the Corporation of the United Counties of York and Peel,

RESPECTFULLY SHEWETH,

That by the present Municipal Law, the roads dividing Townships and Counties are placed under the exclusive jurisdiction of the Counties' Council, which has been found to be most inconvenient.

That your Petitioners find it would be much more convenient and better calculated to improve and maintain these roads, to have them placed under the joint jurisdiction of the Townships adjoining, as they would then have them under their immediate control.

That although power is given to County Councils to direct that these roads be maintained and repaired by the Townsnips interested, there are many difficulties in the way of carrying out this object.

Your Petitioners therefore humbly pray your Honorable House to pass an Act to place roads between Townships and Counties under the entire control of the Local Municipalities.

And your Petitioners, as in duty bound, will ever pray.

## REPORT RESPECTING AMENDMENTS TO THE JURY LAWS.

*To the Council of the United Counties of York and Peel.*

The Special Committee appointed to prepare Petitions to the Legislature, respectfully report as follows:

Your committee have had under consideration the present Jury Law, 22nd Vic., Chap. 31, and a copy of Petition adopted by the Corporation of the County of Middlesex, praying for an amendment of the said Act, your committee have devoted as much attention to this important matter, as the limited time at their disposal would admit, and find from the most reliable information they could obtain, that the present is but little, if any, improvement on the former Law, and much more difficult and expensive to carry out in detail, indeed the fees and allowances to County Officers are entirely disproportionate to the work performed, and in many respects the work required, wholly unnecessary.

Your committee would respectfully recommend your Council to apply to the Legislature for such alterations and amendments in the present Jury Law, so as to simplify it and make it less expensive in its operations, and also to strongly urge on the Legislature the necessity of so amending the present Law, as to allow all accounts paid by your Council to be audited by the County Auditors.

All which is respectfully submitted.

(ADOPTED.)

## PETITION TO AMEND THE ACT RESPECTING JURIES AND JURORS, REPORTED BY THE SELECT COMMITTEE TO PREPARE PETITIONS, &c.

*To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.*

The Petition of the Corporation of the United Counties of York and Peel,

Humbly Sheweth,

That the Act respecting Jurors and Juries, passed 22 Vic., (Consolidated Statutes of Upper Canada, Cap. 31,) has not realized the intention of the Legislature in obtaining a better class of Jurors at less expense.

That your Petitioners submit that the expenses attending the selecting and summoning of Jurors are excessive.

That it appears to your Petitioners wholly unnecessary to transcribe the names of the first selection of Jurors so frequently, inasmuch as the whole of the names so transcribed and transmitted to the Clerk of the Crown and Pleas, and of Her Majesty's Court of Queen's Bench, do not furnish evidence of the names of the second selection of Jurors.

Your Petitioners further submit that the names of Jurors selected by the second selectors, should alone be transcribed in duplicate, one copy to be retained in the Office of the Clerk of the Peace, and the other transmitted to the Clerk of the Crown; believing as your Petitioners do that this course, if adopted, would effect the end desired, and curtail the expenses complained of.

Your Petitioners submit that Section 6, of said Act, should be so amended as to reduce the property qualification, in order to allow the selectors of Jurors an opportunity of selecting the most competent persons from two-thirds of the rate-payers, instead of one-half as at present, of the highest rated on the roll.

Your Petitioners urgently submit that the Act should be so amended as to require that all accounts to be paid by the Counties should be first audited by the County Auditors.

And your Petitioners, as in duty bound, will ever pray.

*Chairman.*

## PETITION TO THE LEGISLATURE FOR A GRANT OF LAND TO AID IN CONSTRUCTING THE GEORGIAN BAY SHIP CANAL, REPORTED BY COMMITTEE ON ROADS AND BRIDGES.

*To the Honorable the Legislative Assembly of Canada, in Parliament Assembled.*

The Petition of the Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That a survey has been made from the Georgian Bay to Lake Ontario, for a Canal for Vessels of 1,000 tons burden, and great pains have been taken to make estimates of its cost, and the business it would be likely to do, and believe it would be a safe and profitable investment to persons taking Canal Stock. But as it will require nearly Twenty Millions of Dollars to build it, and pay interest on stock until it is completed, which will be four or five years after commencing.

Your Petitioners believe it will require a Land Grant, notwithstanding all its advantages to Canada, which cannot now be told, it will complete a highway for nations to people British America, and bring into market good prarie lands, with soil and climate equal to old England, and sufficient for 40 millions of people, and give happy homes to millions that, without this Canal, would never own a home; would give immediate work to 5,000 men now wanting it: would at once aid the annexation of the Saskatchawan or Hudson Bay Territory to Canada, as offered by our Imperial Government; and at once place lands in the market for sale sufficient to pay the Provincial as well as the debts of all the corporations of Canada; and reduce our taxes to a mere nominal sum; and in case of war between Great Britain and the United States, its advantages cannot be told. It would be of more value than fleets and armies to protect our Province—it would give general satisfaction to Canada, and restore us to the confidence we formerly possessed in England—it would increase the value of property in the City of Toronto, and Counties of York and Simcoe, more than the cost of the Canal. Your Petitioners are well assured that no other route can compete with this route. The Ottawa route has so many difficulties to contend with in building, 1st, in raising water on the summit level, raising a lake 23 feet in height, which must always be a risk in keeping it up, and its flowing all the surrounding country; also in making harbors, by reason of sunken rocks and under water rock excavation, and if built, the want of depth of water in the Canal, which can only be about 7 feet; and a frozen, hostile, crooked route for 430 miles is a bar at once to it for more than local use. The deep cut is the only difficulty in our route, and if that is all done by hand labour, which we do not anticipate to do, but if done, it would only require 2,000 men 4 years to load it all on cars; and as we are informed and believe that it will require most of the earth that is taken out of the Deep Cut to embank, so as to make roads under instead of bridges over the Canal, and by that means make the Canal straight from the Deep Cut, a distance of 21 miles, to deep water in Toronto Bay, and so shorten the Canal 11 miles, and thus enable a propeller to go through from Lake Huron to Lake Ontario in 24 hours, we are informed and believe that the Deep Cut is not a very great obstruction in the way. A person has been engaged in the matter for years, and has examined and compared the various routes from Ottawa to Chatham, and examined several routes for Ship Canals to connect the Mississippi and Missouri rivers, and examined most of the Canals in America, and the main parts of Canal Reports on Building Canals, and their income, as reported to the Canadian and United States Legislatures, and has personally surveyed this route, and with the labour of years made estimates of its cost and income. Notwithstanding all these advantages, which are not half told, your Petitioners believe without a Land Grant, it will be difficult to get the Stock taken up.

Your Petitioners humbly ask your Honorable House to grant Ten Millions of Acres of Land in Canada, on the Northern Shore of Lake Superior, of the unsurveyed lands; and that the grant be made on conditions that the Canal is completed for vessels of 1,000 tons burden within the time mentioned in a Charter now existing for said Canal; also, that your Honorable House ask our beloved Sovereign and Imperial Government to grant said Canal Company other Ten Millions of Acres of Land on the completion of said Canal, to be selected by said Canal Company out of the Hudson Bay Territory. Humbly believing that the residue of said lands will be of more value having this Canal than the whole is without it, and that our own Canadian and Imperial Governments may reserve to themselves the free use of the Canal for conveying troops and stores in time of war, your Petitioners further pray that said Charter be amended, and new Directors appointed, and so enable your Petitioners to build said Canal without any money grants or loans from our Canadian Government, or in any way enlarge future taxation on account of said Canal. Your Petitioners believe there never was so favourable time as the present to build the Canal, and would refer you to a Report of a Committee of your Assembly, recommending the Land Grants as recorded in the journals of your Honorable House, after said Committee has taken evidence for two months.

Your Petitioners, as in duty bound, will ever pray.

## PETITION TO THE LEGISLATURE TO REPEAL AND AMEND CERTAIN PARTS OF THE AMENDED ASSESSMENT ACT, REPORTED BY THE FINANCE COMMITTEE, BUT NOT ADOPTED BY THE COUNCIL.

*To the Honorable the Legislative Assembly of the Province of Canada.*

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That the provision of 24 Vic., Cap 38, entitled an Act to amend the Assessment Act of Upper Canada, your petitioners are apprehensive that Municipalities in Western Canada, will suffer great wrong, inasmuch as the said Act appears, in the opinion of your petitioners, to infringe upon the rights and to be injurious to the interest of corporate bodies in Western Canada.

The first section changes the mode of assessing lands in Cities and incorporated Towns and Villages; casts a doubt upon, and makes uncertain the Acts of Municipalities, and unhinges the machinery by which corporate bodies have hitherto been enabled to meet their engagements.

The second section gives power to assessors heretofore unknown, and must prove injurious to this and out-lying Municipalities.

The third section gives to non-resident land owners privileges greater than to the resident, upon whom devolves almost the entire duty of reclaiming the forest; whose sufferings and privations can only be known to those who have experienced the same, and upon whom it is unjust and impolitic to impose burdens greater than he can reasonably be expected to bear.

The fourth section gives latitude, in appealing to an unreasonable extent from the decisions of Municipal Councils, that must, undoubtedly, prove injurious to all corporate bodies.

Your Petitioners view with alarm such sudden changes being made in laws long established, and with which Municipalities have hitherto been successfully worked, and for which no petition had ever been presented to your Honorable House.

Your Petitioners therefore pray that your Honorable House will be pleased to grant such relief in the premises as may seem just and reasonable, either by amending or by a total repeal of said Act. And as in duty bound, your Petitioners will ever pray.

*First Report of Standing Committee on County Property and Jail Management.*

To the County Council.

The Standing Committee on County Property, beg leave to report as follows:

Your Committee had the presentment of the Grand Jury for the Spring Assizes for the United Counties of York and Peel laid before them, complaining of the want of employment for those prisoners who are sentenced for one, two, or three months at hard labor.

Your Committee noticed in visiting the Jail, which they found in a perfect state of cleanliness and order, that those prisoners sentenced to hard labor were sitting or standing around their cells in a state of perfect ease and idleness. Your Committee would, therefore, recommend that some employment whether remunerative or not, should be provided, at which those prisoners sentenced to hard labor be kept, as, in the opinion of your Committee, many of the prisoners confined in the Jail are more comfortable than in their own houses, and that such punishment is not sufficient to deter evil disposed persons from committing crime.

Your Committee, in compliance with a resolution passed by your Council, instructing this Committee to report upon the necessity of making certain improvements to the Registry Office in the Village of Brampton, respectfully recommend that the Commissioners of County Property be instructed to have the necessary improvements made in or about such Office.

*Report of the Commissioners of County Property.*

To the Council of the United Counties of York and Peel.

The Commissioners of County Property respectfully report on the several matters to which their attention has been directed, and on which they found it necessary to take action since the last meeting of the Council, viz.:

Your Commissioners received tenders each quarter for the necessary supply of bread for the jail, and gave the contract to the following persons, at the prices set forth.

For the quarter ending the 30th September, to J. Riddle, at 7½ cents the 4lb. loaf.
" " 31st December, to E. Coles, at 7¼ " "
" " 31st March, to J. Riddle, at 7 " "

In compliance with instructions to your Commissioners, they have had some improvements made on the Registry Office and premises, in Brampton, amounting to $58 75. In the opinion of your Commissioners it would be desirable to obtain a small piece more land joining the lot on which the Registrar's office is now erected, sufficient for a road, to enter in rear of the building. Your Commissioners learned that such could be easily obtained from Mr. A. B. Scott, for the balance still due by that gentleman for the old Registry Office, amounting to $100.

The Commissioners directed that iron grating be placed inside the window of the prisoners' room in Court House. Also that matting be put down in the Recorder's Court room, and repaired in the County Court room. They also directed that the sum of $32 90 be paid to County Board of Public Instruction, County of Peel; and the sum of $28 33 to the County Board of York, for half year ending 1st June, 1862; omitted to be submitted to the County Council. Also that new planking be laid down in the east yard of the Court House.

In pursuance of instructions to the Commissioners, by resolution of the Council, they directed the Clerk to advertise for the sale of lot No. 17, first concession of Georgina, being the last remaining lot of land owned by the Council. The sale took place by public auction on the 23rd October last, at the Court House, and the lot was sold at the rate of 32 cents per acre, to J. G. Bouchier, Esq., Georgina.

The Commissioners also directed the County Attorney to furnish abstract of title of lot 29, 7th concession of Scott, sold some years since to one S. Tiffin.

They also sold to the Sheriff certain iron railing and stone, no longer wanted, for $8 00; also a challenge heater and pipes, not required in the County Court room, for $12 00.

They also rented to J. McNab, Esq., three rooms in the upper part of the Court House, west, to be used as his private offices, at the rate of $100 per annum; also to Jas. Macauley, a small office, at the rate of $2 per month.

The Commissioners submit herewith sundry accounts for work and labour done, and articles found for the Jail and Court House, and Registry Office, Brampton, which they have examined, and recommend that the Council do order the payment of the same.

All which is respectfully submitted.

Your Committee have no knowledge of the offer mentioned in said letter, not having been able to have an interview with the County Solicitor. Your Committee would therefore recommend this matter to the Commissioners on County Property for investigation.

Your Committee have visited the Gaol, and found it, as usual, in a clean and orderly condition. On careful examination, your Committee found the roof very much out of repair, and requiring the immediate attention of the Commissioners on County Property.

The annual Gaol statistics, which are hereunto annexed, have been furnished your Committee by that indefatigable officer, George L. Allen, Esq., the worthy Governor of the Gaol, and which statistics your Committee would recommend to be published in the Minutes of the Council.

Complaints have been made to your Committee that a number of volumes of books are missing from the office of the Clerk of the Peace. Your Committee would beg to refer this matter to the Commissioners on County Property, for their action thereon, and if necessary to empower them to take legal measures for the restoration of said books.

Your Committee would also recommend that the Commissioners of County Property be instructed to see that all supplies for the Counties Gaol, as well as fuel and bread, be supplied by public contract.

Your Committee would recommend for the office of Commissioners on County Property, for the year A.D. 1863, whose duty it shall be to superintend any and all repairs or alterations necessary to the Court House and Gaol, and all other matters requiring immediate attention connected with the interests of the County; and they also shall be empowered to meet and confer with the Government Inspectors of Prisons, upon all matters affecting the Prisons of these United Counties; and that the Warden, with Messrs. Tyrrell and Button, be such Commissioners.

All which is respectfully submitted.

GEORGE L. ALLEN,
*Governor Gaol.*

*Report of the Standing Committee on Roads and Bridges, on the various matters referred.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Roads and Bridges, beg leave to report on the following Documents and Communications referred to them, viz.:—

A petition from Walter Charles Murray, and ninety-eight others, praying for the establishing a Road in lieu of part of the original allowance for road between the Townships of Toronto and Chinguacousy.

Also, a communication from the Warden of the County of Ontario, in relation to a Bridge over the east branch of the Black River, on the townline between the Township of Georgina, in the County of York, and the Township of Scott, in the County of Ontario, together with the award of the Arbitrators appointed in the matter; and also, a copy of a By-Law passed by the Council of the County of Ontario, granting a sum of money for building said bridge.

In reference to the petition of Walter Chas. Murray and others, your Committee would recommend, as the Townships concerned cannot agree about where the road in question should be made and maintained, that an Engineer be appointed by this Council to examine that portion of the original allowance for road on the townline between the Townships of Toronto and Chinguacousy, in the vicinity of the village of Churchville, as to its practicability of being made a good and sufficient road, and also if the road now travelled in lieu thereof, and the probable costs of putting either roads in a good and permanent state for travelling thereon, and to report to this Council at its next meeting.

In reference to the communication from the Warden of the County of Ontario, relating to a Bridge over the east branch of the Black River, between the Townships of Georgina and Scott, and the award of the Arbitrators thereon.

Your Committee are of opinion that this Council cannot do other than abide by the award of the Arbitrators, and would therefore recommend that a Commissioner be appointed by this Council to act on behalf of these United Counties, with instructions to examine the situation of the proposed bridge, and the description of a bridge which would answer the necessary requirements of the locality, and also of the probable costs thereof, and of the approaches thereto, and to report to this Council at its next meeting.

All of which is most respectfully submitted.

Also, Report of the Expenditure of Board of Public Instruction for the County of Peel.

Petition of Rowland Burr, Esq., praying for payment for the erection of the Grammar School Buildings at Weston.

Communication from Dr. Bovell, recommending the establishment of an Inebriate Asylum.

In reference to the appointment of Grammar School Trustees, and Local Superintendents of Schools, your Committee have given the subject their most careful attention, and would respectfully recommend the following persons to be appointed, and have prepared a resolution accordingly; that is to say, for Local Superintendents:—

| | | | |
|---|---|---|---|
| 1. | Township of | York, | Wm. Watson. |
| 2. | " | Scarboro', | Rev. W. Belt. |
| 3. | " | Markham, | Rev. G. S. J. Hill. |
| 4. | " | Whitchurch, | J. S. Stokes. |

| 8. | " | King, | Rev. J. Milligan. |
| 9. | " | Vaughan, | D. McCallum. |
| 10. | " | Etobicoke, | Rev. H. C. Cooper. |
| 11. | " | Toronto, | James McGuire. |
| 12. | " | Chinguacousy, | Rev. J. Pringle. |
| 13. | " | Gore Toronto, | |
| 14. | " | Albion, | Rev. H. B. Osler. |
| 15. | " | Caledon, | Rev. A. McFaul. |

For Trustees of the Senior Grammar School for the City of Toronto: Rev. Dr. Jennings re-appointed; Thos. Henri Bull, B.A., in place of Robt. Cathcart, Esq., retired, and Dr. J. O'Dea in place of John Hawkins, Esq., resigned.

Trustees for the Weston Grammar School: W. B. Wadsworth and J. P. Bull, Esqrs., re-appointed.

Brampton Grammar School: Dr. Pattullo re-appointed; Rev. R. Arnold, and Robert Smith, Esq., in place of A. F. Scott, resigned.

Streetsville Grammar School: John Beaty in place of Dr. Barnhart; B. Franklin, re-appointed; Chas. Dingwall in place of Rev. Mr. Ure, and John Wilson in place of Rev. Mr. Arnold, removed.

Trustees for Newmarket Grammar School: Rev. John Brown and Alfred Stevens, re-appointed.

Markham Grammar School: Rev. James Gordon and Wm. Flummerfelt, re-appointed.

Richmond Hill Grammar School: Rev. T. A. Ferguson in place of Rev. Mr. Dewar, deceased; and John R. Arnold, re-appointed.

Your Committee would recommend to your Council, that the sum of $1200 be appropriated to the Grammar Schools hereinafter named, to be equally divided between them, and to be expended in such a manner, under the direction of the Board of Trustees of each school, as they may deem best calculated to serve and promote the general interests of the schools; that is to say:—to the Grammar Schools at Weston, Brampton, Streetsville, Newmarket, Markham, and Richmond Hill, each $200.

With reference to the petition of Joseph Baldwin, and 147 others, praying for the appointment of the Rev. James Milligan, as Local Superintendent of Schools for the Township of King, your Committee have examined the matter carefully, and believe that the appointment of Mr. Milligan would be efficient and satisfactory, they therefore recommend that the prayer of the petition be granted.

Your Committee have considered the petition of Rowland Burr, claiming payment for erection of Grammar School-House at Weston, and are of opinion that Mr. Burr has no claim against the Council as set forth in his petition.

With regard to the communication from the Superintendent of Education, as to Prison Libraries, your Committee are informed that steps have been already taken in this direction to supply the prison of the United Counties.

Respecting the communication from Dr. Bovel, on the subject of an Asylum for Inebriates, your Committee are of opinion, that if acted upon at all, the matter should be referred to a Committee specially appointed by the Council.

Your Committee visited the Institution for the education of the Deaf and Dumb, and Blind, and were much pleased with the apparent progress of the pupils, and believe that the system there pursued is most efficient; at the same time, it is evident that it is impossible to render the Institution effective in its present premises, which are so inappropriate as to preclude the carrying out of many very desirable improvements. Your Committee are led to believe that there are many hundreds of Deaf and Dumb, and Blind in the country, utterly without the means of instruction; much of that now afforded in this Institution being at the personal charge of the Superintendent.

Your Committee recommend that the sum of $600 be placed at the disposal of the Commissioners of County Property, to be applied towards the maintenance and education of the indigent Deaf and Dumb, and Blind pupils, placed in the Institution by these counties.

And your Committee would further recommend, that the Legislature be petitioned to

afford more substantial aid to the Institution, and that a permanent one, under the Government, be established in Toronto.

Your Committee are deeply sensible that great danger exists of some attack being made on our Common School system, during the ensuing session of Parliament, by means of an attempt to extend the sectarian provisions, and your Committee would have recommended strenuous action being taken thereon, but believe that the Council is already acting in the matter.

Your Committee are of opinion that great carelessness and inaccuracy exists on the part of the Grammar School Boards, in making returns of the expenditure of the annual grant of the Council, and would recommend, that in future, the grant be only made to such Boards as have made satisfactory returns, and that the Clerk write the Chairmen of the various Boards to that effect.

All of which is respectfully submitted.

*First Report of the Standing Committee on Finance and Assessment, on the various matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment respectfully report as follows:

The following documents and communications were placed before your Committee:

The Treasurer's account current for the four quarters of the past year, ending 31st March, 30th June, 30th September and 31st Dec.

Communication from the Counties Treasurer, in reference to the general affairs of the Counties.

Statement of the outstanding cash assets and liabilities on the 31st December, 1862.

Abstract of the general affairs of the United Counties of York and Peel, on 31st December, 1862.

Estimate of the probable expenditure for the present year, amounting to $38,914, based on the expenses of the past year; also a detailad account of the resources for the same period, amounting to $26,892.

Account of the non-resident land tax received and paid over to the several Township Treasurers during the year 1862, together with the vouchers.

Statement of non-resident land tax, showing the amount in the Treasurer's hands to the credit of each Municipality, and payable on the 31st December, 1862.

Account of the Grammar School funds passing through the Treasurer's hands during the year 1862, together with the vouchers, amounting to $3,405.

Account of the amount received and paid out for County debentures, showing the balance of the debenture account, amounting to $67 20c., carried to the Counties cash account.

Communication from the Treasurer, in reference to a claim of $200 per annum for the years 1860, 1861 and 1862, in accordance with a contract made with that officer in February, 1855.

Communication from W. H. Walker, Esq., County Clerk of Carleton, in reference to petitioning the Governor-in-Council for a reduction of the staff of Prison Inspectors.

Communication from Alfred Fisher, Esq., Clerk of the County of Lambton, enclosing a petition from the Council of that County in reference to useless expenses incurred under the present Jury law.

Communication from the Secretary of the Boys' Home, enclosing a copy of a Resolution passed at the general meeting held in the St. Lawrence Hall on the 28th October, 1862, with a view of obtaining assistance for that institution.

Communication from the Warden of the County of Northumberland, in reference to more reasonable compensation to members of County Councils.

Petition from James J. Pearson, Esq., Registrar of North York, praying that suitable buildings may be erected in Newmarket for the safe-keeping of public documents.

Petition from George Reid, praying to be allowed the sum of $50 for services performed in the Clerk of the Peace office, under the late Richard Dempsey, Esq.

Communication from Mrs. Dunlop and Mrs. McCutcheon, two of the office-bearers of the Magdalen Asylum or Female House of Refuge, praying for aid.

Communication from the Warden of the United Counties of Huron and Bruce, praying your Council to petition the Legislature to amend the present law, so as to levy and collect taxes from unpatented lands.

Communication from John Ridout, Esq., Registrar of the County of York, for payment

of necessary books required to be furnished by him to the Registrar of North York.

Account from M. C. Cameron, Esq., County Attorney, for professional services rendered your Council during the years 1860, 1861 and 1862, and to the 4th February, 1863, amounting to $60.

Account from Mr. Henry Rowsell, for re-binding books for the Registrar of the County of York, amounting to $9.

Tax Bills from the Corporation of the City of Toronto, for street sewerage.

In reference to the communication from the Clerk of the County of Carleton, your Committee entirely agree with the views entertained by the Council of that County, and are of opinion that the duties appertaining to the office of Prison Inspectors might be easily performed by two or three gentlemen in place of five, as at present, thereby causing a considerable saving in the public expenditure, and would recommend your Council to petition for such alteration.

In reference to the communication from the Clerk of the County of Lambton, regarding the expensive mode at present adopted of summoning jurors, your Committee are of opinion that material alterations are required in the present Jury laws, so as to render them more efficient, and much less expensive, and would recommend your Council to petition the Legislature for such alterations.

Your Committee are not in possession of sufficient information in reference to the Boys' Home, to recommend any appropriation at present by your Council, notwithstanding they have reason to believe it is a truly benevolent institution, and may be the means of preventing crime and relieving much distress.

In reference to the petition from James J. Pearson, Esq., Registrar of North York, your Committee would recommend your Council to appropriate the sum of $1,800, to be expended under the direction of three Commissioners appointed by your Council, and that Messrs. Wells, Boultbee and Parnham be appointed said Commissioners. Your Committee have prepared a By-law for that purpose, which they herewith submit.

Your Committee have carefully investigated the claim of George Reid, and they have no hesitation in asserting that legally your Council have no right to pay said claim, as he should have been paid by the late Mr. Dempsey. The services he rendered were performed in the Clerk of the Peace' office, during the time that Mr. Dempsey received all the emoluments of said office. Notwithstanding, the case is one of extreme hardship, the young man having been put to considerable trouble and expense. His account was twice passed by the Magistrates in Quarter Sessions, and from his own representations he is penniless, and unable to pay his board bill, incurred whilst attending in said office. Your Committee would therefore recommend your Council to direct the Treasurer to pay the said Reid the sum of $50.

From the satisfactory report of the Directresses of the Magdalen Asylum or Female House of Refuge, and believing that that institution is calculated to relieve much suffering, and reclaim many destitute and forlorn females, your Committee would respectfully recommend your Council to appropriate $120 to aid the institution.

Your Committee are of opinion that all lands should be liable to be taxed from the time of the first sale, whether the location tickets or patents had been issued or not, and would therefore recommend your Council to co-operate with the Council of the United Counties of Huron and Bruce, and petition the Legislature to make such alterations in the present law as would enable Municipal Corporations to impose taxes on unpatented lands.

Your Committee would respectfully recommend the payment of the following accounts: To M. C. Cameron, Esq., County Solicitor, an account for professional services during the 1860, 1861 and 1862, amounting to $60; also Mr. Henry Rowsell's account, for taking Register apart and re-binding with Basil cover, for the Registrar of the County of York, amountidg to $9.

Your Committee can see no reasonable objection why your Council should not comply with the request of John Ridout, Esq., and therefore recommend the Treasurer of these Counties to pay to Mr. Ridout or his order, from time to time, as the books are furnished

to the Registrar of North York, the amount allowed by law for such books, each payment to be made on a certificate signed by the Warden.

In accordance with instructions received from your Council, your Committee have prepared a By-law appropriating $600 to the Agricultural Societies in these United Counties.

Your Committee cannot conclude their report without calling the attention of your Council to some of the items in the public accounts paid during the past year out of the general funds of these Counties, and would recommend that some efforts be made to prevent such unjust (if not fraudulent) accounts being paid by the Counties Treasurer. Although no positive proof of fraud, yet sufficient evidence appeared before your Committee to satisfy every member that many of the charges made are unjust and illegal. The following are a few of the charges which your Committee consider objectionable: The postage account for the Clerk of the Peace' Office, from 1st January to 1st July, amounting to $60 73; whereas from 1st July to 1st December, the postage account amounted only to $11 78. The stationery for the Clerk of the Peace' Office, as shown by vouchers Nos. 162 & 138, from January to July, amounting $108 38, and from July to December only to $28 25. In the first quarter's account, No. 33, appears "Paid Clerk of the Peace for criminal justice, $124 86;" also, No. 206, "Paid Clerk of the Peace for general services, $205 40." In the last named account the following charges appear: for receiving and filing 108 convictions of J. P., $7 56: and for making and transmitting copies of returns of convictions, for the quarter ending March, to Inspector General's Office, of 79 returns, $79. In the second quarter's accounts, No. 93, appears "Paid to Mrs. Dempsey, $73 40;" also, No. 157, "G. Wilton Clarke, for general services as acting Clerk of the Peace, $163 70." In the same quarter's accounts appears "Paid for two maps, ordered by J. H. Dolmage, in the year 1860, $12 50." There are no such maps at present in the Clerk of the Peace' office, and, from the best information your Committee can obtain, these maps were never received, at least for public use. In the third quarter's accounts, No. 16, appears "Paid to John Blevins, Esq., acting County Attorney, for services at the Quarter Sessions, in June, $22" (this account your Committee consider reasonable); and, No. 31, to G. Wilton Clarke, acting Clerk of the Peace, for services at the same Quarter Sessions in June, in the same cases as are charged above by Mr. Blevins, $55 68.

Your Committee might continue to notice many other accounts; still, perhaps enough has been stated to convince your Council that some efforts should be made that would prevent such imposition (if not actual fraud) from being practised in future.

Your Committee would suggest one remedy that would materially aid to prevent such: that all accounts paid by the Treasurers of Municipal Corporations should be first audited and passed by one board of auditors (whether appointed by the Government or Municipal Corporations), and would recommend your Council to petition the Legislature, praying that a bill may be passed at the next session to carry out this desirable object.

Your Committee have much pleasure in stating that the financial affairs of the Counties are highly satisfactory. The Treasurer's accounts have been prepared and furnished in his usual orderly and correct manner; and from the estimates of the probable expenses and resources, your Committee are of opinion that it will not be necessary to levy a much larger sum (if any) to meet the expenses of the present year, than was levied to pay the expenses of the past year.

All of which is respectfully submitted.

[ADOPTED.]

*Report of the Committee appointed to Examine and Equalize the Assessment Rolls for the year* 1862, *with Schedules Nos.* 1 *and* 2.

To the Council of the United Counties of York and Peel:

The Committee appointed to examine and equalize the Assessment Rolls, beg leave to report as follows:

That they have examined the assessment rolls of the several municipalities constituting the United Counties of York and Peel, and find them generally correct. Your Committee, at the same time, feel it their duty to draw your attention to the fact, that on the York and Toronto Township rolls the names of from two to five persons having the same surnames and being of different ages, apparently father and sons, are represented as the owners or occupiers of one and the same piece of property, and in one or more cases the parties so assessed are under age. The practice, though to a less extent, of assessing several persons for the same property, prevails in Chinguacousy, Caledon, and Scarborough. Your Committee feel that such a method of assessing cannot be too strongly condemned, the effect being the drawing of an undue proportion of the municipalities fund by the townships practising such a system, to the injury of the rest. And your Committee trust that the Council will direct that the practice be discontinued, except in cases where the assessors are perfectly assured that the persons desiring to be so assessed are the *bona fide* owners or occupiers of such property, to their own use and benefit, as they cannot believe that in all the cases coming before their notice the parties are rightfully inserted on the rolls.

On the York and Vaughan rolls the assessed parties are neither designated as freeholders or householders, and in some cases the ages of the assessed parties are not given. On the Markham roll, the names of some parties appear and are numbered, who are assessed respectively for a dog and nothing more, which your Committee consider unwarranted by law.

The method of assessing in the several villages is not uniform. In Yorkville and Brampton the buildings are assessed on their rentals, and the vacant lots are assessed at their actual value, and the yearly value is represented as six per cent. on the actual value.

While in Holland Landing, Newmarket and Streetsville, the annual value of all property is represented as six per cent. on the actual value.

Your Committee are of opinion that it would much facilitate in equalizing, if the actual value of both real and personal property were given, which is not now the case. The non-residents' roll of Brampton was not added up, and the names on the residents' roll are not numbered in consecutive order.

Your Committee have to the best of their judgment equalized the assessed value of the residents' real estate in townships, and the assessed value of real estate in the several villages, so that the several municipalities bear a just relation one to the other.

The accompanying Schedules are similar to those of previous years. No. 2 shows the assessed and equalized value of the respective municipalities, and also the rate per acre at which the several townships are equalized.

The number of names on the assessment roll, as compared with last year, shows an increase of 303; while the aggregate amount of assessed property shows a decrease of $338,244, as compared with last year.

Your Committee have set off that portion of the townships of King and Whitchurch, now embraced within the limits of the village of Aurora, from the total value of the said townships.

All of which is respectfully submitted.

To the Council of the United Counties of York and Peel:

The Special Committee appointed to take an opinion from the Counties Solicitor, in reference to the validity of the Treasurer's bond, entered into in the year 1859, with the United Counties, are prepared to report the said opinion.

[ADOPTED.]

OPINION OF D. McMICHAEL.

I have looked over a bond, dated 25th day of March, 1859, made by Messrs. Howard, Baldwin and Doel, to the Corporation of the United Counties of York and Peel.

The bond is very brief, but it expresses clearly a liability on their part, and the undertaking that he shall pay over and account for all moneys which shall come into his hands as Treasurer is very distinct. I see no reason why they should not be bound, so long as the bonds are suffered to remain, and so long as he continues in his office.

(Signed) D. McMICHAEL,
*(For Counties Sol.)*

10th Feb., 1863.

*Report of Standing Committee on Contingent Accounts, &c.*

The Standing Committee on Contingent Accounts having examined the several accounts submitted, and certified by the Clerk as correct, recommend that the Treasurer be authorised to pay the same, viz.:

| Michael Ryan, housekeeper, for disbursements | 5 70 |

# PETITIONS

ADOPTED BY THE COUNCIL AND PRESENTED TO THE THREE BRANCHES OF THE LEGISLATURE, FEBRUARY, 1863.

## No. 1.

### PRAYING FOR THE REMOVAL OF THE SEAT OF GOVERNMENT TO THE CITY OF TORONTO.

*The Petition of the Council of the United Counties of York ond Peel,*

RESPECTFULLY SHEWETH—

That about the year 1849 it was settled and agreed upon that Parliament should be held alternately in Upper and Lower Canada.

That in accordance with such agreement Parliament has now, including the coming Session, been held four years in the City of Quebec.

That no probability exists of the Buildingsin the City of Ottawa being completed for several years.

That it is beyond doubt of great advantage to either section of the country, that the Seat of Government be held in its midst.

That in strict justice this advantage should not now be withheld from the Upper Province.

Your Petitioners therefore pray, that the Seat of Government may, after the close of the ensuing Session, be removed to the City of Toronto, to remain there for the next four years, or until the Buildings at Ottawa be completed.

And your Petitioners, &c., &c.

(Signed) J. P. WHELER, *Warden.*

## No. 2.

### TO AMEND THE ACT FOR SEPARATING THE CITY OF TORONTO FROM THE UNITED COUNTIES OF YORK AND PEEL FOR JUDICIAL PURPOSES, &c.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That for many years great loss and inconvenience have been suffered by the United Counties of York and Peel from the fact that the suits of litigants of the said Counties and of the City of Toronto were, until the year 1861, indiscriminately tried at the several Courts held in the said City of Toronto, whereby the time of the County Jurors and suitors was consumed by the long and numerous suits arising in the City of Toronto.

That your Honorable House recognized this grievance as existing, and, in the year 1861, passed an act to provide for the separation of the City of Toronto from the United Counties of York and Peel for certain judicial purposes (24 Vic. cap. 53) which, it was believed, would remedy the evil complained of: that this act has been found practically inefficient in accomplishing the desired object, as from the ability of the suitors to lay the venue of actions as they please in any of the Courts, either for the City or the Counties, it is still found that the time of the Courts of the United Counties is taken up in the trial of numerous causes arising in the City of Toronto, thereby entailing a heavy expense to these Counties for the payment of jurors, &c., which business justly belongs to the City.

Your petitioners would therefore pray that your Honorable House will be pleased so to amend the act as will more effectually carry out the desired object, so as to prevent the plaintiff or prosecutor from laying the venue as they may elect, but that the venue may be changed from the City to the United Counties, or from the United Counties to the City, by any Judge of any of the said Courts mentioned in the above recited Act, in like manner as in other cases.

And your petitioners, as in duty bound, will ever pray.

(Signed) J. P. WHELER,

*Warden York and Peel.*

## No. 3.

### TO PROVIDE A BOARD OF AUDIT FOR AUDITING AND PASSING COUNTY ACCOUNTS. &c.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That large sums of money have been frequently drawn from the public funds of these Counties without any legal authority whatsoever: that such accounts have been in general audited and passed at an adjourned Quarter Sessions.

That your petitioners have no cause to complain of any member composing the several Boards of Auditors; your petitioners have reason to believe they would not knowingly allow any improper account to pass.

From long and careful observation your petitioners have reason to believe that the present mode of auditing corporation accounts is exceedingly objectionable. Your petitioners would therefore pray your Honorable House to make such amendments in the present law, that all accounts paid by treasurers of corporations should be first audited and passed by one Board of Auditors.

And your petitioners, &c.,

(Signed) J. P. WHELER,

*Warden York and Peel.*

## No. 4.

### PRAYING THAT THE FUNDS OF THE TORONTO UNIVERSITY BE NOT DIVIDED AMONG SECTARIAN INSTITUTIONS.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That your petitioners have learned with deep regret that attempts will be made during the ensuing Session of Parliament to carry some measure for the dividing the endowment of the Toronto University among other institutions of a sectarion character.

That your petitioners believe that the higher objects of a University can only be attained in a country like this by means of one central institution of that character liberally endowed.

That your petitioners believe that were the University endowment distributed among other and sectarian institutions, the result would be, that the standard of education would, in process of time, become lowered instead of raised, as it would, with a reduced income, be difficult to fill efficiently the various chairs in the University.

Your petitioners therefore pray that no alteration of the existing law may be permitted, whereby the funds at present enjoyed by the University may be divided, or in any way distributed among other and sectarian institutions.

And your petitioners, &c.

(Signed) J. P. WHELER,
*Warden York and Peel.*

## No. 5.

### PRAYING THAT NO FURTHER EXTENSION BE MADE TO ROMAN CATHOLIC OR PROTESTANT SEPARATE SCHOOLS.

*The Petition of the Council of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That your petitioners believe that a system of Education based on non-sectarian principles, is the one best adapted to the interests of the country both pecuniarily and socially.

That the plea generally put forth in favor of Roman Catholic Separate Schools, that it is only conceding the same privilege to Roman Catholics which Protestants enjoy in Eastern Canada, is entirely unfounded, as the School system of Eastern Canada is essentially sectarian, books of that nature being in constant use therein, which is not the case in the schools of Canada West. And your petitioners believe that the Protestants of Canada East would hail with pleasure a School system based on strictly non-sectarian principles.

That your petitioners believe that an overwhelming majority of the people of Western Canada are entirely opposed to any further extension of Roman Catholic Separate Schools, and are equally opposed to the introduction of a system of Protestant Separate Schools, as in their opinion its effect would be the total destruction of the efficient working of the present system; believing

that in a sparsely populated country like Canada, the inevitable result would be to divide that power, the full and united action of which is needful to the success of the Common School system. That it would entail a burden on the community grievous to be borne, making it impossible to support the Common Schools efficiently, and would be calculated to destroy that social harmony so necessary to constitute a united and happy people.

That your petitioners would consider it a boon to society if the Separate School system were entirely abolished. Wherefore your petitioners earnestly pray that no further extension be made to the Roman Catholic Separate School system; and that no measure, having for its object the establishment of Protestant Separate Schools, may become law.

And your petitioners, &c.

(Signed) J. P. WHELER,
*Warden York & Peel.*

## No. 6.

TO AMEND THE ACT (22 Vic. Cap. 31, Con. Stats.) RESPECTING JURIES AND JURORS

*The Petition of the Council of the United Counties of York and Peel,*

Respectfully Sheweth—

That the Act respecting Jurors and Juries (22 Vic., Con. Stat. U. C., cap. 31) has not realized the intention of the Legislature in obtaining a better class of Jurors at less expense.

That your petitioners submit that the expenses attending the selecting and summoning of Jurors are excessive.

That it appears to your petitioners not only unnecessary but exceedingly objectionable to transcribe the names of the first selection of Jurors so frequently, inasmuch as the whole of the names so transcribed and transmitted to the Clerk of the Crown and Pleas and of Her Majesty's Court of Queen's Bench, do not furnish evidence of the names of the selected Jurors.

Your petitioners further submit that the names of the Jurors selected by the second selectors should alone be transcribed in duplicate, one copy to be retained in the office of the Clerk of the Peace, and the other transmitted to the Clerk of the Crown; believing, as your petitioners do, that this course, if adopted, would effect the end desired, and curtail the expenses complained of.

Your petitioners would further pray your Honoraable House so to amend the present law, that before the sheriff or other officer shall be required to summons a special jury, the plaintiff, defendant or other party obtaining the venue for such special jury, shall deposit with the sheriff or other officer to whom the venue is directed, a sum of money sufficient to pay the mileage, at the rate of ten cents per mile, from the residence of each juror to the court house, and one day's attendance, at the rate allowed to Grand Jurors by County Councils, to be paid to each Juror upon answering to his name in obedience to the summons, when called by the proper officer in attendance upon the Court; and in the event of such jury being detained longer than one day, each juror should be paid by the party serving out said venue, for every subsequent day's attendance, the sum allowed per diem by the County Council as aforesaid.

And your petitioners, &c.

(Signed) J. P. WHELER,
*Warden York and Peel.*

### TO MAKE PROVISION FOR ASSESSING AND TAXING UNPATENTED LANDS.

*The Petition of the Council of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That doubts have arisen as to the authority of Municipal Councils to assess and impose taxes on unpatented lands.

Your petitioners therefore humbly pray that your Honorable body would pass an Act legalizing the assessment and imposition of taxes on such lands, and give full power to Councils of Corporations to assess and impose taxes on all lands whenever there has been one or more payments made thereon, although no patent or location ticket has been issued for the same.

(Signed) J. P. WHEELER,

*Warden York & Peel.*

## No. 8.

### TO REDUCE THE NUMBER OF INSPECTORS OF ASYLUMS AND PRISONS.

*The Petition of the Council of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That the number of Inspectors of Asylums and Prisons, &c., appointed under the Act 20 Vic. chap. 28, is, in the opinion of your petitioners, much greater than the necessities of the Province require, thereby entailing a very large annual expenditure out of the Provincial exchequer, by the payment of salaries and other expenses, for which this Province receives no corresponding benefit.

Therefore your petitioners would respectfully pray that your Honourable body would be pleased, in the due exercise of your power, to so amend the said Act, for the purpose of reducing the number of such Inspectors to two, feeling assured that one Inspector in each section of the Province will be quite sufficient to perform all necessary duties, thus relieving the country from the payment of salaries to unnecessary officers, yet having the duties as efficiently performed as heretofore.

(Signed) J. P. WHELER,

*Warden York & Peel.*

## TO ESTABLISH AN INSTITUTION IN THE CITY OF TORONTO FOR THE CARE AND EDUCATION OF THE DEAF AND DUMB, AND BLIND.

*The Petition of the Council of the Corporation of the United Counties of York and Peel, in Council assembled,*

RESPECTFULLY SHEWETH—

That there are a large number of Deaf and Dumb, and Blind persons in Upper Canada, many of them in indigent circumstances.

That no Institution exists at present for their education, except that in the City of Toronto, which is supported by voluntary subscriptions, and an annual grant of two thousand dollars from the Legislature.

That the means afforded for the education of these classes, by this Institution, are utterly inadequate for the purpose, the Institution being only able to reeeive some thirty pupils, while your petitioners believe that there are upwards of one thousand persons in Upper Canada in need of such instruction.

That your petitioners have examined the Institution in Toronto for the Deaf and Dumb, and Blind, superintended by Dr. Morris, and taught by Mr. McGann, which seems to produce the most satisfactory results, although on too small a scale for general usefulness.

Your petitioners therefore pray that your Honorable Body will be pleased to establish such an Institution in Toronto, as will suffice to provide means of education for this unfortunate class; and, in the mean time, such a grant may be made to the Institution in operation here, as will enable it to materially extend its sphere of usefulness.

And your petitioners, &c.

(Signed) WM. TYRRELL,

*Chairman.*

## REPORTS OF COMMITTEES, &c.

SECOND MEETING, 1863.

*Report of Commissioners of County Property.*

To the Council of the United Counties of York and Peel:

The Commissioners of County Property respectfully report on the several matters to which their attention has been directed, and on which they found it necessary to take action since the last meeting of the Council, viz:

Your Commissioners advertised in the usual manner for tenders for the supply of fuel, wood and coal, for the use of the Jail and Court House, for the year ending 31st March, 1864. Several tenders were received, that of T. V. R. Rossman being the lowest, at $4 20 per cord, green and dry, was accepted: sureties, Messrs. Beard & Sons. For coal, Messrs. Morse & Co., at $6 60, hard, per ton; $5 60, soft. The tender for bread, for the quarter ending 30th June, was accepted, at 7 cents the 4lb. loaf.

Pursuant to instructions, the Warden communicated with Mr. John Blevins in reference to certain books reported missing in the office of the Clerk of the Peace; but no satisfactory account of the same could be given by that gentleman.

Your Commissioners have postponed advertising for tenders for meat, oatmeal, and common meal for the use of the Jail, in consequence of its having been made known to them that the Governor of the Jail had a sufficient supply of those articles on hand for three months.

The Commissioners ordered the following sums to be paid by order on the Treasurer, viz:

*Report of Standing Committee on Roads and Bridges.*

To the Council of the Corporation of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges beg leave to report on the following documents and communications referred to them, viz.:—

The Report of J. S. Dennis, Esq., a commissioner appointed by this Council to examine and report on the town line between the Townships of Toronto and Chinguacousy, and the road now travelled in lieu thereof.

Also, the Report of Wm. Tyrrell, Esq., a commissioner appointed by this Council to examine and report on the probable cost of a bridge across the east branch of the Black river, on the town line between the Township of Georgina, County of York, and the Township of Scott, in the County of Ontario.

Also, the petition of Jos. Earngey and 403 others praying that the town line between the Townships of Toronto and Chinguacousy, be not established through the Village of Churchville, but that steps be taken to open up and make the original road through part of the west half of the third concession west of Hurontario Street.

In reference to the report of J. Stoughton Dennis, Esq., your Committee are of opinion that although (as shewn by said report) it would cost much less to make the road now travelled in lieu of the town line diverging therefrom through the Village of Churchville, than on the original allowance for road running between the aforesaid Townships, yet they are of opinion that it would be better and more satisfactory in the end to make the road on the original allowance, than to establish the one recommended by your commissioner in lieu thereof, so far therefrom as that running through the Village of Churchville; and would further recommend that said road be made and maintained by the Townships of Toronto and Chinguacousy, in proportion to the relative benefit it would be to said townships.

In reference to the report of Wm. Tyrrell, Esq., a commissioner appointed by this Council to examine the site of proposed bridge to be built across the east branch of the Black river, between the townships of Georgina and Scott, in which he reports that a good and sufficient bridge to suit the requirements of the locality could be erected for the sum of four hundred dollars, your Committee would therefore recommend that when the work is completed to the satisfaction of your commissioner aforesaid, that the Warden would cause to be paid to the party entitled to receive the same the proportion of the expenses to be paid by these Counties as specified by the award of the arbitrators appointed in that behalf.

All of which is respectfully submitted,

(Signed) WM. HANNA,
*Chairman.*

Committee Room,
June 4th, 1863.

[ADOPTED.]

*Report of the Standing Committee on Education.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Education respectfully report as follows:

Your Committee received the following communications:

A communication from the Chief Superintendent of Education, apportioning the Legislative School Grant to the different Municipalities of these United Counties, and requesting that an equal amount be levied and collected from the United Counties.

A statement of incidental expenses of County Board of Public Instruction for the County of York, for the half year ending the 1st June, 1863.

A communication from Dr. Morris, Superintendent of the Deaf and Dumb Institution, informing the Committee of the dismissal of John Allan and John Loughead, two County pupils.

A communication from the Secretary of the Board of Grammar School Trustees of Streetsville, informing the Committee of the removal of Mr. Wm. Deedy, Grammar School Trustee, out of the County, thereby creating a vacancy in the Board of Trustees.

A communication from the Reeve of North Gwillimbury, requesting the appointment of Jas. Cooper as sub-treasurer of School Moneys for that Township, in the place of the late Richard Sheppard, deceased.

A communication from the Chairman of the Weston Grammar School Trustees, praying for aid in the erection of a School House.

A communication from the Chairman of the Brampton Grammar School Trustees, praying to be allowed to charge a small tuition fee on pupils not resident in the Municipality.

Your Committee would recommend your Council to levy an amount equal to the Legislative Grant, $9,291.

Your Committee would recommend the Commissioners on County Property to recommend to the Deaf and Dumb Institution, other Deaf and Dumb Pupils, in the place of John Allan and John Loughead, dismissed.

Your Committee have carefully examined the Accounts of the Circuit Board of York, together with the vouchers, and find them correct; and would recommend that the amount $46 68 be paid to the order of the Chairman of the Board.

Your Committee having had under consideration the communication from the Grammar School Trustees of Streetsville, and the resolution and financial statement sent therewith, and having carefully examined into the attendant circumstances, would recommend the appointment of Dr. J. Barnhart, as Grammar School Trustee, in the stead of Mr. Wm. Deedy, removed.

Your Committee would also recommend the appointment of James Cooper as sub-treasurer of School Moneys for the Township of North Gwillimbury.

Your Committee have taken the requisition of the Trustees of the Weston County Grammar School into their earnest consideration, and cannot help expressing their sympathy with the embarrassed position in which the said School is placed; but are of opinion, that in justice to other portions of the County, it would not be expedient to levy the assessment prayed for.

Your Committee have most carefully considered the communication from the Grammar School Trustees of the Brampton Grammar School, and believe that the representations therein made, are correct. Your Committee would therefore recommend that the grant be made to them, without any restriction as to admitting all pupils at the same rate of fees.

*Report of Standing Committee on Finance and Assessment on the several matters referred.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment respectfully report as follows:

The following documents were placed before your Committee, which have been carefully examined.

A communication from the Counties Treasurer, wherein he states that it will be necessary to add to the former estimates furnished by him, the sum of three thousand and fifty three dollars, that amount being required to pay the expenses of furnishing the books and erecting a Registry Office in the North Riding of York, and not included in his former estimates.

Detailed account of the cost of the books, and the expense of copying, according to the Consolidated Stats., 22 Vic. cap. 89, amounting to $1,253.

Communication from the Treasurer in reference to his claim for arrears of salary.

An account from J. S. Dennis, Esq., amounting to $37 12, for services performed, and expenses incurred for and on behalf of the United Counties, in consequence of a claim made by the Corporation of the City of Toronto amounting to $12,547 10, for filling the water lots in rear of the Counties Gaol.

Your Committee have prepared a bill to assess for County purposes for the present year which they trust will meet the current expenses.

Your Committee have much pleasure in stating that the difference that has heretofore existed between the Treasurer of these Counties and the Council has been amicably arranged, and that the communication from the Treasurer is highly satisfactory, which they recommend should be published in the minutes.

Your Committee would recommend the payment of Mr. Dennis's account, and have prepared a resolution accordingly.

All which is respectfully submitted.

### No. 2.

To the Council of the Corporation of the United Counties of York and Peel:

The Select Committee to whom was referred the petition of H. W. Lundy and seventy-one others, residents of the Village of Aurora, beg leave to report as follows:

That after having carefully considered the matters referred to in the said petition, your Committee have deemed it advisable to repeal By-law No. 69, and re-enact its provisions with certain additions as follows, viz: 1st. A clause for suppressing Gambling Houses, and providing for the destruction of devices for Gambling. 2. A clause for suppressing Houses of ill fame: and 3rd. A clause for preventing Bowling Alleys, kept for hire or profit. Your Committee believing that much evil is connected with their existence about taverns, by leading to intemperate habits, though they are harmless in themselves; and herewith submit a By-law for the above purpose.

No. 3.

*Report of Special Committee appointed to arrange for the purchase of land adjoining the Registry Office, Brampton.*

To the Council of the United Counties of York and Peel:

Your Committee having examined the Registry Office at Brampton, and the land attached thereto, find that the lots contain 40 feet front by 50 feet in depth. The building erected thereon is 37 feet by 22 feet; having no shutters on three windows and door; and no entrance to the rear.

Your Committee ascertained that an additional piece of land, say 15 feet front by 100 feet in depth, also 50 feet in rear of present lot, can be obtained for the sum of $100.

Your Committee are of opinion that to enclose said lands, erect a wood-shed and other outbuildings, will cost about the sum of $120.

On examining the interior of the office, your Committee found no desk has been provided, which could be obtained for $20; also the inner door belonging to the vault is much out of repair, which will probably cost $20.

Your Committee would therefore recommend that the additional land be purchased at the above named sum of $100; also a fence to enclose the lot; a desk for the office; the door of the vault repaired; and shutters provided for the windows and door; which will cost in all about $400.

All of which is respectfully submitted.

THURSDAY, Feb. 4th, 1864. (*Ninth day.*)

The Council met. Warden in the Chair. Names called over. Minutes of yesterday read.

The Warden laid on the Table a communication from Mr. Fisher, for aid for the East Riding Division Agricultural Society.

The Chairman of the Standing Committee on Finance, brought in Report (No. 1) on the various matters referred, which was read, as follows:

"Your Committee have had before them the following accounts and statements from the Treasurer of these Counties, viz:

The four quarterly accounts current for the year 1863, with the vouchers, a statement of the outstanding assets and liabilities to the 31st Dec., 1863; a statement of the financial affairs of the Counties. Estimate of the probable expenditure for the year 1864, amounting to $33,030\frac{93}{100}$. Also a detailed account of the revenues for the year amounting to $8,152, (the above estimate does not include Jail expenses). The Grammar School fund account to 31st Dec. 1863; an account of the non-resident land Fund to the 31st Dec., 1863, together with a statement showing the amount of the fund available to each municipality; an account of the receipts and expenditure of the Provisional Council of Peel.

"Your Committee have had also before them the Petition of the Lady Managers of the 'Boys' Home' for aid.

"Also a communication from Eliza Dunlop and Mrs. McCutchon asking aid for the "Female House of Refuge" in the City of Toronto.

"Your Committee find Bills paid and charged under the head of Jail expenses for medicine furnished for the use of the Jail, which should have been furnished by the Surgeon of the Jail, as the By-law fixing his salary, passed 10th Feb, 1859, distinctly says, that he is to furnish and 'dispense the medicines.'

"Your Committee would call the the attention of this Council to the fact, that there was at the commencement of the year 1864, the sum of $2,042 for general purposes and school tax, due from several of the Municipalities of these Counties, and that one or more of these Municipalities had not at that date paid one dollar of taxes for 1863 into the Treasurer's hands.

"This omission in the opinion of your Committee is a great injustice to those Municipalities which have paid in their taxes at a reasonable time.

"Your Committee find that the estimates, for the year 1863, did not reach the expenditure by a large sum, and they are of the opinion that this system of under estimating the expenditure is wrong, and that each year should fully provide for itself.

"Your Committee find that the Treasurer has paid a large sum of money to the Bank of Upper Canada during the past year, as interest and commission on advances to meet the current expenses of these Counties, and are of the opinion, that these Counties should gradually change their finances so as not to have to pay each year a large amount of money for interest and commission,—to enable them to procure funds to meet their current expenses,—and that an increase of tax for three years equal to the deficiency of the past year would abolish this interest and commission account.

"Your Committee would recommend (as money will have to be raised to meet this year's expenses) that the Treasurer endeavour to make arrangement with the Bank where the account is now kept, to furnish the money required without a charge of commission, and if such arrangement cannot be effected ; then to endeavour to make such arrangement with one of the other Chartered Banks, in the City of Toronto, and if successful to change the Bank account to such Bank.

"Your Committee do not advise any grant this year to the 'Boys' Home' or to the 'Female House of Refuge,' as there has not been anything before your Committee to show how these grants heretofore have been extended, or how the institutions have been conducted.

"The Treasurer's accounts and statements have come before your Committee in a regular and orderly manner. Your Committee would be pleased to say that the finances of these Counties are in a satisfactory state, but they cannot, taking the view before expressed."

And on motion of Mr. Ego the Council went into Committee of the whole thereon.

*Of Standing Committee on Roads and Bridges.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Roads and Bridges to whom was referred the Petition of Isaac G. Gordon and others, praying that a survey be made of part of the eighth line of the Township of East Gwillimbury and the location of said line ascertained, beg leave to report as follows:

That it has been made to appear to your Committee by the Petition of Isaac G. Gorden and others that part of the Eighth Concession Line in Township of East Gwillimbury from lot number sixteen to the northern Town line has not been laid out in the original survey of said Township; or if it has there is no post, or monument left, by which said road can be traced; and that it is desirable that a survey of said road should be made, and the true location ascertained.

Your Committee would therefore recommend that a petition from this Council (which they herewith submit) be presented to his Excellency the Governor General, praying that a Surveyor be appointed to survey the aforsaid road, and place monuments thereon, and thereby set at rest the disputes and inconveniences arising from the want of knowing where the road in question should be.

All of which is respectfully submitted.

[ADOPTED.]

*Second Report of Standing Committee on Roads and Bridges.*

To the Municipal Council of the United Counties of York and Peel.

The Standing Committee on Roads and Bridges, beg leave to report as follows:

Your Committee have had under consideration the Petition of Alexander Smart, and 34 others, praying that this Council would take some steps to have the dispute settled as to where the road shall be, between the Townships of King and Albion, as there are great disputes and bad feeling existing between the parties residing on each side of the line in question, some arguing that it should be on the east side, and some saying it should be on the west.

Your Committee have taken a good deal of trouble in getting information on the matter as to where the road should be, and from all the statements made before them, they are of the opinion that it was originally intended, and should be on the east side of the line in question, commonly known as the Indian or thirty-six mile line.

Your Committee in arriving at the foregoing conclusion have in addition to the facts brought before them, the disputes formerly existing between part of the Inhabitants of the Townships of Etobicoke and the Gore of Toronto, in which case after prolonged litigation and law-suits, in all of which it was decided that the road should be on the east side of the line, the Legislature passed an act in conformity with the decision of the Courts establishing the road on the east side of the line.

Your Committee would therefore recommend that for the avoidance of any further disputes or litigation in the matter between the parties interested, that this Council do petition the Legislature to pass an act to confirm the road allowance on the east side of the line between the Townships of King and Albion aforesaid.

All of which is respectfully submitted.

(Signed) W. HANNA.

*Chairman.*

Council Room,

6th February, 1864.

*First Report of Committee on Printing,*

To the Corporation of the United Counties of York and Peel.

The Standing Committee on Printing to whom were referred the tenders of Messrs. W. C. Chewitt & Co., and H. Rowsell, for furnishing blank forms for assessments and collectors' rolls and notices for the several Municipalities for the current year, beg leave to report as follows:

Tender of Messrs. W. C. Chewitt & Co.

| | |
|---|---|
| Assessment rolls | 50 cents per quire. |
| Collectors' " | 40 " " |
| Assessments notices | 30 " " |

Tender of Mr. H. Rowsell.

| | |
|---|---|
| Assessment rolls | 40 cents per quire. |
| Collectors' " | 40 " " |
| Assessment notices | 25 " " |

Other blank forms in same proportion.

Your Committee after having examined the specimens accompanying each tender, beg leave to recommend that the contract be given to Messrs. Chewett & Co.

Your Committee would further notice that the "Assessor's Guide," compiled in accordance with the recent act by R. A. Harrison, Esq., and sent by W. C. Chewett & Co., is worthy of notice, being very useful to assessors, would recommend they be procured in such numbers as required by each Township.

Your Committee do therefore recommend that the Clerk do forthwith give notice to Messrs. Chewett & Co., to prepare and furnish such a number of sheets of blank assessment and collectors' rolls and notices, for the various Municipalities as set forth in the annexed schedule.

All of which is respectfully submitted.

The Petition of the Hon. J. C. Pointer, and 31 others, praying for the same.

In reference to the appointment of Grammar School Trustees and Local Superintendents of Schools, your Committee have given the subject their most careful attention, and would respectfully recommend the following persons to be appointed, and have prepared a resolution accordingly: that is to say, for Local Superintendents:

| | | |
|---|---|---|
| 1. | Township of York, | Wm. Watson. |
| 2. | " Scarboro,' | Rev. Wm. Belt. |
| 3. | " Markham, | Rev. J. S. G. Hill. |
| 4. | " Whitchurch, | J. T. Stokes, |

| 13. | " | Gore of Toronto, } | |
| 14. | " | Albion, . . . . . | Rev. H. B. Osler. |
| 15. | " | Caledon, . . . . . | Rev. A. M. McFaul. |

The Trustees of the Senior County Grammar School of the City of Toronto: Rev. H. J. Grassett, B.D., Hon. J. McMurrich, re-appointed.

Trustees for the Weston Grammar School: John McCann, Henry Dennis, and Edward Miles, re-appointed.

Your Committee would recommend to your Council, that the sum of $1,200 be appropriated to the following Grammar Schools, to be equally divided among them, and to be expended in such a manner under the direction of the Board of Trustees of each School, as they may deem best calculated to serve and promote the general interests of the Schools; that is to say: to the Grammar Schools at Weston, Brampton, Streetsville, Newmarket, Markham, and Richmond Hill, each $200.

Your Committee have carefully considered the Petitions for and against the re-appointment of M. Teefy, Esq., as Grammar School Trustee for Richmond Hill, and are of opinion, that the removal of Mr. Teefy from the said Board of Trustees, and the appointment of Mr. Warren in his place would not forward the interests of said School.

Your Committee have given a very careful attention to the various petitions and communications regarding the removal of Mr. Jas. McGuire from the office of Local Superintendent for the Township of Toronto, and would beg to report as follows:

That after hearing evidence on both sides with regard to certain complaints made by the Petitioners, against the re-appointment of the said McGuire, they are of opinion that altho' some of the allegations have not been completely sustained by fact, still they feel that sufficient ill-will and ill-feeling have been engendered against the said McGuire, on account of the manner in which he has managed the school matters in certain sections of this Township, as to render his remaining in the capacity of Local Superintendent exceedingly detrimental to the harmonious conduct of school matters in that locality; and consequently obstructive to the best interests of Common School education.

Your Committee have considered the communications from Dr. B. Morris, Superintendent of the Institution for the education of the Deaf, and Dumb, and Blind, they are informed there was a motion made in Council to allow Mr. McGann to appear and give certain explanations with regard to his late connection with the said institution, they would therefore leave any recommendation they might otherwise make, until the matter has been there discussed in open Council.

All of which is respectfully submitted.

*Second Report of Committee on Education in reference to the Deaf and Dumb Pupils.*

To the Counties Council.

Your Committee having had certain statements laid before them concerning the Institution for the Deaf, Dumb, and Blind, have carefully examined Dr. B. Morris on the said facts.

Your Committee find according to Dr. Morris' statements, that the Institution is at present conducted in a very efficient manner, by a Teacher selected from the New York Deaf and Dumb Asylum, that the progress of the pupils under his instruction has been everything that could be desired.

That there are sixteen pupils—ten deaf and dumb and six blind in the said Institution—that of these, four are supported from the general funds of these United Counties.

That, although the Superintendent has been officially notified that the grant at present received from the Government will cease on the first of April next, there is every reason to believe that such an excellent charity will not be allowed to perish, but that the Legislature will see fit to maintain its present efficiency in some other manner

Your Committee would therefore recommend that no change be made at present in the County pupils, at present under Dr. Morris' Superintendency.

All of which is respectfully submitted.

*Report of the Standing Committee on County Property and Gaol Management, on the matters referred.*

To the Council of the Corporation of the United Counties of York and Peel.

The Standing Committee on County property and Gaol management, &c., beg leave to report on the following documents and communications referred to them, viz:

A communication from R. Coulter, Esq.. Warden of the County of Welland, asking the opinion of this Corporation as to the advisability of seeking the repeal of the Prison Inspectors' Act, in so far as relates to County Gaols.

A communication from A. M. Howard, Esq., Clerk of Division Court No. 1, soliciting a reduction of rent on the room occupied by him as a Division Court office.

A communication from Mr. R. James, asking the privilege of giving up at any time an office occupied by him in the third story of the Court House.

A communication from Jn. McNab, Esq,, C.P., stating that a book-case is required in his office, also the re-binding the assessment rolls.

A petition from the Trustees of School Section No. 3 of Albion, praying for transfer of School site to Trustees, with memorial to original deed for registry.

A communication from M. C. Cameron, County Solicitor, with opinion regarding transfer of title of site of the old registry office in Brampton.

A communication from Mr. G. D. James, soliciting a reduction of rent on one room adjoining the Division Court, occupied by him as an office, to forty dollars per annum.

A communication from Mr. G. L. Allen, requesting the Council to allow his family to remain in the Gaol of these Counties for the ensuing three months, owing to the dampness of their apartment in the New Gaol buildings.

In reference to the communication of the Warden of the County of Welland, your committee cannot recommend any action in the matter, but are of opinion that the duties might be performed by one Inspector instead of three, thereby effecting a great saving to the Province.

In reference to the communication of Mr. Howard, Clerk of Division Court, your Committee would recommend that the rent of the office which he occupies be reduced to $100 per annum.

In reference to the communication of Mr. R. James, your Committee recommend that he be allowed to give up and vacate the office which he occupies, by giving one month's notice of such to the Warden.

In reference to the communication of J. McNab, Esq., C. P., your Committee recommend that the Commissioners on County property do procure a suitable book case for his office, also to have the assessment rolls re-bound.

In reference to the petition of the Trustees of School Section No. 3 of the Township of Albion, your Committee would recommend that the Warden be authorized to make a memorial to old deed and transfer of such title as may be vested in these Counties to the Trustees of said School Section.

In accordance with the instructions of this Council, your Committee have taken the opinion of the Counties' Solicitor in reference to the title of the old Registry Office in Brampton, which they herewith submit, and would recommend that the Warden execute such title as is vested in these Counties, and make A. T. Scott a party to the same.

In reference to the communication of G. D. James, your Committee recommend that the rent of the office which he occupies be reduced to fifty dollars per annum.

In reference to the communication of Mr. G. L. Allen, your Committee recommend that he be allowed to let his family remain in the Gaol of these Counties for the next three months.

In accordance with the instructions of the Council, your Committee have examined the Jury Boxes, and would recommend that the Commissioners on County Property get them cushioned with cheap leather cushions.

Your Committee have examined the different apartments in the Court House and found the same in a good state of repair; they also examined the hot-air furnaces, and found them in good working order.

Your Committee have visited the Gaol and found it as on former occasions in a clean and orderly state. The Annual Gaol Statistics, which are hereunto annexed, have been furnished to your Committee by G. L. Allen, Esq., Governor of the Gaol, which Statistics your Committee would recommend to be printed with the Minutes of this Council.

Your Committee would recommend the appointment of three Commissioners on County Property for the year 1864, whose duty shall be to superintend any and all repairs necessary to the Court House, and all matters requiring immediate attention connected with the interest of these Counties during the recess, and that the Warden, with Messrs. J. P. Wheler and R. A. Hartley, be such Commissioners.

All of which is respectfully submitted.

TORONTO GAOL,
*January*, 1864.

*First Report of the Standing Committee of Finance and Assessment, on the matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment ask to report as follows:

Your Committee have had before them the following accounts and statements from the Treasurer of these Counties, viz:

The four quarterly accounts current for the year 1863, with the vouchers, a statement of the outstanding assets and liabilities to the 31st Dec., 1863; a statement of the financial affairs of the Counties. Estimate of the probable expenditure for the year 1864, amounting to $33,030\frac{93}{100}$. Also a detailed account of the revenues for the year amounting to $8,152 (the above estimate does not include the Jail expenses). The Grammar School fund account to 31st Dec., 1863; an account of the non-resident land Fund to the 31st of Dec. 1863, together with a statement showing the amount of the fund available to each municiality; an account of the receipts and expenditure of the Provisional Council of Peel.

Your Committee have had also before them the Petition of the Lady Managers of the Boys' Home for aid.

Also a communication from Mrs. E. Dunlop and Mrs. McCutchon asking aid for the "Female House of Refuge" in the City of Toronto.

Your Committee find Bills paid and charged under the head of Jail expenses for medicine furnished for the use of the Jail, which should have been furnished by the Surgeon of the Jail, as the By-law fixing his salary, passed 10th Feb., 1859, distinctly says, that he is to furnish and 'dispense the medicines.'

Your Committee would call the attention of this Council to the fact, that there was at the commencement of the year 1864, the sum $2,042 for general purposes and school tax, due from several of the Municipalities of these Counties, and that one or more of these Municipalities had not at that date paid one dollar of taxes for 1863 into the Treasurer's hands.

This omission in the opinion of your Committee is a great injustice to those Municipalities which have paid in their taxes at a reasonable time.

Your Committee find that the estimates, for the year 1863, did not meet the expenditure by a large sum, and they are of the opinion that this system of under estimating the expenditure is wrong, and that each year should fully provide for itself.

Your Committee find that the Treasurer has paid a large sum of money to the Bank of Upper Canada during the past year, as interest and commission on advances to meet the current expenses of these Counties, and are of the opinion, that these Counties should gradually change their finances so as not to have to pay each year a large amount of money for interest and commission,—to enable them to procure funds to meet their current expenses,—and that an increase of tax for three years equal to the deficiency of the past year would abolish this interest and commission account.

Your Committee would recommend (as money will have to be raised to meet this year's expenses) that the Treasurer endeavour to make an arrangement with the Bank where the account is now kept, to furnish the money required without a charge of commission, and if such arrangement cannot be effected; then to endeavour to make such arrangement with

one of the other Chartered Banks, in the City of Toronto, and if successful to change the Bank account to such Bank.

Your Committee respectfully recommend that the sum of one thousond dollars be paid to the Managing Directors of the *Magdalen Asylum*, and the sum of one hundred dollars be paid to the Managing Directors of the "*Boys' Home*," both which Institutions are situate in the City of Toronto, and that the several sums be paid out of the general funds of the Counties.

The Treasurer's accounts and statements have come before your Committee in a regular and orderly manner. Your Committee would be pleased to say that the finances of these Counties are in a satisfactory state, but they cannot, taking the view before expressed.

*Chairman.*

Committee Room,
4th February, 1864.

NOTE.—The report was ordered to be amended by the Council in reference to a Grant to the "Magdalen Asylum" and "Boys Home."

*Second Report of the Standing Committee on Finance and Assessment on matters referred.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment, report as follows, viz:

Your Committee have had before them the following documents, viz:

A communication from Michael Ryan, Court House keeper, asking for an increase of salary.

A communication from Mr. W. C. Crofton, together with Tables and Statistics of the old Home District, (now the Counties of Ontario, York, and Peel) asking this Council to purchase the same.

Also, two accounts for repairs to the Brampton Registry Office.

With reference to the communication of Michael Ryan, your Committee are of opinion that the salary now paid is quite sufficient to ensure the due performance of all the duties required of a Housekeeper for the Court House, and think there are scores of men ready to take his place at the same salary. Your Committee therefore cannot recommend any increase of salary.

Your Committee have carefully examined the Tables, &c., accompanying Mr. Crofton's communication, and find them to contain matter which would no doubt be of interest to many parties in these Counties, but do not consider them of sufficient importance to recommend the purchase by this Council.

With reference to the unpaid accounts for repairs to the Registry Office, Brampton, your Committee find the sum of $116 09 of the appropriation voted by the Council last year, still unexpended, and therefore recommend the payment of the following accounts, viz:

| | |
|---|---|
| To W. M. Baird, - - - - - | $9 00 |
| " Proprietor of Brampton Times, | 2 50 |
| | $11 50 |

All of which is respectfully submitted.

*Report of Committee on the subject of Intemperance in the Manitoulin Islands.*

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment to whom was referred the letter of Mr. John McNab, suggesting that there should be an Asylum for Inebriates, beg leave to report:

That a very large portion of the money annually spent in connection with the administration of criminal justice in this section of Canada, is so spent upon cases arising directly or indirectly from intemperance.

That it is in the opinion of your Committee there are in this section of Canada a considerable number of persons, many of whom are fathers and mothers of families, who have already become, and many others are fast becoming, inebriates, and your Committee would recommend that it is desirable that there should be in either section of Canada a locality in which it should not be lawful to manufacture or land spirituous liquors, whither inebriates with their families may go, if so disposed, and that there should be in such locality an Asylum for Inebriates.

That taking into consideration the fact that the Manitoulin Island now about being opened up for settlement, contains a large Indian population who cannot be protected from the injurious consequences of intemperance if spirits are allowed to be either manufactured or landed upon either that Island or the sister Island of St. Joseph. Your Committee would advise that an humble address be presented by this Council to His Excellency the Governor General, and both branches of the Legislature, praying that an Act of Parliament be passed preventing both the manufacture and landing of every description of spirituous liquors upon either of said Islands, and endowing an Inebriate Asylum with a liberal portion of the Crown Lands upon St. Joseph's Island, and providing that the Warden of each County contributing some certain sum to be fixed by the Legislature, shall be the Trustees of said Asylum, and providing that the Indians of Manitoulin may further endow said Asylum, or establish one for themselves and the other Indians of Canada.

All of which is respectfully submitted.

"Sir—Having been requested by a Committee of the Council to give an opinion upon and answer to the following questions, viz:

"First—Should the names of both owners and occupants of real property liable to assessment appear upon the assessment roll, and if so, in what column or columns?

"Second—Is it proper or legal for assessors to place upon the assessment roll, as taxable parties, the names of persons who are neither owners nor occupants; for example, in a case of father owning land or occupying it as a lessee or tenant, and having one or more sons having no interest in the land except as children or servants of the occupant or owner, would it be legal or proper to assess the sons as well as the father? and if so, would the sons as well as the father be entitled to vote at elections, parliamentary or municipal.

"Third—Should the names of persons liable to serve in the militia be stated in the first column of the assessment roll, and numbered consecutively, or should the names only appear for the purposes of militia enrolment in the three new columns required to be added to the assessment roll by virtue of section six of the militia act of last session, 27th Vic., chap. 2?

"I have to request you will submit the following as the conclusions I have come to, for the information of the Committee:—

"First —By section 19 of the assessment act, Consolidated Statutes of Upper Canada, chap. 55, page 653, the assessors are required to prepare an assessment roll in which they shall, according to the best information they can obtain, set down the names and surnames in full of all taxable persons resident in the municipality who have taxable property therein and in column number one the name of taxable party, &c. By section 21, land occupied by the owner shall be assessed in his name. By section 22, land not occupied by the owner, but of which the owner is known, and who at the time resides or has a legal domicile or place of business in the township, &c., or who has signified personally or by writing to the assessor that he owns the land and desires to be assessed therefor, the same shall be assessed against such owner alone, if the land is unoccupied, or against the owner and occupant if such occupant be any other person than the owner. By section 23, if the owner of the land be non-resident or be unknown and has not requested to be assessed in manner mentioned in section 22, it shall be assessed in the name of and against the occupant, but if the land be not occupied then it shall be assessed as land of a non-resident. By section 24, when the land is assessed against both owner and occupant the assessor shall on the roll add to the name of the owner the word 'owner,' and to the name of the occupant the word 'occupant', and the taxes may be recovered from either, or from any future owner or occupant. And lastly, by section 25, when land is owned and occupied by more persons than one and all their names are known to the assessor, they shall be assessed therefor, but if the names of all are not so known those of them whose names are known shall be assessed for the whole. From these provisions it is clear that the owners and occupants of the same land are taxable parties, and it follows that the names of both should be set down in the first column of the assessment roll, and they should be distinguished by the words 'owner' and 'occupant,' placed opposite their names' according to their respective character. This is at variance with the view I expressed to the Committee when conversing with them, but I have no doubt it is the correct one, and that in speaking of the provisions of the act from recollection, I was in error.

"Second—The assessors should not insert in their rolls the name of any person not coming under the designation of owner or occupant, such as a son living with his parent, a servant, or lodger. There is ample provision in sections 44, 45, 46 and 47 to enable the assessors to obtain correct information, and to punish any one giving, wilfully, incorrcet statements. By sub-section 1 of section 4 of chapter 6 of the Consolidated Statutes of Canada, page 35, every male person entered on the assessment roll last revised, corrected and in force at the time of the election, as the 'owner,' 'tenant,' or occupant of real property, of the assessed value of $200 or upwards, or of the yearly value of $20 or upwards, shall be entitled to vote at the election of a member of Parliament, but by sub-section 5 of section 6 he may lose the right he has to vote if his name should be omitted from the voters' list, which, by said section 6, the clerk of the municipality is required to prepare. As only owners, tenants and occupants are entitled to vote, it follows, that all persons not coming under one or other of those heads are not entitled to do so. Thus, an owner's son or servant would have no right to vote, or the father of an owner or occupant living with his son, and not beneficially interested in the land: and the votes of such persons, though their names should appear on the voters' list, would be bad, but could not be objected to by the returing officer, that functionary having no power to refuse the vote of any one being a British subject and of the full age of twenty-one appearing on the voters' list. These bad votes could only be removed on a scrutiny of votes before an election committee of the House. By section 75 of the Municipal Corporations' Act, it is only the male freeholders and such householders as have been resident within the municipality for one month next before an election, who are subjects of her Majesty, of the full age of twenty-one years, who are rated on the last revised assessment rolls for real property in the municipality, held in their own right, or that of their wives, as proprietors or tenants, who are entitled to vote; and by section 79, when the owner and occupant of any real property are rated therefor, both shall be deemed rated within the Act. So the same character of qualification is required for both parliamentary and muni-

cipal voters, viz., the being rated as owners, tenants, or occupants for real property. If several persons are assessed for the same land, as joint owners or occupants, none of them will be entitled to vote for a member of parliament, unless they establish their right before the court of revision of the municipality or the county judge, as directed by sub-section 3 of section 4 of chapter 6, Consolidated Statutes of Canada. They must show that the value of the interest in the property of each is sufficient to entitle him to vote if he had been assessed individually; thus, if four persons were assessed for property assessed at $1,000, and each had the same interest, each would have a vote, because his interest would exceed $200. But if one had an interest to the value of $600, another $200, and each of the others only $100, only two would be entitled to vote—that is to say, the one having the $600 interest and the one having the $200 interest. By the Municipal Corporations' Act, section 80, however, a different rule prevails; for there, if the property assessed is sufficient to qualify all, if equally divided, all are entitled to vote, no matter what the respective interest, and if the whole assessment is not sufficient to qualify all, all are disqualified.

"Third—The names of persons liable to serve as militia men should be put in the three columns required by section 6 of the militia act above referred to, and these columns should be placed at the right hand side of the roll. The law does not require it, but it would be a convenience if there was attached to the column for each different class of the militia service, a column for the number of each, which would enable any one to see by a glance at the roll the number of men in each class, and would not materially increase the labor of the assessor.

"I think by the Assessment Act it was contemplated that where one person was assessed for several properties, his name should only appear once in the assessment roll for the whole amount of property, but this would lead to confusion in cases where a party was assessed for several properties as owner, and other persons for portions of the property as occupants, as the total of the assessment would appear against the owners, and portions of it against each occupant, thus making the assessment apparently double, and causing embarrassment in the collection. In numbering the assessments on the left hand side of the assessment roll, each taxable party should be numbered, but in claiming the appropriation of the Clergy Reserve Fund a person whose name appears several times on the roll should only be counted as one.

(Signed,) "M. C. CAMERON.

"Toronto, 5th Feb. 1864."

"Having been further requested to give an opinion as to the proper course to be pursued by the court of revision in cases where two or more parties are assessed as joint owners or occupants in order to entitle each to vote for parliamentary purposes. For instance, Jno. Smith, Thos. Smith and Robert Smith are assessed for Lot 1 in 2nd concession, 100 acres, value $1,000, should the $1,000 be divided among them and the porton of each carried out on the roll opposite each name, or in what manner should the individual interest be shewn, and how should the interest of each be established and verified by oath or affirmation, and if so, should such verification appear on the roll or otherwise?

"With reference to voters the Court of Revision should take no action, having no power, unless notice is given by some person to the clerk to the effect that he himself or any other person or persons on the assessment roll, in the character of joint owners or occupants, has or have a sufficient interest in the property assessed to qualify him or them to vote, and requesting to be entered on the roll accordingly, the notice and proceedings will be similar to those required by section 60, subsections 1 and 2 of the assessment act in the case of persons complaining of an undue assessment, and notice of the application should appear in the list of complaints as provided for by sub-sections 3 and 4 of said section 60, in order that full opportunity may be given to any elector to dispute the right of the applicant to be so assessed. The court may take the oath, or affirmation of one of the people who by law are entitled to affirm, of the applicant, or require other proof to establish the claim if not satisfied with the party's own

oath or affirmation; but neither the fact of verification, nor the manner of it, need be stated in the assessment roll. The amount of the individual interest should be placed opposite the name of each joint tenant or occupant, but should not be carried out so as to increase the assessment of the whole in the amount of statute labour or otherwise. For this purpose the whole of the occupants are to be regarded as one person. I would recommend the clerk of the township or village corporation to keep a book of the proceedings of the court of revision, in which should appear a transcript of the proceedings of the Court, including the names of all complainants against assessments and applicants to have their interest defined on the assessment roll, and the manner in which the right was established, thus, by oath of applicant or by oath of any other person naming him.

*Report of the Commissioners of County Property.*

To the Council of the United Counties of York and Peel:

The Commissioners of County Property appointed by the Council to attend to certain matters connected with the interests of the Counties during the recess, respectfully report as follows:—

Your Commissioners found it necessary to cause all the timber joists and flooring in the front hall or lobby of the Court House to be removed; it was all nearly decayed in consequence of no air being admitted, and they were surprised to find the columns in the hall were placed on timber, which was also quite decayed; your Commissioners had it removed, and stone butments erected under the columns instead, and new joists and flooring put in, in the best manner that the place would admit; but they consider that it would have been much better and cheaper in the end to have had the front hall flagged.

Tenders were received for the supply of bread for the prisoners in the Counties Jail for the two quarters, and in each case the lowest tender was accepted, for the quarter ending 30th September, the price was seven cents for the 4lb. loaf, and for the quarter ending 31st December, 7¼ cents was the lowest price for the 4lb. loaf.

In consequence of having received information from the members of the Corporation of the City of Toronto, that it was the intention of that Corporation to remove the city prisoners to the new city jail, about the second week in January, and that they would willingly keep and maintain the Counties' prisoners at a reasonable rate, and in consequence of the Clerk of the Corporation of the City of Toronto having advertised for provisions, your Commissioners did not think it advisable to make any further contract, until the Council determined what should be done.

On an application from Dr. Berryman, and a strong recommendation from the Rev. S. Givens, of Yorkville, Ellen Bellmore, a blind child of indigent parents, was admitted to the Asylum at the expense of the Counties from the 1st September, 1863, in consequence of a vacancy having occurred by the dismissal of one of the pupils. Also for a deaf and dumb girl named Rachael Dawson, on the recommendation of the Reeve of Markham, and Rev. G. S. J. Hill, from 7th November last.

Orders were given on the Counties Treasurer amounting to $255 for payment of board and tuition for the two quarters ending respectively on the 30th September and 31st December last, for the pupils admitted by the Council to the Asylum for the deaf, dumb and blind.

In consequence of some disagreement in the management of the Asylum, your Commissioners did not feel at liberty to order payment for the present quarter in advance, but left the matter to be decided by your Council.

Application having been made on behalf of the Trustees of the Adelaide Street Wesleyan Church for $11.75, the amount required to pay the expense of erecting one-half of the fence between the Counties property and Church property; the claim being a just one, your Commissioners gave an order on the Treasurer for that amount.

A small office in the upper part of the Court House has been rented to Robt. James, Esq., at the rate of $20 per annum.

A communication from Mr. McNab, Clerk of the Peace, was received, expressing a desire to give up one of the three rooms occupied by him and his partner as private offices; it was communicated to him that he could do so, and one-third of the rent be deducted from 15th November last.

The Schedule hereunto annexed contains a statement of the several amounts ordered to be paid by the Commissioners, after having been examined and found correct. Also the outstanding liabilities, together with the several particulars of the same, which having been examined and found correct, the Commissioners recommend the Council to adopt a resolution for payment of the same.

All which is respectfully submitted.

*Report of the Committee appointed to equalize the Assessment Rolls.*

To the Council of the United Counties of York and Peel.

The committee appointed to equalize the assessment rolls of the the various municipalities constituting the United Counties of York and Peel, beg leave to report as follows, viz.:

That they have carefully examined the said Assessment Rolls, and find them in a very creditable condition as far as relates to the penmanship. But your Committee would draw the particular attention of the Council to the fact that a very irregular system of assessing exists.

In the Townships of York and King the owner and the occupant are both assessed and numbered for the same property, thus very materially increasing the number of names on the rolls, your Committee knowing it to be a disputed question as to whether both the owner and occupant should be so rated, are not prepared to say whether the method is a correct one or not. But if the practice prevail, it will be impossible for the rolls to be returned to the Counties' Clerk arranged in alphabetical order as the statute provides, which is an argument against the practice. Your Committee are of opinion that the matter in dispute should be finally set at rest, for if one or more Municipalities have a legal right to assess in the manner indicated, then the whole have the same right and should exercise it. As the case now stands, the Municipalities following the practice draw a disproportionate amount of the Upper Canada Municipalities Fund at the expense of the rest. Your Committee would therefore recommend that the opinion of the Counties' Solicitor be had on the subject.

In some of the Townships there is a falling off in the number of acres assessed as compared with last year, as in King, Markham, Whitchurch, Toronto, and Toronto Gore, but particularly in York where it amounts to 3531 acres which your Committee cannot account for, but on the supposition that great carelessness exists on the part of the assessors. In other Townships there is an increase in the number of acres assessed, as in East Gwillimbury, Vaughan, North Gwillimbury, &c. In some Municipalities persons having the same surnames, apparently father and sons (judging by their respective ages) are rated for the same property as joint owners or occupiers each being numbered. In Caledon the practice so very extensively prevails that your Committee feel convinced that they cannot all be the *bona fide* owners or occupiers of the property to their own use and benefit assessed against them, particularly as the property is not divided and parts carried out opposite to the respective names, but is carried out on one line in bulk, thus in the opinion of your Committee unlawfully increasing the number of names on the roll, to the injury of the other Municipalities, particularly as regards the apportioning of the Upper Canada Municipalities Fund; as it is fair to presume that the whole of such names are returned to the Receiver General. Your Committee feel that the practice should be most strongly discountenanced.

On some rolls the ages of assessed parties are not given, and non-residents rated on the residents roll are not designated by the initial letters N. R., and assessed parties are not described as either Freeholders or Householders; some rolls are not alphabetically arranged; and in three cases at least on the Caledon, roll parties are named and numbered but assessed for no property whatever. Your Committee detected an error in the addition of the York roll of $1000. In some cases the recapitulations are so badly arranged as to be difficult to be understood.

Some of the wealthiest Townships return no taxable income, and but five of them return any, showing a very irregular system of assessing this description of property.

In comparing the assessments of 1862 and

1863, your Committee find an increase of 526 rate payers, but a decrease of $339,311 in the value of real and personal property, and also a decrease of 5928 acres of assessed land.

Your Committee have to the best of their judgment equalized the assessed value of the residents real estate in the several Townships, and the assessed value of real estate in the several incorporated villages, so that the assessments of the various Municipalities bear a just relation one to the other.

The accompanying Schedules Nos. 1 and 2 are of the usual description, No. 2 showing the assessed and equalized value of the property of the several Municipalities, and also the rate per acre at which the different Townships are equalized.

All of which is respectfully submitted.

# PETITIONS

ADOPTED BY THE COUNCIL AND PRESENTED TO THE THREE BRANCHES OF THE LEGISLATURE, FEBRUARY, 1864.

## No. 1.

## PRAYING TO AMEND THE ACT RELATING TO JURORS, &c.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That your petitioners submit that the expenses attending the selection and summoning of jurors, under the existing laws, are excessive.

That the transcribing of the names of Jurors from the original rolls by the Clerk of the Peace, and making two full copies of the same, is exceedingly expensive, having cost these counties during the past year the large sum of $186, whereas duplicate copies of the second selected roll, which are the only ones really necessary to be prepared by the Clerk of the Peace, would, even under the present high tariff, cost but $23.

Your petitioners therefore pray, that the Act may be so amended that the second selectors shall be required to select from the original alphabetical rolls, as returned by the various Municipalities, and that the Clerk of the Peace shall be required to make duplicate copies of the selected jury roll after the second selection only, and further that the second selectors shall receive for their services a fixed amount, not exceeding the sum of $8 each, which would be a sufficient compensation for the work performed.

Your petitioners would further pray your Honorable House, so to amend the present Jury Law, that before the Sheriff or other officer shall be required to summon a special jury, the plaintiff, defendant, or other party obtaining the writ of venire for such special jury, shall deposit with the Sheriff, or other officer to whom the writ is directed, a sum of money sufficient to pay the mileage, at the rate of ten cents per mile, from the residence of each juror to the Court House, and one day's attendance at the rate allowed to grand jurors by County Councils, to be paid to each juror upon answering to his name in obedience to the summons, when called by the proper officer in attendance upon the Court, and, in the event of such jury being detained longer than one day, each juror shall be paid by the parties suing out said writ, for every subsequent day's attendance, the sum allowed per diem by the County Council as aforesaid.

And your petitioners, as in duty bound, will ever pray.

WM. TYRRELL,
*Warden.*

No. 2.

## PRAYING TO AMEND THE ACT SEPARATING THE CITY FROM THE COUNTIES FOR JUDICIAL PURPOSES.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That the act passed in the year 1861, (24 vic. cap. 53,) separating the City of Toronto from the United Counties of York and Peel for certain judicial purposes, has been found practically inefficient in accomplishing the object desired, (which was to relieve the Counties of a heavy expense in the payment of juries, &c., attending to cases exclusively belonging to the City).

In consequence of suitors under the provisions of the 2nd section of said act being able to lay the venue in all actions in any of the Courts, for either the City or the Counties, it is still found that the time of the Courts of the United Counties is taken up in the trials of actions arising in the City of Toronto.

Your petitioners would therefore pray that your Honorable House will so amend the act as aforesaid, and thereby more effectually accomplish the desirable object, and prevent Plaintiffs or prosecutors from laying the venue as they may select; and that in no case shall the venue be changed from the City to the Counties, or from the United Counties to the City, unless by an order of one or more of the Judges of her Majesty's Superior Courts.

And your petitioners, as in duty bound, will ever pray.

W. TYRRELL,
*Warden.*

No. 3.

## PRAYING FOR A GRANT OF LAND TO ENDOW AN ASYLUM FOR INEBRIATES AT THE MANITOULIN ISLANDS, &c.

*The Petition of the Council of the Corporation of the United Counties of York and Peel,*

RESPECTFULLY SHEWETH—

That in this section of Canada a large amount of the business which comes before our criminal Courts arises either directly or indirectly from intemperance. That your petitioners are of the opinion that there should be in either section of Canada a locality in which it shall not be lawful to manufacture or land spirituous liquors of any description, whither the inebriates may go and reside, if so disposed; and that there should be in said locality an asylum for inebriates.

That the Manitoulin Island, now being opened up for settlement, contains a large Indian population who cannot be protected from the injurious consequences of intemperance, if spirits are allowed to be either manufactured or landed upon said Island, or the sister Island of Saint Joseph.

Your petitioners would therefore humbly pray that an act may be passed preventing both the manufacture and landing of spirituous liquors upon either of said Islands.

That there may be granted to Trustees, to be appointed as your Honorable House may deem advisable, a liberal portion of the Crown Lands of Saint Joseph for the endowment of an Inebriate Asylum; and that the Indians of Manitoulin may be enabled to further endow said asylum, or establish an asylum upon Manitoulin for the benefit of the Indians of Canada.

And your petitioners, as in duty bound, will ever pray.

(Signed,) WM. TYRRELL,
*Warden.*

TO HIS EXCELLENCY THE GOVERNOR GENERAL &c., &c., &c.

## RESPECTING THE SURVEY OF THE EIGHTH CON. LINE OF EAST GWILLIMBURY.

That the original monuments or part of the eighth concession line of the Township of East Gwillimbury have become obliterated and destroyed (if any were even planted thereon.)

That in consequence thereof a great many of the inhabitants in the neighborhood of said line are greatly inconvenienced for want thereof, and disputes arising between parties whose lands adjoin such line.

And whereas, it is necessary for the purpose of settling such disputes to have said line surveyed and finally established.

Therefore, your petitioners humbly pray that your Excellency will be pleased to cause said line to be surveyed, and monuments planted at the corner of each lot adjoining said line, under the direction and order of the Commissioner of Crown Lands, as provided by chapter 93 of the Consolidated Statutes of Uper Canada.

Your petitioners further pray, that your Excellency would appoint S. Wm. Hallen, Esq, Provincial Land Surveyor, to perform the said work.

And your petitioners, as in duty bound, will ever pray.

(Signed) WM. TYRRELL,
*Warden.*

WILLIAM TYRRELL, ESQ.,
*Warden, &c., &c.,*

TREASURER'S OFFICE, U. C. Y. & P.
Toronto, 26th January, 1864.

SIR,—

I have the honour to submit the customary documents in relation to the finances of the United Counties, as follows:

No. 1. Being the four quarterly accounts and vouchers for 1863. (See Auditors' Report.)

No. 2. A Statement of the outstanding assets and liabilities to the 31st December, 1863.

No. 3. An Abstract Statement of the General affairs, made out to the same date.

No. 4. Probable estimate for 1864.

No. 5. An account of the Non-resident Land Fund to the 31st December, 1863.

No. 6. A Statement showing the amount of the Fund available to each Municipality.

No. 7. Grammar School Fund account to the 31st December, 1863.

No. 8. An account of the receipts and expenditure connected with the Provisional Council of Peel. (See proceedings of Provisional Council of Peel.)

By the Statement of the outstanding assets and liabilities the Council will observe a balance to the debit of the Counties amounting to $2,979 93, attributable to its omitting to levy the amount of the supplementary estimate, suggested by me at the June Session of last year, and which forms the first item in the estimate for the present year. By that estimate it will be seen that in the absence of the ascertained amount, payable for support of County Prisoners, as well as the amount to be determined as payable by the City for the use of the Court House, the amount to be levied will be $24,878 93, which clearly shows the loss to the Counties of the withdrawal of the City, while it is evident it will be no gain to the latter. In making any new arrangement with the City for the use of the Court House, I beg to call the attention of the Counties to the fact that since the arbitration fixing the amount for the use of *Jail and Court House* at $4,225, the City has been formed into a separate County, and, in consequence, holds all its Courts in the Court House, thereby involving a large amount of additional expense which ought to be taken into account in fixing the amount.

I beg to submit a letter from the Board of Jail Inspectors of the City, asking to be furnished with the average cost per County Prisoners for "keep and maintenance," for the last five years, which I have merely acknowledged, under the supposition that a compliance would embarrass the Council in effecting an arrangement with the City.

It will be noticed that the expenditure of the Council of Peel has been effected with the exception of three dollars, payable to the "Review" office.

I have the honor to be, Sir,

Your Obedient Servant,

J. S. HOWARD,

*Treasurer U. C. Y. & P.*

To the Warden and Council of the United Counties of York and Peel:

We, the undersigned Auditors, beg leave to report,—

That we have carefully examined and audited the Accounts and Vouchers of the Counties' Treasurer; to wit, Detailed Statements of Receipts and Expenditure for the Quarters ending 31st March, 30th June, 30th September, and 31st December, 1863, Grammar School Fund and Non-Resident Land Fund Accounts, the Debtor and Creditor account of School Fund with the several Municipalities, and find them correct and satisfactory.

We have also examined the Reports and Vouchers of the Sub-Treasurers of Common Schools, and, with the exception of one Township, as noted in the "Copy Statement," they have been found correct and satisfactory.

We also submit an Abstract of the Counties' Treasurer's Account, shewing the Receipts and Disbursements for the year ending 31st December, 1863, and from which it appears the sum of $\$9465\frac{94}{100}$ has been expended in excess of receipts.

All of which is respectfully submitted.

## REPORTS OF COMMITTEES, &c.

SECOND MEETING, 1864.

*Report of the Standing Committee on Finance and Assessment on the matters referred.*

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment beg leave to report on the various matters submitted to them.

Your Committee have considered the communication from the manager of the Bank of Upper Canada, stating that the Treasurer's account is overdrawn to the amount of $15,062 49, and refusing to continue the account longer in its present shape. Your Committee would recommend this Council to authorize the Warden to sign bills to cover this amount.

With respect to the application of Mr. R. Gregg, asking aid from this Council to publish a Municipal Guide, your Committee cannot recommend any grant for this purpose.

The application of the Hon. H. J. Boulton, asking to be relieved from the payment of non-resident taxes on land in the Township of Whitchurch, your Committee have considered, and find that it is a matter over which this Council has no control.

Your Committee have also had under consideration the estimates submitted at the last meeting of the Council, and recommend that the following sums be levied for the present year, and have prepared a bill accordingly:

| | |
|---|---|
| For the payment of School Superintendents' salaries..... | $1,100 00 |
| For the payment of Teachers..... | 9,633 00 |
| For general purposes ..... | 26,388 40 |

Your Committee are of opinion that this sum will meet the necessary expenditure of the present year, and leave a balance in the hands of the Treasurer of about $5,000; and trust that future councils will follow this course until the finances of these Counties are in a position to avoid the necessity of borrowing money to meet current expenses.

All of which is respectfully submitted.

(Signed) H. S. HOWLAND,
*Chairman F. & A.*

Your Committee have had before them three accounts from the City of Toronto, for rates for the sewers in front of the Jail, Court House and Registry Office.

Your Committee have had the opinion of the County Solicitor on the legality of this account, in which he states it as his opinion that these Counties are not liable for such rates; consequently your Committee cannot recommend the payment of the same.

All of which is respectfully submitted.

To the Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report as follows:

That they have examined the communication of the Clerk in reference to the re-printing of a number of copies of the rules and regulations for the guidance of this Council; also stating that a number of parcels of the minutes of last meeting still remain in his office; and suggest that he be authorized to forward them by express to the nearest station to each member.

With regard to the re-printing of the rules, your Committee would recommend that before they are re-printed, it might be well to ascertain if they require any revising, and if so, to have a select committee appointed for that purpose. And that the Clerk do get printed, at as cheap a rate as possible, 200 copies of said rules; and that the Treasurer pay for said printing on certificate of the Warden or Clerk.

With regard to forwarding the minutes by express, your Committee cannot recommend any other course than that recommended in the report of last session; but would respectfully request that the Reeves, at the expense of the several Municipalities, would at once instruct the Clerk if they wish them forwarded and how.

All of which is respectfully submitted.

In answer to questions submitted by your Committee to the Governor of the City Gaol, they have received the following information : That the County prisoners were removed from the County to the new City Gaol on the 21st day of March. *Opinion of the Counties' Solicitor, in reference to the confirming of By-laws passed by Township Councils—Opening up Roads—Obstructions thereon, &c.*

To the Chairman of the Committee on Roads and Bridges of the United Counties of York and Peel:

SIR,—Having considered the questions submitted by you to-day, for my opinion, I have to state for the information of your Committee:

1st. That it is not necessary for the County Council to confirm any By-law of a Township, or Village Corporation, for the stopping up of a Road, established by the authority of the General Quarter Sessions of the Peace, or any other Road not being an original allowance for Road—that is a Road laid out in the original survey of the Township or Village.

2nd. The County Council has no power to delegate its authority to a Township, or Village Council, but it has authority, under Sec. 342, Sub-Section 8, to require a local Municipality to open, improve and maintain a County Road; and whatever it may be necessary for the local Municipality to do in carrying out the requirement of the By-law of the County Council, it will have authority to do, and among other things, to remove obstructions upon the line of Road to be opened, maintained or improved.

3rd. If the Road between the Second Concession of Vaughan and the Second Concession of York, has, by recent survey, under Chap. 102 of 23rd Vic., not been placed where the Road as travelled, is really located, serious difficulty may arise, unless the survey, as made, is adopted and confirmed by Act of Parliament. This Road, however, may not come within the Statute at all, not being a Road between Lots; but the County Council in this case, would have power to open up a Road on the line between the two Townships (the position of this line being determined altogether irrespective of the Act above referred to), observing the formalities required by law for opening up Roads, in passing the By-law for that purpose. At present any obstruction of the old Road, would, I think, render the party causing the obstruction liable to be indicted for a nuisance. Should the Council desire to require the Corporation of Vaughan to open the Road on the line between the two Townships, it can legally do so by passing a By-law to that effect; and this By-law so passed, will authorise the Vaughan Corporation to remove obstructions on the line of Road required to be opened.

Opinion of the County Solicitor, in reference to the conflicting of By-laws passed by Township Councils—Opening up Roads—Obstructions thereon, &c.

To the Chairman of the Committee on Roads and Bridges of the United County of York and Peel:

SIR,—Having considered the questions submitted by you to-day, for my opinion, I have to state for the information of your Committee:

1st. That it is not necessary for the County Council to confirm any By-law of a Township, or Village Corporation, for the stopping up of a Road, sanctioned by the authority of the General Quarter Sessions of the Peace, or any other Road municipal allowance for Road—that is a Road laid out in the original survey of the Township or Village.

2nd. The County Council has no power to delegate its authority to a Township, or Village Council, but it has authority, under Sec. 342, Sub-Section 8, to resolve a local Municipality to open, improve and maintain a County Road; and when ever it may be necessary for the local Municipality to do in carrying out the requirements of the By-law of the County Council, it will have authority to do, and among other things, to remove obstructions upon the line of Road to be opened, maintained or improved.

3rd. If the Road between the Second Concession of Vaughan and the Second Concession of York, has, by recent survey, under Chap. 182 of 32nd Vic., not been placed where the Road as travelled, is really located, serious difficulty may arise, unless the survey, as made, is adopted and confirmed by Act of Parliament. This Road, however, may not come within the Statute at all, not being a Road between Lots; but the County Council in this case, would have power to open up a Road on the line between the two Townships (the position of this being determined altogether irrespective of the Act above referred to), observing the formalities required by law for opening up Roads, in passing the By-law for that purpose. The Standing Committee on Roads and Bridges brought in a Report on the petition of Samuel Brethour and 66 others, praying that a Bridge be built over the Black River, between the Townships of Geergina and Scott, which was received and read as follows:

To the Municipal Council of the United Counties of York and Peel:

The Standing Committe on Roads and Bridges beg leave to report—

That they have had under their consideration the Petition of Samuel Brethour and sixty-six others, in reference to a Bridge over the Black River, on the Counties' line between the Township of Georgina, in the County of York, and the Township of Scott, in the County of Ontario; and by referring to previous Minutes of this Council, together with an award made between these Counties and the County of Ontario, respecting the Bridge prayed for, your Committee are unanimously of opinion that the authorities in the County of Ontario have failed in carrying out the principle they evidently were possessed of at the time they appointed for an arbitration, to decide what portion the Counties were to pay respectively towards defraying the expenses of erecting said Bridge; and from every information your Committee can obtain, and from the numerously signed Petition referred to, your Committee are led to believe that the Bridge is much required, and although deviating to a certain extent from the principles that have hitherto characterized this Council, with respect to County lines, under all the circumstances connected with this case, and more particularly the course that the Council of Ontario has thought proper to pursue respecting said Bridge, your Committee would respectfully recommend that the Warden and Mr. Ego be appointed Commissioners for the purpose of taking the necessary steps to have a Bridge erected, and shall receive tenders, and let the same, and have it completed as soon after as possible; and the Warden shall call on the Warden of the County of Ontario for the just and full proportion of the cost of the same, in accordance with the award of the arbitrators in that case.

All of which is respectfully submitted.

The Special Committee appointed to report on certain communications from T. Langton, Esq., Auditor of Public Accounts,

# APPENDIX.

## COMMUNICATIONS, BY-LAWS, &c., &c.

*Communication of W. H. Norris, Esq., J. P., in reference to the quashing a conviction by Chairman of Quarter Sessions.*

LYBOURNE HOUSE, SCARBOROUGH,
*October 27th*, 1864.

WILLIAM TYRRELL, ESQ.,
*Warden United Counties York and Peel.*

MY DEAR SIR,—

In August last, on the complaint of Ellen Anderson, I, conjointly with George Leslie, Esq., J. P., convicted John Busby (under By-law No. 137, passed June 10th, 1864, for the Preservation of Public Morals), for using grossly insulting and abusive language. The case was a very gross one, and amply proved by the testimony of several respectable witnesses. The Court fined the defendant $3 and costs, and in default of sufficient distress ten days in gaol.

The defendant appealed under the advice of his counsel, Mr. James Boulton. I drew up the formal conviction as directed by 27 Vict. chap. 18, and felt confident that the conviction could not be quashed.

On the appeal coming on for hearing, James Boulton for the appellant, and John McNab for the respondent, the Chairman of the Quarter Sessions, on reading the By-law under which the conviction was made, declared it not worth the paper it was printed on, and quashed the conviction in question, because the By-law made no mention of *costs*, and the *formal conviction* copied from 27 Vict. chap. 18, *mentioned costs*, and in default of *fine* and *costs*, ordered *distress*, and in default of *distress, imprisonment.*

In your company we called at Judge Harrison's Chambers, and drew his attention to the By-law in question, when he again repeated that it was utterly worthless. You then drew his attention to Consol. Stat. of U. C. ch. 54, sec. 360, sub-sect. 23, and Con. Stat. of C. ch. 103, sec. 53, when he admitted his error, and stated that "the Counsel for the Respondent had not drawn his attention to these sections," and "that he was not obliged to carry the statutes in his head."

Now, Sir, I think a wrong was committed on the County Council, by the public expression of contempt for the By-law by the Chairman of the Quarter Sessions, a similar wrong was sustained by the convicting Justices, whose correct decision was set aside by the ignorance of the Chairman of the Quarter Sessions, and a wrong and injury was committed on the poor woman, who not only lost her just cause, but was put to great expense for one in her circumstances: probably the counsel's fee, witnesses fees, &c., amounted to between $30 and $40.

I lay before you a plain statement of facts, I trust the Council will publicly express their opinion of this, and similar cases, and if possible find some remedy. Two intelligent County Magistrates should be appointed by the Council, I think, to sit with the Chairman, and thus prevent these egregious wrongs.

I have the honor to be, dear Sir,
Your obedient servant,
W. H. NORRIS, *J. P.*

Scott, Esquires, members of the Provisional Council, "for the purpose of petitioning parliament to make some other provision respecting the county town of Peel."

Brampton, March 21st, 1860.

The Council met.

Present: Messrs. Hanna, Graham, Parker, Perdue, Scott, Starrat, Walker, Chambers, Barnhart, and the Warden.

The Warden in the chair.

The Warden submitted the decision of the court of Queen's Bench, quashing the by-law selecting Brampton as the place for the county town of Peel.

Also bill of costs of Patterson & Harrison, in the suit, Ibson v. The Corporation of Peel. Amount £20 12s. 2d.

Also communication from E. A. Meredith, secretary to the Board of Prison Inspectors.

Moved by Mr. Scott, seconded by Mr. Perdue, that the Warden be authorised to affix the corporate seal to an answer to the bill filed in Chancery against the Council.

Yeas.—Scott, Parker, Barnhart, Walker, Starrat, Perdue, and Chambers, 7.

NAYS.—Graham and Hanna, 2.

Motion carried.

Moved by Mr. Scott, seconded by Mr. Walker, that this Council learns with regret that the court of Queen's Bench has decided that there are no legal means of changing the selection that has been made of Malton as the county town of Peel, as it is the opinion of this Council that from its inconvenient situation, want of accommodation, small amount of business, and other causes, the final selection of Malton as the county town and the erection of county buildings there, would be a great inconvenience as well as a positive injustice to a large majority of the inhabitants of the county of Peel.

Moved by Mr. Graham, seconded by Mr. Hanna, in amendment, that in the opinion of this Council no action should be taken at present to make further provisions for the county town of the county of Peel by petition or otherwise to parliament, but that the matter be allowed to lay over until after the next municipal elections, when the matter in reference to supplies for county buildings shall have fairly come before the people.

Amendment lost.

YEAS.—Hanna and Graham, 2.

NAYS.—Walker, Parker, Barnhart, Scott, Starrat, Chambers, Perdue, and the Warden, 8.

The original motion was then put and carried.

YEAS.—Walker, Parker, Barnhart, Scott, Starrat, Perdue, Chambers, and the Warden, 8.

NAYS.—Hanna and Graham, 2.

Moved by Mr. Scott, seconded by Mr. Chambers, that this council petition parliament to take some means at its present session to prevent such a misfortune as the final selection of Malton as county town, and to provide some means for the selecting of a more suitable place for that purpose.

Moved by Dr. Barnhart, seconded by Mr. Parker, in amendment, that the resolution be not adopted, but that in view of the present position of the affairs of the county, as well as from the facts which past experience has developed by former actions taken on the question of the county town as indicating the unadvisability of continual separation from the county of York, it is expedient that this Council do prepare a petition to be presented to the legislature, praying that honourable body to repeal the act which provided for separation, and thereby to re-unite the county of Peel to that of York, as they existed prior to the act referred to.

Amendment lost.

YEAS.—Parker and Barnhart, 2.

NAYS.—Walker, Hanna, Graham, Perdue, Starrat, Chambers, Scott, and the Warden, 8.

On the question, shall the petition be read a second time to-morrow,

Moved by Mr. Walker, seconded by Mr. Chambers, that the petition be not read a second time to-morrow, but that it be read a second time forthwith, and that the 36th rule of this Council be suspended for such purpose. Carried.

Moved by Mr. Graham, seconded by Mr. Hanna, in amendment, that the petition be not read a third time forthwith, but that it be read a third time this day six months.

Amendment lost.

YEAS.—Hanna, Parker, and Graham, 3.

NAYS.—Scott, Walker, Perdue, Chambers, Starrat, and the Warden, 6.

The original motion was then put and carried.

YEAS.—Scott, Walker, Perdue, Chambers, Starrat, and the Warden, 6.

## A BY-LAW

*To raise by way of loan the sum of twenty-three thousand six hundred and twenty-one dollars, for the purchase of land and the erection thereon of county buildings for the county of Peel.*

Whereas by the Act passed in the 23rd year of Her Majesty's reign, chapter 95, and intituled "An Act to amend the Act providing for the separation of the county of Peel from the county of York, and to provide for the selection of the county town of the county of Peel," provision is made for the selection of the county town of the county of Peel by a vote of the municipal electors of the said county, to be taken in manner provided by the said act.

And whereas by the same act it is enacted that the Provisional Council of the said county of Peel shall and may purchase or acquire land at the place so selected, and erect the necessary county buildings thereon.

And whereas it is by the same act provided that the by-law providing means for purchasing or acquiring land and for erecting the necessary buildings thereon, shall, before its final passing, be submitted to the municipal electors of the county, and a vote shall be taken upon the same in like manner provided by the 193rd section of chapter 54 of the Consolidated Statutes of Upper Canada.

And whereas a vote of the municipal electors of the said county has been taken on the selection of the county town, and the village of Brampton has thereby been selected as the county town of the said county, pursuant to the said act.

And whereas the Provisional Council of the said county have resolved to purchase or acquire land at the said village of Brampton, and to erect the necessary county buildings thereon, and to raise money for these purposes by way of loan, to be repaid in manner and form herein mentioned.

And whereas for the purposes aforesaid the sum of twenty-three thousand six hundred and twenty-one dollars will be required.

And whereas it will require the sum of three thousand seven hundred and eighty dollars to be raised annually by a special rate, for the payment of the said loan or debt and the interest thereon.

And whereas the amount of the whole rateable property of the said county of Peel, according to the last revised assessment rolls, being for the year one thousand eight hundred and sixty, is seven millions two hundred and seventy-eight thousand three hundred and sixty-four dollars.

And whereas for the payment of the interest and creating an equal yearly sinking fund for the payment of the principal of the said debt as hereinafter mentioned, it will require an annual special rate of four seventy-sevenths of a cent in the dollar.

Therefore the Provisional Corporation of the county of Peel, by the Provisional Council thereof, enacts as follows:—

1. It shall be lawful for the Provisional Warden of the county of Peel to raise by way of loan, from any person or persons or body or bodies corporate, who may be willing to advance

the same upon the credit of the said corporation and of the debentures hereinafter mentioned, a sum of money not exceeding in the whole twenty-three thousand six hundred and twenty-one dollars, and to cause the same to be paid into the hands of the treasurer for the purposes above mentioned.

2. It shall be lawful for the said Provisional Warden to cause debentures to be made for such sums of money as may be required, not less than one hundred dollars each, and not to exceed in the whole the said sum of twenty-three thousand six hundred and twenty-one dollars.

3. The said debentures shall be sealed with the seal of the said Provisional Council, and shall be signed by the Provisional Warden and countersigned by the treasurer.

4. The said debentures shall be made payable in ten years at farthest from the day hereinafter mentioned for this by-law to take effect, at the Bank of Upper Canada, at Toronto, and shall have attached to them coupons for the payment of interest.

5. The said debentures shall bear interest at the rate of six per cent. per annum, from the date thereof, payable yearly on the 14th day of December, at the Bank of Upper Canada.

6. An equal special rate of four seventy-sevenths of a cent in the dollar, in addition to all other rates, shall, until the full payment of the said debentures and interest, be levied in each year upon all the rateable property in the said county of Peel, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt.

7. This by-law shall take effect upon, from, and after the 14th day of December, 1860.

8. ## A BY-LAW

*To provide for taking a vote of the municipal electors of the county of Peel, on the questions of granting twenty-five thousand dollars for the erection of county buildings in the village of Brampton, or authorising the Provisional Council of said county to request the legislature to repeal all special acts relating to the separation of the county of Peel from the county of York, and all proceedings done thereunder.*

Whereas a special act was passed in the year 1856, providing for the separation of the county of Peel from the county of York, and selection of the county town by a majority of the reeves and deputy reeves.

And whereas a by-law was submitted to the municipal electors in October, 1856, whereby a small majority was obtained in favour of separation.

And whereas, the reeves and deputy reeves did, in the year 1859, select the village of Malton as the county town of Peel.

And whereas an act was passed in the year 1860, repealing all acts and proceedings relating to the selection of Malton as the county town, and providing for taking a vote of the electors, making it imperative on them to select one of three places as county town, viz.: Brampton, Malton, Streetsville; and also providing for taking a vote of the electors, for granting a sum of money for acquiring land and erecting thereon the county buildings.

And whereas a by-law was submitted to the electors to select one of the three places named as the county town, which resulted in Brampton being selected.

And whereas a by-law was submitted to the electors on the 1st of November, 1860, asking a sum of money to erect the county buildings, which by-law was defeated.

And whereas a great diversity of opinions exist in the county of Peel, whether a majority of the electors are favourable to granting a sum of money for the erection of county buildings in Brampton, or the repealing of all special acts relating to the separation of the county of Peel from the county of York, and all proceedings done thereunder, in order that this county may be placed in the same position that it occupied previous to the passing of the said special acts of separation from the county of York.

Therefore the Provisional Corporation enacts as follows:—

1. A vote of the municipal electors of the county of Peel shall be taken on the following questions:—"Shall the sum of $25,000 be granted for acquiring land and erecting county buildings thereon, in the village of Brampton;" or shall the Provisional Council request the legislature to repeal all special acts relating to the separation of the county of Peel from the county of York, and all proceedings done thereunder, and thereby restore this county to the same position it occupied prior to the passing of the special act in 1856.

2. That if, at the closing of the poll, a majority of the votes are recorded in favour of granting the sum of twenty-five thousand dollars, it shall be lawful for the Provisional Warden to cause debentures to be issued for such sums of money as may be required, and not to exceed the sum of twenty-five thousand dollars; said debentures to be made payable in five years from the issuing thereof, at the treasurer's office in the county of Peel. And in order to provide for the payment of the said debentures a special rate, in addition to all other rates

be levied in each year on all rateable property in the said county, for paying the interest and creating a sinking fund for the payment of the principal of the said debt.

3. Be it enacted, that the said election be held on the 14th day of April, 1862, at the hour of ten o'clock in the forenoon, for the several wards and incorporated villages in the said county of Peel, at the several places, and by the respective returning officers hereinafter named. That is to say:

TOWNSHIP OF ALBION.

4. Each returning officer shall provide a poll book, and he or his sworn deputy shall enter in two separate columns the words "Supplies," and "Union." Each returning officer shall opposite to such columns write the names of the electors offering to vote, and shall in each column in which is entered the word "Supplies" or "Union," for which such elector shall have voted, set the figure "1" opposite the voter's name, and shall at the close of the poll add up the number of votes polled for each question.

Each returning officer shall give at least ten days' previous notice of the taking of the said vote, by posting a copy of this by-law in at least four public places in the ward or incorporated village.

Each returning officer shall, on the day after the closing of the poll, return his poll book verified, to the clerk of the local municipality in which the poll was taken, and the clerks of the local municipalities shall forthwith return to the clerk of the provisional council the poll books so delivered to them.

All the provisions of the act respecting the municipal institutions of Upper Canada, so far as the same relates to the taking of a vote of the municipal electors on a by-law of a county council, shall as nearly as may be apply to the vote to be taken under this by-law.

## About County Debts.

There seems to be a misapprehension ith some persons in reference to a eparation of the Counties of York nd Peel, in regard to debts owing y the United Counties. It has been posi-ively stated by those whose opinions are ntitled to some consideration, that in case f the separation of Peel from York, this County would have to pay her portion of ll the debts of the United Counties, exist-ing at the time of the separation, the am[illegible] if she had continued in the Union. For example: The York Roads being now purchased by the United Counties, Deben-tures will be, or have been issued for the payment of the purchase money, as well as the stock they will be required to take with the roads, and interest on the whole. So long as we continue united with York, we will have to pay our portion of the tax for the redemption of those Debentures; and it is asserted by some that we will have to continue those payments until the whole debt be liquidated. This is a mistake.—The following extracts from the Municipal Act, Consolidated Statutes for Upper Canada, Cap. 54, will explain the manner in which such debts are to be arranged, and show that the above opinion is incorrect:—

SECTION 46.—After a Provisional Council has procured the necessary property and erected thereon the proper buildings for a Court-House and Gaol, the Council may enter into an agreement with the senior or remaining County or Counties for payment to such County or Counties of any part of the debts of the union as may be *just*, and for the determining the amount to be so paid, and the times of payment.

SEC. 47.—No member of the Provisional Council shall vote or take any part in the Council of the Union, on any question affecting such agreement, or the negotiation therefor.

SEC. 48.—In case the Councils do not then agree as to the amount or periods of payments, the matter shall be settled between them by arbitration under this Act; and the junior County shall pay to the senior or remaining County or Counties of the Union the amount so agreed upon or settled, and such amount shall bear interest from the day in which the Union is dissolved, and shall be provided for, like other debts, by the Council of the junior County, after being settled.

Yeas & Nays Were demanded 160 times in Settling where the county-town would be

We have often had occasion to speak of Mr. Blain in his public capacity, and we have deeply regretted that we have never, until the present occasion, been able conscientiously to give him a favorable word. We now gladly embrace the first opportunity to say a word in approval of Mr. Blain's public conduct. It was he that first put this claim in its proper position. He could not believe that the Council had broken faith with their officer, but as such a transaction had been intimated, he thought [illegible]ld be enquired into, and he therefore, moved [illegible] Committee be appointed to enquire into the relations between the Council and the Treasurer, and ascertain what obligations and responsibilities existed between them. Other members of the Council took the same view of the matter, and Mr. Howard's friends, rather than submit to such an enquiry, withdrew the application as soon as possible.

We believe Mr. Howard is a very good and efficient officer, and we know that he is abundantly paid for the services he performs. If he should withdraw his services from the County, there [illegible] be no doubt that as good a Tre[illegible] could be obtained at a lower salary. Those constant appeals for [illegible]money are very annoying, they

to wh[illegible]men for them.

Mr. Graham, whose heart was probably warmed by the liberal action of the Provisional Council, which with his assistance had granted him $400 to spend on a pleasure tour, was inleast half as liberal [illegible] the people's money to other parties. He introduced a measure to grant the sum of $200 to the Counties' Treasurer for extra services during the past year, in addition to his salary of $1800. It is pretty well known that Mr. Howard's salary far exceeds that of any other County treasurer in Upper Canada. We believe it is more than double that of any *one* treasurer, and we know it is more than double the salary of some treasurers who have more duties to perform [illegible]

and Peel. Yet not a session of the Council is allowed to pass without being bored with applications for additional remuneration, sometimes on one pretext and then on another, and there are always convenient tools like Mr. Graham to be found in the Council to urge this shameless begging. On this occasion the absurd plea was made that there was a previous promise of the Council that his salary should be $2000 a year. This assertion was maintained by others than Mr. Graham and even the Warden, who has been long enough in the Council to know better, made the extraordinary statement that in a court of law the Council would be compelled to pay Mr. Howard $2000 a year! This was putting the subject in a serious form, and we are glad to perceive it was disposed of in a proper manner.
